

Memorandum

CITY OF DALLAS

DATE April 27, 2018

TO Honorable Mayor and Members of the City Council

SUBJECT **Comprehensive Housing Policy**

Summary

This item presents the City of Dallas' (City) first comprehensive housing policy that provides for the creation and preservation of housing throughout Dallas, serving families at 30% to 120% of Dallas Area Median Income, and sets annual housing production goals for the next three years. This item provides for recommended changes to existing programs as well as the creation of new programs, tools and, more importantly, strategies for deployment of these programs through the designation of Reinvestment Strategy Areas to achieve the production goals.

Background

On March 12, 2017 the Dallas City Council Housing Committee established three goals for the development of a comprehensive strategy for housing: 1) Create and maintain available and affordable housing throughout Dallas, 2) Promote greater fair housing choices, and 3) Overcome patterns of segregation and concentrations of poverty through incentives and requirements.

In August 2017 the City of Dallas engaged The Reinvestment Fund to conduct a Market Value Analysis (MVA), which is an analytical tool used to assess the residential real estate market throughout the entire city to determine with granular detail where market strength, transition and stress exists. After briefing the City Council on the results of the MVA on January 17, 2018, eight (8) public town hall meetings were held to develop the recommendations presented here. The town hall topics were:

1. How Residential Development Gets Financed,
2. How to Reduce Development and Rehabilitation Costs,
3. How to Increase Access to Capital and Reduce Cost of Capital and
4. Programs, Tools and Strategies for Increasing Housing Production.

Each town hall provided stakeholders an opportunity to understand the housing challenges from the perspective of the major stakeholders including: lenders, including foundations and government sources of finance; consumers and neighbors; developers, builders, and contractors; and regulatory officials, such as zoning, building inspections, and code enforcement. The town halls were held both in person and through virtual telephone communications that aired on Spectrum Channel 95 and streamed online. The in-person town halls had a combined participation of ninety-four (94) individuals, many of whom also participated in the virtual town hall meetings. The virtual telephone town halls had a total of 38,690 participants for all four (4) meetings, of which 10,000 participated in

more than one town hall. A breakdown of participants by town hall, by district are posted on the Housing & Neighborhood Revitalization website. Calls and texts to participate in the virtual town halls went out to between 68,000 and 70,000 registered voters or persons who proactively registered for the town halls via the City website. Staff received overwhelmingly positive responses regarding the virtual town hall concept. It afforded participants the ability to both learn, ask questions, and provide input on a very personal topic without fear of judgment and personal attacks. Many participants expressed that they otherwise are not able to participate in City meetings because of work or family obligations or transportation limitations. Over 300 persons submitted their email addresses and asked to be kept informed as to the progress of the policy presentations to City Council committees and full City Council. The virtual town hall vendor captured and compiled all of the questions submitted by participants, which were processed through the appropriate City staff. All policy recommendations received through the calls and via the dedicated email address, housingpolicy@dallascityhall.com have been posted to the Housing and Neighborhood Revitalization Department and Dallascitynews.net web pages along with the town hall presentations. The outcome of public input helped shape the following ten (10) policy recommendations presented to the Economic Development and Housing Committee (Committee) on March 19, 2018:

- 1) Prioritize the development of new housing through the designation of Reinvestment Strategy Areas:
 - Redevelopment – Midtown, High Speed Rail, Wynnewood, Red Bird;
 - Stabilization – LBJ/Skillman, Vickery Meadow, Casa View, Forest Heights/Cornerstone Heights, East Downtown, The Bottom, Red Bird North; and
 - Emerging Markets – Southern Gateway, Pleasant Grove, University Hills,
- 2) Production Goals for homeownership (3,733) and rental (2,933) through the deployment of Notices of Funding Availability (NOFA) and Requests for Applications (RFA),
- 3) Percentages of families at various Income bands to be served in both homeownership and rental,

Table 1

Homeownership	% Total Units		HUD Area Median Income Dallas Metro	% Total Units	Rental
933	55%	Market Rate	120%	40%	587
1120			100%		587
1307	45%	Extremely Low, Very Low, Low Income	80%	60%	733
373			60%		440
			50%		293
			30%		293
Total: 3,733					Total: 2,933

- 4) Preservation of affordable housing through the addition of the Home Improvement and Preservation Program for both single and multi-family rental,
- 5) Preservation of affordable housing through the expansion of the owner-occupied rehabilitation program activities to include refinancing of home equity lines of credit, first or reverse mortgages,
- 6) Improve safety and perception of areas through the Targeted Homebuyer Assistance Program to attract law enforcement, teachers, and fire fighters into Reinvestment Strategy Areas,
- 7) Preserve Affordability or Deconcentrate RECAP through the designation of Neighborhood Empowerment Zones in Stabilization Areas and provide the following:
 - authorize a property tax freeze for up to ten (10) years for homeowners if they are making improvements to their property resulting in more than 25% increase in value,

- allow for development fee rebates (permits, planning, zoning, parkland dedication, landscape & tree mitigation),
 - allow Incentive Zoning/Density Bonuses to support the creation of mixed income communities,
 - allow Accessory Dwelling Units,
 - designate Homestead Preservation District overlay where applicable, and
 - authorize a voucher sub-lease program (Dallas Housing Finance Corporation and Dallas Housing Authority),
- 8) Create and preserve mixed income communities through the establishment of a Housing Trust Fund to originate loans or serve as credit enhancement to support the production goals and authorize staff to transfer a minimum of \$7 million in unencumbered fund balances from high performing TIFs, as well as \$7 million from Dallas Water Utility funding set aside to support developments,
- 9) If the proposed Redevelopment and Stabilization Strategy areas are approved, a non-contiguous Tax Increment Finance District will be recommended for areas not already located in an existing TIF District in order to leverage the use of the tool to support the development of additional for-sale and rental units, and
- 10) Create a Housing Task Force to work on legislative, state and federal issues, and review the Low-Income Housing Tax Credit Annual Qualified Allocation Plan

While the policy recommendations included extensive community input, the Chairman of the Committee requested that a special housing policy forum be held to gather additional stakeholder input on the above recommendations, and subsequently, that staff brief Council on May 2, and the adoption of the policy be placed on Council's voting agenda on May 9, 2018. On April 5, 2018 the Committee held the specially-called forum, which was attended by ninety-six (96) individuals, groups, and/or organizations. Of the four speakers registered on the agenda, only three (3) presented. They included: Opportunity Dallas, the Apartment Association of Greater Dallas, and the North Texas Community Development Association. Open microphone time was also allotted and included input from: Dallas Area Habitat for Humanity, West Dallas¹, the Inclusive Communities Project and the Texas Tenants' Union, along with individual citizens. Staff continued to receive written comments through April 13, 2018.

Not specifically identified in the recommendations but referenced in the Housing Policy Manual are various mandated federal rules that the City must follow and for which staff must ensure on-going compliance. These mandates include, Section 3 and Universal Design Guidelines, Residential Anti-Displacement and Relocation Assistance Plan, Environmental Reviews, Site and Neighborhood Standards, Lead Based Paint Requirements, Affirmative Fair Housing Marketing Policy, Community Housing Development Organization Certification Policies & Procedures, and Underwriting Standards for Developments and Homebuyers.

Issue

Dallas has a housing shortage of approximately 20,000 units. This shortage is driven by the cost of land and land development, labor and materials shortages, federal, state and local constraints, as well as, the single-family rental market which prevents equilibrium in the homeownership market. It is difficult to convert rental homes to homeownership because of the perception of the neighborhood, the condition of the housing stock once it's been in the rental market for a period of time and because income-producing property in a tight market will not be released by landlords until returns are diminished. This shortage is consistent with the overall national trend following the 2009 housing bust. While the housing market has seen a steady but slow recovery, job growth in the Dallas metro area attracted a population growth of about 2.9% that outpaced the growth in the supply of housing. Much of the single-family housing inventory converted to rental following the 2009 bust while 60% or more of the home sales in the three (3) years following were in the price range below \$249,999. In 2014 the housing market was in transition - the number home sales priced under \$249,999 decreased to less than 40% of the market and by 2017 nearly 58% of home sales were priced between \$300,000 and \$1 million. According to the Real Estate Center at Texas A&M University, while the volume of homes in Dallas only grew by 3.6%, the median sales price in Dallas grew by 9.1% in 2017.

These market conditions have led to an increase in both rental rates and sales prices in the overall market and 6 out of 10 families in Dallas are housing cost burdened, meaning they spend more than 30% of their income on housing due in part to wages not keeping pace with housing costs. Undoubtedly, families at lower income bands are more financially strained by these market conditions. Therefore, increasing production over a 3-year period and minimizing the regulatory barriers to overall market production is equally important. Furthermore, because this has made even deteriorated housing stock unaffordable, it makes the need for home repair programs more important than ever. Table 2 below shows annual production goals of 3,733 for homeownership units and 2,933 for rental units while still maintaining the 3-year historic average ratio of homeownership and rental percentages.

Beyond unit production, the City supports creating increased availability of housing for people at incomes ranging from 30% - 120% of the HUD Area Median Income, by incentivizing homeownership developments for families at 60% or higher AMI and rental developments that include rent restricted units for families at the full range of 30% - 120% of AMI. These targets are outlined in Table 1 above.

The income bands set the stage for financial forecasting of production, and the household size sets the maximum income for the household. However, the housing cost will always be limited to 30% of the household's actual income. For example, in order to qualify for a rental project with an efficiency unit set-aside for a 30% AMI, the household size must be no greater than 1 person and may not have income exceeding \$16,250 per year. As part of the Housing Policy, that individual would only pay 30% of his or her income, i.e. \$406 per month for rent and utilities. To the extent that the individual's income is less than \$16,250, then the 30% calculation of his or her housing cost is adjusted. Furthermore, in

the event the individual had a rental subsidy voucher, the Housing Policy will provide incentives to landlords to accept such vouchers. Tables 2 and 3 below illustrate the Dallas Metro Area limits for 2018 and an example of a voucher incentive.

Table 2

Persons in Family									
Median Family Income	FY 2018 Maximum Income Limit Category	1	2	3	4	5	6	7	8
\$ 77,200	up to 30% AMI	\$ 16,250	\$18,550	\$20,850	\$ 25,100	\$29,420	\$33,740	\$38,060	\$42,380
	31% - 50% AMI	\$ 27,050	\$30,900	\$34,750	\$ 38,600	\$41,700	\$44,800	\$47,900	\$51,000
	51% - 80% AMI	\$ 43,250	\$49,400	\$55,600	\$ 61,750	\$66,700	\$71,650	\$76,600	\$81,550
	30% Housing Cost Rent Category								
	up to 30% AMI	\$ 406	\$ 464	\$ 521	\$ 628	\$ 736	\$ 844	\$ 952	\$ 1,060
	31% - 50% AMI	\$ 676	\$ 773	\$ 869	\$ 965	\$ 1,043	\$ 1,120	\$ 1,198	\$ 1,275
	51% - 80% AMI	\$ 1,081	\$ 1,235	\$ 1,390	\$ 1,544	\$ 1,668	\$ 1,791	\$ 1,915	\$ 2,039

Note: Dallas Metro FMR Area

Table 3

Example:	Efficiency
FMR	\$1,100
Tenant contribution	\$ 406
Voucher	\$ 694
Voucher incentive	\$ 220

With this proposed strategy and policy, a developer will submit an application or a proposal for incentives through a competitive cycle and score points for how well the proposed development meets these targets. It is to be noted that these annual targets provide for 35% of the units to serve families at 60% or below AMI and 25% of the units at 80% of AMI, leaving 40% of the units as market rate units to create mixed income rental communities. The percentage targets will differ depending upon the type of market in which the developer is proposing to develop units and those will be outlined in the specific competitive solicitations.

This approach makes housing product available throughout the entire City and eliminates the patterns of concentration of poverty caused by policies that ignored market realities of root causes of disinvestment and affordability. In consideration of the limited resources available to the City, this policy and strategy tries to work from market strength and builds out towards the more stressed areas. Developing in the most stressed markets (G, H, I), is not financially viable because it requires a much deeper level of subsidies on the development side as well as the consumer side because the stressed markets lack all of the amenities that make an area attractive and desirable in an open and competitive market. Those areas require that the City invest in different interventions first in order to make those emerging markets ready for residential and commercial development. An exception to this rule occurs in G, H, and I markets when, because of their adjacency to

strong markets, they present a high risk of displacement. In those markets this policy recommendation is to focus on stabilization activities.

	For-sale (56%)		Rental (44%)
Annual unit production targets based on meeting 20k units over 3 years	3,733		2,933
120% of Dallas Area Median Income (DAMI)	933.3	25%	587
100% of DAMI	1,120.0	30%	587
80% of DAMI	1,306.7	35%	733
60% of DAMI	373.3	10%	440
50% of DAMI	-	0%	293
30% of DAMI	-	0%	293
	3,733.3		2,933

To assist in meeting the production goals throughout the reinvestment areas, staff recommends the implementation of the following programs and tools as illustrated in the below Table 4.

Table 4

	Proposed Type of Activities	Redevelopment Areas	Stabilization Areas	Emerging Markets	Citywide

Challenges

In addition to the recommendations included herein this memo, staff received and evaluated submittals from various individuals and organizations and determined that some of those recommendations needed to be added to the 2019 Legislative Agenda for the City of Dallas and that additional research should be conducted to develop a position. Those policy issues dealt with Homestead Preservation Districts and an Anti-Discrimination Statute based on Source of Income.

Several recommendations centered around making deep, concentrated investments in the deeper stressed markets. While the tiered approach supports this on some levels, it does not support residential real estate investments in those markets. Moreover, creating a market where there is not one requires that the first buyers or renters buy into a high-risk development where future investment may not come and appreciation may not occur. The City has many case studies where this has been the case. Specifically, the City has invested in developments where vacancy rates are high on both the residential and commercial side because there is not enough demand in that area to support the

development; these developments have declined in value instead of appreciated. Some of the recommendations assert that the MVA did not assess some of the market amenities such as schools in the deeper stressed markets. However, the best indicator of the value of the amenities in a market can be determined by the purchasing decisions of homebuyers in a market. The MVA takes the median sales prices into account and the standard deviation of those sales transactions. Therefore, the value of the amenities such as schools, parks, and other amenities homebuyers look for in an area are considered in the MVA.

The Community Housing Development Organizations (CHDOs) recommended the creation of an equity fund of \$20 - \$50 million to be set aside for them. Staff cannot support this because: 1) the funding would have to be raised from investors, 2) the development patterns of the CHDOs must change in order to comply with the City's affirmatively furthering fair housing plan so that they are not concentrating low income families in low income areas, and 3) based on the CHDOs track record, they are unable to demonstrate to investors an ability to deliver projects of significant scale on schedule and on budget and, therefore, they would not be able to provide an equity fund the returns required by the investors.

Several individuals and organizations recommended that the City adopt an ordinance prohibiting source of income discrimination or make changes to the City's Fair Housing ordinance. It appears that there is confusion about the City's Chapter 20A. **On October 19, 2016 the Dallas City Council amended Chapter 20A to prohibit source of income discrimination to the greatest extent permitted by state law.** Pursuant to the City's ordinance, a landlord commits an offense by refusing to rent or lease housing accommodations to a person based on the person's source of income, which is defined as "lawful, regular, and verifiable income from whatever source derived (including housing vouchers and other subsidies provided by government or non-governmental entities, child support, or spousal maintenance)." However, Texas Local Government Code Section 250.007 explicitly prohibits the City from enforcing this ordinance to the extent that it penalizes a landlord for refusing to lease or rent a housing accommodation to a person because the person's lawful source of income to pay rent includes *funding from a federal housing assistance program*. The state law does not prohibit the City from enforcing violations of the ordinance related to other forms of source of income discrimination. In 2017, the Inclusive Communities Project sued to overturn the state statute. The case is currently pending in Judge Sidney A. Fitzwater's Court in the Northern District of Texas. If and when the state law is overturned, 20A will broadly prohibit all source of income discrimination.

The use of Community Land Trusts was recommended as a way of making homeownership opportunities available to families below 50% of AMI. Land Trusts allow for a common ownership of land and common area amenities, with homebuyers owning the improvements only. This policy prioritizes building a market-quality product and then layering affordability for the end users so that there is real asset wealth building and no detrimental effect to the property tax base. The true test of value in real estate is resale value. This policy supports developments to the extent that the market already provides

for condo, townhomes, and garden home concepts that provide the same benefit as a community land trust where the developer can choose to structure the bylaws of that management entity so that it is controlled by a local non-profit or social service agency with experience in property management. This achieves the same outcome and minimizes issues with obtaining first mortgages.

Several advocacy groups commented that the policy does not provide enough units to the lower income bands, particularly those considered to be extremely low income by federal definition: incomes at or below 30% of AMI. While the City is including some production goals at low income (below 80% AMI), very low income (below 60% AMI) and extremely low income (below 30% AMI), it is the Dallas Housing Authority's (DHA) primary mission to provide housing for very low income and extremely low income housing. DHA receives dedicated funding to serve these families and the City's policy seeks to create opportunities to deconcentrate areas of poverty by encouraging the development of housing that serves the full range of incomes 30%-120% while taking into account financial realities. The resources are not unlimited.

Fiscal Impact

None. Projects will be sourced through competitive NOFAs and RFAs, and subsidy amounts will be determined based on the underwriting criteria outlined in the Comprehensive Housing Policy Manual and presented to City Council for approval.

Departments/Committee Coordination

The policy recommendation was coordinated through the public input process described above, and in coordination with the Department of Sustainable Development, Office of Economic Development, Office of Fair Housing and Human Rights, Parks and Recreation Department, Code Compliance Department, and City Attorney's Office.

Staff Recommendation

Staff recommends approval of the policy recommendations and amendments to programs as detailed in the attached City of Dallas Comprehensive Housing Policy and outlined here and take to vote on May 9, 2018.

AGENDA DATE: May 9, 2018
COUNCIL DISTRICT(S): All
DEPARTMENT: Housing & Neighborhood Revitalization
CMO: Raquel Favela, 671-5257
MAPSCO: N/A

SUBJECT

Authorize the (1) adoption of a new comprehensive housing policy (the “Housing Policy”), (2) existing housing strategies, tools and programs are incorporated into the comprehensive housing policy, (3) approval of any addition to, alteration or deletion of a strategy tool, or program included in the comprehensive housing policy via a resolution to amend the Housing Policy unless such addition, alteration or deletion is purely administrative in form and does not alter the stated goals, (4) Community Development Commission shall use the Housing Policy as a guide for developing all recommendations, including those related to HUD entitlement grants, (5) execute individual loans agreements, which includes loans exceeding \$50,000, without additional Council approval, (6) unspent funds from home repair activities (Major Systems Repairs, Emergency System Repair, and Home Rebate Improvement) may be used in the new Home Improvement and Preservation Program, and (7) Housing Policy to take effect immediately upon approval – Financing: No cost consideration to the City

BACKGROUND

On March 12, 2017 the Dallas City Council Housing Committee established three goals for the development of a comprehensive strategy for housing: 1) Create and maintain available and affordable housing throughout Dallas, 2) Promote greater fair housing choices, and 3) Overcome patterns of segregation and concentrations of poverty through incentives and requirements.

In August 2017 the City of Dallas engaged The Reinvestment Fund to conduct a Market Value Analysis (MVA), which is an analytical tool used to assess the residential real estate market throughout the entire city to determine with granular detail where market strength, transition and stress exists. After briefing the City Council on the results of the MVA on January 17, 2018, eight (8) public town hall meetings were conducted. The town halls were held both in person and through virtual telephone communications that aired on Spectrum Channel 95 and streamed online. The in-person town halls had a combined participation of ninety-four (94) individuals, many of whom also participated in the virtual town hall meetings. The virtual telephone town halls had a total of 38,690 participants for all four (4) meetings, of which 10,000 participated in more than one town hall. The outcome of public input helped shape ten (10) policy recommendations presented to the Economic Development and Housing Committee (Committee)

on March 19, 2018. An additional special housing policy forum was held on April 5, 2018 which was attended by ninety-six (96) individuals, groups, and/or organizations.

PRIOR ACTION/REVIEW (COUNCIL, BOARDS COMMISSIONS)

On March 19, 2018, the Economic Development and Housing Committee was briefed on the Housing Policy.

On May 2, the City Council was also briefed on the Housing Policy.

FISCAL INFORMATION

No cost consideration to the City.

MAP(s)

May 9, 2018

WHEREAS, the City Council passed a 5-signature memo requesting the development of a comprehensive housing policy; and

WHEREAS, on March 12, 2017, the Dallas City Council Housing Committee established three goals for the development of a comprehensive strategy for housing: (1) create and maintain available and affordable housing throughout Dallas, (2) promote greater fair housing choices, and (3) overcome patterns of segregation and concentrations of poverty through incentives and requirements; and

WHEREAS, the City of Dallas (City) engaged The Reinvestment Fund to conduct a market value analysis, a tool used to assess the residential real estate market; and

WHEREAS, based on the results of the Market Value Analysis, city staff is proposing a geographic prioritization among 3 reinvestment areas – Redevelopment Areas are Midtown, High Speed Rail, Wynnewood, and Red Bird; Stabilization Areas are LBJ Skillman, Vickery Meadow, Casa View, Forest Heights/Cornerstone Heights, East Downtown, The Bottom, West Dallas, and Red Bird North; and Emerging Markets Areas are Southern Gateway, Pleasant Grove, and University Hills; and

WHEREAS, the geographic strategies for overcoming concentrations of poverty and segregation focus on families at various income levels to provide incentives for those families that choose to move to neighborhoods with more opportunity but simultaneously helping those who wish to remain where they live to revitalize their communities with intensive city services to help connect these emerging market areas to transportation, infrastructure and other assets; and

WHEREAS, there is a housing shortage of 20,000 units in Dallas driven by land and development costs; construction costs, including labor and materials shortages; rent growth; the effects of federal, state and local regulation; as well as, the single-family rental market; and

WHEREAS, citywide production goals for homeownership and rental units for the next three years along with respective income bands that will be prioritized within the production goals (**Exhibit A**) will guide the City's efforts in reducing the housing shortage; and

WHEREAS, to be responsive to current market conditions, allocation of funds for new construction or acquisition and substantial rehabilitation of homeownership and rental units shall be conducted through the deployment of Notices of Funding Availability or Requests for Applications; and

WHEREAS, the addition of the Home Improvement and Preservation Program for both single and multi-family rental will help preserve affordable housing; and

WHEREAS, the City Council desires to allow unspent funds from home repair activities (Major Systems Repairs, Emergency System Repair, and Home Rebate Improvement) to be used in the new Home Improvement and Preservation Program; and

WHEREAS, the expansion of the owner-occupied rehabilitation program activities to include refinancing of home equity lines of credit and first or reverse mortgages will also preserve affordable housing; and

WHEREAS, the Targeted Homebuyer Assistance Program, which seeks to attract law enforcement, teachers, and fire fighters into Reinvestment Strategy Areas, will improve safety and perception of these areas and encourage additional reinvestment; and

WHEREAS, the designation of Neighborhood Empowerment Zones (NEZ) in Stabilization Areas and the use of specific strategies and tools in the NEZs will preserve affordability or deconcentrate racially and ethnically concentrated areas of poverty (RECAP); and

WHEREAS, the establishment of a Housing Trust Fund (HTF) and dedication of certain funds to the HTF will allow the HTF to originate loans or serve as credit enhancement to support the citywide production goals and create and preserve mixed income communities; and

WHEREAS, the creation of a non-contiguous Tax Increment Finance District for areas not already located in an existing TIF District will leverage the use of the tool to support the development of additional for-sale and rental units; and

WHEREAS, the creation of a Housing Task Force to work on legislative issues, including state and federal issues, and to review the Low-Income Housing Tax Credit Qualified Allocation Plan (QAP) will assist the City in implementing the comprehensive housing policy; and,

WHEREAS, the City recognizes the importance of having a comprehensive housing policy and desires to align the existing tools and programs with newly proposed strategies, tools, and programs that will ensure consistency amongst them and a baseline for a strategic approach for implementation; and

WHEREAS, the incorporation of existing housing strategies, tools and programs into the comprehensive housing policy, including Land Bank, which is administered by the Dallas Housing and Acquisition Corporation; the sale of lots to qualified non-profits pursuant to House Bill 110; Dallas Tomorrow Fund; Dallas Homebuyer Assistance Program and the Tenant Based Rental Assistance Program, will further the goals of the comprehensive housing policy; and

WHEREAS, the Department of Housing and Neighborhood Revitalization is not the only City department responsible for implementing the comprehensive housing policy and it is the desire of the City Council that all departments support

the implementation of the comprehensive housing policy by taking all necessary measures to implement the strategies, tools and programs identified in the comprehensive housing policy; and

WHEREAS, the Community Development Commission (CDC) is responsible for submitting to the city manager and city council a recommended list of priorities for the consolidated application for HUD entitlement grant funds, specific recommendations as to the use and allocation of HUD entitlement grant funds, and making recommendations concerning the creation or elimination of projects that affect the HUD entitlement grant fund budget, among other duties, and it is the desire of the City Council that the CDC support the implementation of the comprehensive housing policy by using the comprehensive housing policy as a guide for developing all recommendations, including those related to HUD entitlement grants; and

WHEREAS, it is in the best interest of the of the City of Dallas to adopt a comprehensive housing policy;

NOW, therefore,

BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF DALLAS:

Section 1. That the documents attached hereto and made a part of this Resolution entitled Comprehensive Housing Policy Manual (**Exhibit B**) are hereby adopted as the comprehensive housing policy.

Section 2. That existing housing strategies, tools and programs are incorporated into the comprehensive housing policy, including Land Bank, which is administered by the Dallas Housing and Acquisition Corporation; the sale of lots to qualified non-profits pursuant to the City's Land Transfer Program and House Bill 110; Dallas Tomorrow Fund; Dallas Homebuyer Assistance Program and the Tenant Based Rental Assistance Program, and that the Department of Housing and Neighborhood Revitalization, other city departments and the Land Bank (DHADC) shall use the comprehensive housing policy as a guide for administering existing strategies, tools and programs and developing new strategies, tools and programs.

Section 3. That the City Council must approve any addition to, alteration or deletion of a strategy, tool, or program included in the comprehensive housing policy via a resolution to amend the comprehensive housing policy, unless such addition, alteration or deletion is purely administrative in form and does not alter the stated goals and foci of the comprehensive housing policy.

Section 4. That the Community Development Commission (CDC) shall use the comprehensive housing policy as a guide for developing all recommendations, including those related to HUD entitlement grants.

Section 5. That the City Manager is hereby authorized to execute individual loan agreements (and other necessary documents), in accordance with the Downpayment Homebuyer Assistance Program and Home Improvement and Preservation Program, which includes loans exceeding \$50,000, without additional Council approval. Funds that support these program activities are encumbered annually pursuant to the Consolidated Plan Budget.

Section 6. That unspent funds from home repair activities (Major Systems Repairs, Emergency System Repair, and Home Rebate Improvement) may be used in the new Home Improvement and Preservation Program.

Section 7. That this Resolution shall take effect immediately from and after its passage in accordance with the provisions of the Charter of the City of Dallas, and it is accordingly so resolved.

BACKGROUND ON DEVELOPMENT OF THE POLICY

On March 12, 2017 the Dallas City Council Housing Committee established three goals for the development of a comprehensive strategy for housing: 1) Create and maintain available and affordable housing throughout Dallas, 2) Promote greater fair housing choices, and 3) Overcome patterns of segregation and concentrations of poverty through incentives and requirements.

In August 2017 the City of Dallas engaged The Reinvestment Fund to conduct a Market Value Analysis (MVA), which is an analytical tool used to assess the residential real estate market throughout the entire city to determine with granular detail where market strength, transition and stress exists. After briefing the City Council on the results of the MVA on January 17, 2018, eight (8) public town hall meetings were held to develop the recommendations presented here. The town hall topics were:

How Residential Development Gets Financed,
How to Reduce Development and Rehabilitation Costs,
How to Increase Access to Capital and Reduce Cost of Capital, and
Programs, Tools and Strategies for Increasing Housing Production.

Each town hall provided stakeholders an opportunity to understand the housing challenges from the perspective of the major stakeholders including: lenders, including foundations and government sources of finance; consumers and neighbors; developers, builders, and contractors; and regulatory officials, such as zoning, building inspections, and code enforcement. The town halls were held both in person and through virtual telephone communications that aired on Spectrum Channel 95 and streamed online. The in-person town halls had a combined participation of ninety-four (94) individuals, many of whom also participated in the virtual town hall meetings. The virtual telephone town halls had a total of 38,690 participants for all four (4) meetings, of which 10,000 participated in more than one town hall.

The outcome of public input helped shape the ten (10) policy recommendations presented to the Economic Development and Housing Committee (Committee) on March 19, 2018 and the strategies, tools and programs included in the Comprehensive Housing Policy.

CITY OF DALLAS PLANS

forwardDallas! Comprehensive Plan

The forwardDallas! Plan is Dallas' first citywide comprehensive plan to serve as the policy basis for land development decisions in the City, through reference in the Dallas Development Code. The plan contains eight policy elements: Land Use, Economics, Housing, Transportation, Urban Design, Environment, and Neighborhoods. It provides guidance on important land development considerations related to land use, transportation and economic development. Shaped by extensive community engagement and adopted by City Council in 2006, it envisions a future Dallas built around the core values of:

- Access to good education
- A safe city
- A healthy environment
- Job growth through investment in Southern Dallas
- Convenient transportation through choices in how to get around
- Quality of life through diverse housing, recreational, cultural and educational opportunities

A key initiative of the forwardDallas! Plan was a focus on "Making Quality Housing More Accessible." The plan acknowledged that, within the regional context, Dallas has the greatest range of housing needs and problems. It recommended development of a housing strategy aimed at increasing home ownership, diversifying housing stock and providing more opportunities for affordable housing, while sustaining existing neighborhoods.

The forwardDallas! Comprehensive Plan can be found at <http://dallascityhall.com/departments/pnv/strategic-planning/Pages/comprehensive-plan.aspx>.

Neighborhood Plus Plan

Adopted in 2015, the Neighborhood Plus Plan is a citywide neighborhood revitalization plan intended to update the forwardDallas Housing and Neighborhood elements. The Neighborhood Plus plan focused on the six strategic goals of:

- Creating a Collective Impact Framework
- Alleviating Poverty
- Fighting Blight
- Attracting and Retaining the Middle Class
- Increasing Home Ownership
- Enhancing Rental Options.

The Neighborhood Plus recommended a holistic approach to neighborhood revitalization and community building that goes beyond production of a limited number of publicly subsidized housing units, to encompass neighborhood quality, safety, mobility and access to education, jobs and health care. The Neighborhood Plus Plan also called for a neighborhood by neighborhood approach to improving quality of life and established the basis for identifying target areas to focus neighborhood revitalization efforts.

The Neighborhood Plus Plan can be found at <http://dallascityhall.com/departments/pnv/strategic-planning/DCH%20Documents/Web%20-%20Neighborhood%20Plus%20Plan%20-%20Adopted%2010-07-2015.pdf>.

Consolidated Plan Strategies

The Consolidated Plan is a five-year planning document required by HUD to carry out affordable housing and community development activities. City identified its priorities as follows:

REINVESTMENT STRATEGY AREAS

The Housing Policy provides for tiered Reinvestment Strategy Areas to address three (3) market types in need of City investment:

Redevelopment Areas:

A redevelopment area is characterized by a known catalytic project that has submitted a request for funding that shows preliminary viability and will begin within the next 12 months. The project as proposed must contain a housing component and must address the existing market conditions as identified in the MVA and must demonstrate a level of housing production supported through a third-party independent market analysis and show affordability to a mix of income bands.

Redevelopment Areas: Midtown, High Speed Rail, Wynnewood, and Red Bird.

Stabilization Areas:

Stabilization areas are characterized as G, H, and I markets that are surrounded by A-E markets and as such are at risk of displacement based on known market conditions including upcoming redevelopment projects. These areas are also where Incentive Zoning and Accessory Dwelling Units should be focused to allow for increased density.

Stabilization Areas: LBJ Skillman, Vickery Meadow, Casa View, Forest Heights / Cornerstone Heights, East Downtown, The Bottom, West Dallas, and Red Bird North.

Emerging Market Areas:

These markets are characterized as areas in need of intensive environmental enhancements, master planning and formalized neighborhood organization. In order to facilitate the creation of mixed income developments, the City recommends seeking designation as Neighborhood Revitalization Strategy Areas (NRSA's) through HUD in order to prepare the area for real estate investments in a 3 to 5-year time frame and provide flexibility of use of funds without income qualifications. trust in local government and aid staff in assessing the need for strategic partnerships.

Emerging Market Areas: Southern Gateway, Pleasant Grove, and University Hills.

PRODUCTION GOALS AND INCOME BANDS TO BE SERVED

Dallas has a housing shortage of approximately 20,000 units. This shortage is driven by the cost of land and land development, labor and materials shortages, federal, state and local constraints, as well as, the single-family rental market which prevents equilibrium in the homeownership market. It is difficult to convert rental homes to homeownership because of the perception of the neighborhood, the condition of the housing stock once it's been in the rental market for a period of time and because income-producing property in a tight market will not be released by landlords until returns are diminished. This shortage is consistent with the overall national trend following the 2009 housing bust. While the housing market has seen a steady but slow recovery, job growth in the Dallas metro area attracted a population growth of about 2.9% that outpaced the growth in the supply of housing. Much of the single-family housing inventory converted to rental following the 2009 bust while 60% or more of the home sales in the three (3) years following were in the price range below \$249,999. In 2014 the housing market was in transition - the number home sales priced under \$249,999 decreased to less than 40% of the market and by 2017 nearly 58% of home sales were priced between \$300,000 and \$1 million. According to the Real Estate Center at Texas A&M University, while the volume of homes in Dallas only grew by 3.6%, the median sales price in Dallas grew by 9.1% in 2017.

These market conditions have led to an increase in both rental rates and sales prices in the overall market and 6 out of 10 families in Dallas are housing cost burdened, meaning they spend more than 30% of their income on housing due in part to wages not keeping pace with housing costs. Undoubtedly, families at lower income bands are more financially strained by these market conditions. Therefore, increasing production over a 3-year period and minimizing the regulatory barriers to overall market production is equally important. Furthermore, because this has made even deteriorated housing stock unaffordable, it makes the need for home repair programs more important than ever. Table 1 below shows annual production goals of 3,733 for homeownership units and 2,933 for rental units while still maintaining the 3-year historic average ratio of homeownership and rental percentages.

Beyond unit production, the City supports creating increased availability of housing for people at incomes ranging from 30% - 120% of the HUD Area Median Income, by incentivizing homeownership developments for families at 60% or higher AMI and rental developments that include rent restricted units for families at the full range of 30% - 120% of AMI. These targets area are also outlined in Table 1 below.

Table 1

Homeownership	% Total Units		HUD Area Median Income Dallas Metro	% Total Units	Rental
933	55%	Market Rate	120%	40%	587
1120			100%		587

373			60%		440
			50%		293
			30%		293
Total: 3,733					Total: 2,933

HOMEOWNER PROGRAMS

Rehabilitation & Reconstruction of Owner-Occupied Homes

Provides an all-inclusive repair and rehabilitation program for single-family owner-occupied housing units. Home Improvement and Preservation Program (HIPP) will be offered as a repayment loan program to low and moderate-income homeowners, with the purpose of making needed improvements and preserving affordable housing. HIPP is designed to finance home improvements and address health, safety, accessibility modification, reconstruction and structural/deferred maintenance deficiencies. HIPP will enable homeowners to improve their housing while creating a positive effect in the community.

Eligibility

1. The property must be a single-family home.
2. The property must reside within the Dallas city limits and Applicant must have occupied the dwelling for at least six (6) months from date of application.
3. Applicant must be a U.S. Citizen or Permanent Resident, have a valid Social Security card and current Texas State issued identification card or Driver License.
4. Applicant must be current with the mortgage company meaning not more than thirty (30) days past due. (Except Accessibility Repair)
5. Property taxes must be current. Property taxes must not be delinquent for any tax year unless the homeowner has entered into a written agreement with the taxing authority outlining a payment plan for delinquent taxes and is abiding to the written agreement. (Except Accessibility Repair)
6. Applicant's annual gross income must be at or below the one hundred twenty percent (120%) of the Area Median Family Income (AMFI).
7. Standard property insurance, satisfactory to the City, must be maintained on the property (with coverage adequate to insure the City's lien position). If a property is located in a floodplain, flood insurance must also be maintained with coverage adequate to insure the City's lien position. (Except Accessibility Repair)
8. Applicant must certify that the home is not for sale and is their primary residence/homestead, as indicated per Dallas County Tax Records and utility records.
9. Title searches are obtained to evidence ownership of the property. (Except Accessibility Repair)
10. Applicants which received a Major Systems Repair loan in the last ten (10) years will be ineligible to participate.

Maximum Assistance Limits

For rehabilitation activities, the maximum amount of assistance provided shall not exceed forty-seven and half percent (47.5%) of the HUD HOME Value Limits for existing properties.

For reconstruction activities, the maximum amount of assistance provided shall not exceed seventy-five (75%) of the HUD HOME Value Limits for new construction. The Chief of Economic Development and Neighborhood Services may on a case by case basis administratively approve (without Economic Development and Housing Committee approval) additional assistance not to exceed ten percent (10%) above the maximum limit for any Owner-Occupied Rehabilitation or Reconstruction project under the following circumstances:

- To address outstanding repairs or necessary work to close out an existing project;

- The need to provide reasonable accommodations in accordance with the Americans with Disabilities Act or other local, state or federal law;
- Unanticipated costs deemed necessary to meet applicable City Codes;
- Unforeseen environmental issues; and
- Addressing issues that threaten life, health, safety and welfare of the public.

It should be noted that the Owner-Occupied Rehabilitation and Reconstruction establishes maximum per unit thresholds below the HUD required maximum per-unit dollar limitations established under HUD Section 234 Condominium Housing Limit. Thus, no individual project under this program can exceed these HOME maximum subsidy limits.

Terms of Assistance

The terms of assistance for the HIPP will be in the form of a loan based on the following schedule: 1) homeowners with incomes at or below sixty percent (60%) AMFI will receive a deferred, zero percent interest (0%) loan, 2) homeowners with sixty-one to eighty percent (61% - 80%) AMFI, will have a combination of deferred, zero percent interest (0%) loan and monthly installment payment plan as permissible through the underwriting, and 3) for homeowners with (81%-120%) AMFI, monthly installment payment with three percent interest (3%) loan will be offered.

If the home is vacated or leased during the term of the loan, then the loan shall be immediately due and payable, subject to the Resale/Recapture Requirement in Appendix 6. If the property is transferred through sale during the term of the loan, the balance shall also be immediately due and payable.

Credit Standards

Following are the credit standards for HIPP: 1) No Chapter 7 or Chapter 13 bankruptcy if primary or any mortgage is included as a secured creditor on the subject property for which the City or subrecipient will place a lien securing the loan. 2) Qualifying debt to income ratios are 30% on the front end and 43% on the back end.

Affordability Periods

Eligible rehabilitation and reconstruction activities will include all items necessary to bring the structure into compliance with the City's written rehabilitation standards and applicable local residential codes; including items recommended as necessary to preserve the property's structural integrity, historic integrity, weatherization, and quality of living conditions. The scope of work must address all major systems that have a remaining useful life for a minimum of 5 years at project completion, or the system must be rehabilitated or replaced as part of the scope of work. Major systems are identified as structural support (foundations); roofing; cladding and weatherproofing (e.g., windows, doors, siding, gutters); plumbing; electrical; and heating, ventilation, and air conditioning.

Improvements to, or demolition of an accessory structure such as detached garage, work shed, or small residential structure will be made on a case by case basis depending on the available budget, grant requirements, current building codes, health and safety concerns, and minimum occupancy requirements of residents of the property.

Amount of Assistance	Term
Less than \$5,001	5 Years
\$5,001 to \$50,000	10 years

Over \$50,001	15 years
Reconstruction Only	20 years

Assistance to remove of any items from the property that are considered to be dangerous, hazardous, or a violation of local code are eligible in conjunction with the rehabilitation of the property.

Assistance may not be used for the purchase or repairs of appliances (except for energy efficient window units) or renovations not necessary to bring the home up to local code or property standards. Unnecessary renovations include but are not limited to luxury items (granite counter tops, swimming pools, spas, high end fixtures); tree trimming; fences; and landscaping.

Accessibility Repairs

Rehabilitation less than \$10,001 is considered a minor repair and federal funds may be used to perform strictly accessibility modifications. Assistance in the form of a one-time grant not to exceed \$10,000 shall exclude environmental and administrative soft costs necessary to engage the client and property.

Mortgage and Refinancing

Assistance may be provided to an Applicant who has an existing mortgage or equity loan if the total debt, including mortgage/equity loan balance and all rehabilitation costs do not exceed 100% of the after-rehabilitation value of the property. The City deferred loan may be subordinate to the existing mortgage or equity loan.

Refinancing of an existing mortgage, equity loan, or liens from lot clearance/demolition is an eligible refinancing expense up to \$10,000. The total debt, including refinanced amount and rehabilitation costs, cannot exceed 100% of the after-rehabilitation value of the property. Refinancing of revolving loan accounts, vehicles, credit card debt, or property taxes are NOT allowable refinancing expenses.

Heirs

A loan may be transferred to the heir(s) of the borrower if the heir(s) are income qualified and utilize the assisted property as their primary residence whether the loan is still within the period of affordability or not. If the heir(s) do not meet the income requirements of the program, the remaining balance of the loan is due immediately and payable in full if the loan is still within the period of affordability. If the property is not within the period of affordability and the heir(s) are not income qualified or do not utilize the property as their primary residence, the City or Sub-recipient may make payment arrangements with the heir(s) at an interest rate between zero (0) and three percent (3%).

Dallas Homebuyer Assistance Program

Provides homeownership opportunities to low and moderate income homebuyers through the provision of financial assistance when purchasing a home, in accordance with federal, state and local laws and regulations.

Eligibility

Applicants to homebuyer programs must meet the following criteria:

1. Property must be located in the city limits of Dallas.
2. Applicant's projected annual income must be no less than 40% of Area Median Income, but not exceed 120% of the Area Median Income, adjusted for household size, at the time of application to the program.
3. Applicant must have acceptable credit. High cost or sub-prime loans, adjustable rate mortgages, interest only loans are not allowed.
4. Applicant household must be U.S Citizens or legal residents and possess a valid social security card.
5. Property to be purchased must be primary residence of Applicant.
6. Applicant must attend an 8-hour homeownership education class from a HUD certified counseling agency within 12 months of application for assistance.
7. Applicant must make a minimum initial cash investment of \$1,000 toward purchase of home.
8. Home must meet federal and local requirements, including Minimum Housing Standards, Environmental Review, and international residential code.

Eligible Properties

The property can be privately or publicly owned prior to sale to the Applicant. The property must be within the Dallas city limits and meet City building codes, lead based paint requirements, and environmental standards at the time of initial occupancy.

The property must contain adequate living and sleeping space for the applicant household as verified by the property appraisal, site visit, and/or Dallas Appraisal District Data. The property can be an existing property, or it may be newly constructed. The property can be:

- Single-family property (one unit)
- Two to four unit property (Assistance provided for the unit to be occupied as the purchaser's principal residence); or
- Condominium or cooperative unit

All Homebuyer Programs require an appraisal and can be provided by the first mortgage lender. The appraisal value of an assisted property to be acquired for this activity cannot exceed the HOME Value Limit for Dallas. This limit is updated annually. The sale price of an assisted property may not exceed the "Appraised Value".

Affordability Periods

The residence must remain affordable for a certain period of time, which is dependent on the amount of funds invested. The City's recapture provisions will apply.

Amount of Funds	Required Affordability
Less than \$15,000	5 Years
\$15,000 to \$40,000	10 Years
Over \$40,000	15 Years

HOME Program Recapture/Resale Requirements

These requirements can be found in Appendix 6.

Eligible Expenses

Homebuyer Programs may include any of the following activities: principle reduction, down payment and closing cost assistance. If the house is sold before the required affordability period has elapsed, the assistance funds must be recaptured.

Terms of Assistance

The assistance for the Dallas Homebuyer Assistance Program will be offered in the form of a deferred, zero percent interest (0%) loan. If the home is vacated or leased during the term of the loan, then the full loan shall be immediately due and payable in accordance with the Resale/Recapture Requirements in Appendix 6. If the property is transferred through sale during the term of the loan, the balance shall also be immediately due and payable.

Credit Standards

Following are the credit standards for homebuyer programs:

- No Chapter 7 or Chapter 13 bankruptcy if primary or any mortgage is included as a secured creditor on the subject property for which the City or subrecipient will place a lien securing the loan.
- Qualifying debt to income ratios are 30% on the front end and 43% on the back end. With compensating factors, the City will allow 33% on the front end and 45% on the back end.
- Maximum loan is up to the 1st lien holder's approval of Complete Loan to Value (CLTV).
- Predatory lending describes lending practices that take advantage of clients by charging usurious interest rates or excessive fees and penalties. Loans will not be made with an interest rate more than 2% above the prevailing market rate.

Heirs

A loan may be transferred to the heir(s) of the borrower if the heir(s) are income qualified and utilize the assisted property as their primary residence whether the loan is still within the period of affordability or not. If the heir(s) do not meet the income requirements of the program, the remaining balance of the loan is due immediately and payable in full if the loan is still within the period of affordability. If the property is not within the period of affordability and the heir(s) are not income qualified or do not utilize the property as their primary residence, the City or Sub-recipient may make payment arrangements with the heir(s) at an interest rate between zero (0) and three percent (3%).

Refinancing

Refinancing for better rate and term is permitted. Refinancing of revolving loan accounts, vehicles, credit card debt, or property taxes are NOT allowable refinancing expenses. Cash out are also NOT allowed.

Homebuyer Incentive Programs

Targeted Area Incentive Program Only

Assistance is provided for existing properties to individuals willing to purchase homes within one of the targeted areas, with the requirement of only having to repay 25% of the actual loan amount at 0% interest and the balance is due at the time of resale.

Targeted Homebuyer Incentive Program Only

This program offers further incentives for schoolteachers, police officers, emergency medical technicians, and firefighters. Repayment of loan shall be only upon re-sale or refinance, contingent on meeting a 10-year owner occupancy requirement.

LANDLORD PROGRAMS

Rental Rehabilitation and Reconstruction

Provides an all-inclusive repair and rehabilitation program for single-family (1-4) rental units. The Home Improvement and Preservation Program (HIPP) expands to offer a repayment loan program to landlords which lease to low income household, with the purpose of making needed improvements and preserving affordable housing. HIPP is designed to finance home improvements and address health, safety, accessibility modifications, reconstruction and structural/deferred maintenance deficiencies.

Eligibility

- The property must be a single-family home (1-4 units). Properties with over 5 units are not eligible for rehabilitation assistance under this program.
- The property must reside within the city limits of Dallas.
- Applicant must lease the unit to a household with an annual gross income at or below the eighty percent (80%) of the Area Median Family Income (AMFI).
- Applicant must provide evidence of property ownership. Additionally, City shall require a title search to verify whether liens or deed restrictions exist.
- Applicant and tenants must be a U.S. Citizen or Permanent Resident, have a valid Social Security card, and current Texas State issued identification card or Driver License.
- Applicant must be current with the mortgage company meaning not more than 30 days past due.
- Property taxes must be current. Property taxes must not be delinquent for any tax year.
- Tenant household's annual gross income must be at or below the 80% of the Area Median Income.
- Standard property insurance, satisfactory to the City, must be maintained on the property (with coverage adequate to insure the City's lien position). If a property is located in a flood plain, flood insurance must also be maintained with coverage adequate to insure the City's lien position.
- Applicant must adhere to the City Code Section 20-A and comply with HUD rent limits.

Maximum Assistance Limits

For rehabilitation activities, the maximum amount of assistance provided shall not exceed 47.5% of the HUD HOME Value Limits for existing properties.

For reconstruction activities, the maximum amount of assistance provided shall not exceed 75% of the HUD HOME Value Limits for new construction. The Chief of Economic and Neighborhood Services may on a case by case basis administratively approve (without Housing Committee approval) additional assistance not to exceed 10% above the maximum limit for any Rental Rehabilitation or Reconstruction project under the following circumstances:

- To address outstanding repairs or necessary work to close out an existing project.
- The need to provide reasonable accommodations in accordance with the Americans with Disabilities Act or other local, state or federal law;
- Unanticipated costs deemed necessary to meet applicable City Codes;
- Unforeseen environmental issues; and
- Addressing issues that threaten life, health, safety and welfare of the public.

It should be noted that the Rental Rehabilitation and Reconstruction establishes maximum per unit thresholds below the HUD required maximum per-unit dollar limitations established under HUD Section 234 Condominium Housing Limit. Thus, no individual project under this program can exceed these HOME maximum subsidy limits.

Terms of Assistance

The terms of assistance to Applicants of Rental Repair and Rehabilitation will be in the form of a three percent (3%) interest rate loan. If the landlord does not comply with the requirements set out in this program, including but not limited, leasing to a household over eighty percent (80%) AMFI, then the full loan shall be immediately due and payable in full. If the property is transferred through sale during the term of the loan, the balance shall also be immediately due and payable in full.

Credit Standards

Following are the credit standards for HIPP:

- No Chapter 7 or Chapter 13 bankruptcy if primary or any mortgage is included as a secured creditor on the subject property for which the City or subrecipient will place a lien securing the loan.

Eligible Rehabilitation and Reconstruction Scope

Eligible rehabilitation and reconstruction activities will include all items necessary to bring the structure into compliance with the City's written rehabilitation standards and applicable local residential codes; including items recommended as necessary to preserve the property's structural integrity, historic integrity, weatherization, and quality of living conditions. The scope of work must address all major systems that have a remaining useful life for a minimum of 5 years at project completion, or the system must be rehabilitated or replaced as part of the scope of work. Major systems are identified as structural support (foundation); roofing; cladding and weatherproofing (e.g., windows, doors, siding, gutters); plumbing; electrical; and heating, ventilation, and air conditioning.

Improvements to or demolition of an accessory structure such as detached garage, work shed, or small residential structure will be made on a case by case basis depending on the available budget, grant requirements, current building codes, health and safety concerns, and minimum occupancy requirements of residents of the property.

Amount of Assistance	Term
Less than \$5,001	5 Years
\$5,001 to \$50,000	10 years
Over \$50,001	15 years
Reconstruction Only	20 years

Assistance to remove of any items from the property that are considered to be dangerous, hazardous, or a violation of local code are eligible in conjunction with the rehabilitation of the property.

Assistance may not be used for the purchase or repairs of appliances (except for energy efficient window units) or renovations not necessary to bring the home up to local code or property

standards. Unnecessary renovations include but are not limited to luxury items (granite counter tops, swimming pools, spas, high end fixtures); tree trimming; fences; and landscaping.

Refinancing

Refinancing of an existing mortgage, equity loan, or liens from lot clearance/demolition is an eligible refinancing expense up to \$10,000. The total debt, including refinanced amount and rehabilitation costs, cannot exceed 100% of the after-rehabilitation value of the property. Refinancing of revolving loan accounts, vehicles, credit card debt, or property taxes are NOT allowable refinancing expenses. Cash out is also not permissible.

TENANT PROGRAMS

Tenant Based Rental Assistance

The purpose of this program is to provide supplemental financial assistance to displaced tenants as a result of the High Impact Landlord Initiative (HILI) to pay the difference between the cost of rent and the actual affordable amount that the tenant can pay. The program shall be operated on a first come first serve basis. Only HOME funds can be used to fund Tenant Based Rental Assistance (TBRA) programs. This is not an eligible activity under the Community Development Block Grant (CDBG) Program.

Eligible Uses

Eligible costs include: Subsidy is based on the amount of the rent, household income and City rent standard in a form of a grant. Covered expenses include:

- Rent supplemental financial assistance:
- Utility costs
- Security deposits
- Utility deposits
- Maximum assistance of 24 months
- May provide security deposit and utility deposit assistance upon exiting the program for a permanent unit

No payments will be made directly to the tenant household.

Prohibited Uses

City of Dallas HOME TBRA funds may not be used to assist tenants in conjunction with homebuyer programs, including lease purchase programs.

Eligible Units

Eligible tenants may rent any housing that meets the following criteria:

- Located in Dallas City Limits
- Meets Minimum Housing Quality Standards
- Reasonable rents are charged
- Are not public housing projects, or receiving project based federal assistance

Subsidy Amounts and Tenant Contribution

Maximum Subsidy: Maximum assistance that can be provided is the difference between 30% of the household's adjusted monthly income and the payment standard.

Minimum Tenant Contribution: All tenants are required to pay 30% of their monthly adjusted income, or \$20.00 per month, whichever is greater.

Length of Assistance: Assistance will not be provided for a period of time longer than two years, and minimum of one-year lease.

Other Tenant Requirements

Agencies administering TBRA programs may require tenant participation in a self-sufficiency program as a condition of rental assistance.

A legitimate, legal lease is required for program participants.

Income Recertification

Income of tenants receiving HOME tenant based rental assistance must be re-certified on an annual basis, at a minimum. City staff may require recertification of tenant income at any time, at the City's discretion, if it appears that a tenant's income has changed substantially during the contract term. If the tenant's income exceeds eighty percent (80%) of Area Median Family Income, HOME assistance must be terminated.

Payment Standard

The HOME payment standard will be the Small Area Market Rent, annually established and published by the US Department of Housing and Urban Development.

Termination of Assistance

HOME assistance may be terminated if the following occurs:

- Household's income exceeds eighty percent (80%) of Area Median Income;
- Household is evicted from the approved unit by owner for cause;
- After receipt of two official notices requesting cooperation in the re-certification process, the household is unresponsive and uncooperative.

In all cases above, thirty days' notice of the termination must be provided to the tenant and landlord.

DEVELOPER PROGRAMS

New Construction and Substantial Rehabilitation Program

The purpose of this program is to provide financial assistance to new developments or substantial rehabilitation developments, where such assistance is necessary, and appropriately incentivize private investment for the development of quality, sustainable housing that is affordable to the residents of the City.

Funds may be used for projects to: 1) build new single-family with 5 or more homes, 2) build new multi-family rental housing with 5 or more units, or 3) substantially rehabilitate multi-family rental housing greater than 5 units. The City shall award, when funds are available, through a competitive Notice of Funding Availability (NOFA) or Request for Applications (RFA) process in accordance with the program's scoring policy.

Eligibility

To be eligible for funding under the New Construction and Substantial Rehabilitation Program assistance the proposed project must meet all of the following basic criteria:

- Project must consist of 5 or more units located within the municipal boundaries of the City of Dallas. Note: Extra Territorial Jurisdictions areas are not eligible for financial assistance.
- Substantial rehabilitation projects must, at a minimum, meet the substantial rehabilitation test

In addition to fully meeting the City's minimum code requirements, a project must meet one or more of the following Substantial Rehabilitation threshold tests:

- Replacement of two or more major building components (roof; wall or floor structures; foundations; plumbing, central HVAC or electrical system); or
- costs are 15% or more, exclusive of any acquisition and/or acquisition and development soft costs, of the property's replacement cost (fair market value) after completion of all required repairs, replacements and improvements; or
- rehabilitation hard costs are \$10,000 or more per unit.

The after-rehabilitation rents required to effectively support the property, including the additional rehabilitation project debt service, must be:

- Reasonable, and fall within the underwriting standards; and
- Affordable and meet the City's definition of affordability.

Owners must exhibit a cash equity participation of at least 10% in the rental property proposed for rehabilitation. Note: Housing tax credits proceeds are to be treated as equity.

Loan Terms

Financial assistance can be provided in the form of a repayable loan with scheduled payments or, if the project involves housing tax credits, a surplus cash loan. The City loan is fully repayable, and the interest rate varies by the type of Borrower. The interest rate for a qualified CHDO Borrower or Sponsor shall be zero percent (0%) simple annual interest. The interest rate for a qualified nonprofit Borrower or Sponsors shall be one percent (1%) simple annual interest. The base interest rate for all other Borrowers shall be three percent (3%). However, the 3% base rate can be reduced through a combination of one or more Borrower concessions:

- A Borrower guarantee to make annual interest payments will reduce base interest rate by 1%;
- Borrower agreement to limit loan maturity to 20 years or less reduces base interest rate by 1%; or
- Borrower guarantee of annual interest and principal payments reduces base interest rate by 2%.

The Borrower can combine a) and b) above to reduce the 3% annual simple interest base interest rate by 2% to the 1% annual simple interest floor rate. However, in no instance can the floor interest rate be less than 1% annual simple interest for a Borrower in this category.

Repayment of loan principal and interest should be either:

- Equal monthly installments over a period of up to 300 months if the project does not involve housing tax credits. Subject to City review and approval, multi-family projects may have up to 24 months (in addition to the above stated maturity of 300 months) of deferred principal and interest during a construction and lease-up; or,
- An annual surplus cash payment, when the project involves housing tax credits. The City's surplus cash loans funding will be structured with note provisions requiring that at least 50% of Eligible Cash in excess of \$50,000 be paid annually to subordinate lenders (including funding partners and related parties) on a prorated basis.

Eligible Cash shall be defined as: Surplus cash available for partnership distribution, less any outstanding:

- Credit adjusters
- Asset management fees
- Operating reserve account replenishment
- Limited partner loans that have been approved by the City
- Deferred developer fees
- Supplemental replacement reserve deposits approved by the City

Note: Incentive management fees have been deliberately omitted from the above list. Payment of incentive management fees shall be subordinate to repayment of the City's loan(s).

Additional Requirements for New Construction Development

For new construction housing developments funded by the City, the maximum subsidy per unit is 22.5% of the HUD HOME Value Limit.

Funding will be provided to Community Housing Development Organizations, governmental entities, or public facility corporations at 0% simple interest, which will be forgiven upon sale of the property to home buyer.

In addition, funding will be provided to other qualified non-profit organizations at 1% simple interest, which will be forgiven upon sale of the property to home buyer.

Projects shall submit, on an annual basis, either HUD Form 93489 (HUD Computation of Surplus Cash), or the City's form, with the project audit. The City will invoice the project, allowing for repayment to occur up to the end of the current calendar year when HUD financing is involved. Otherwise, the surplus cash payment will be due within 45 days of the invoice postmark. Late payments will be assessed a 5%

late charge. The loan will be in default if payments are more than 75 days late. The default interest rate shall be 500 basis points (5%) over the note interest rate.

The City multi-family rental loan is limited to only the amount necessary to fully fund the required rehabilitation work, not to exceed nine percent (9%) of the annual HUD Section 234 – Condominium Housing Limits in Dallas, Texas for elevator units (by number of bedrooms per unit). In 2018, the annual limits were as follows:

Efficiency - \$58,787
1 Bedroom - \$67,391
2 Bedroom - \$81,947
3 Bedroom - \$106,013
4 Bedroom - \$116,369

Note: The above table is only valid for 2018 and is otherwise provided for illustrative purposes. Contact the City's Housing Department for a schedule of current HUD 234 Limits.

Affordability Period Requirements for All Rental Housing Development and Substantial Rehabilitation Loans

The Period of Affordability (income and rent restrictions) applies to both single-family and multi-family rental housing projects. Affordability periods shall be set as follows, in keeping with HUD requirements.

Amount of CDBG or HOME funds Per Unit	Minimum Period of Affordability
Under \$15,000/ Unit	Five (5) years
\$15,000 - \$40,000/ Unit	Ten (10) years
Over \$40,000 or rehabilitation involving refinancing	Fifteen (15) years
New construction of Rental Housing	Twenty (20) years

Conditions of All City Loans

- The property must be residential rental property under the existing ownership for the entire loan term. If the property is transferred by any means during the loan term, the remaining unforgiving portion, plus interest based on the existing market, will become immediately due and payable;
- The Borrower must maintain the property according to the Dallas Unified Building Code and agrees to allow City personnel to annually inspect the property;
- The Borrower provides evidence of having paid annual property taxes and having secured fire and extended insurance coverage for the property;
- Borrower must annually provide the City of Dallas with the information on rents and occupancy of HOME-assisted units to demonstrate compliance with the affordability rent requirements;
- The Borrower must maintain reserves for maintenance; and
- No further assistance during the affordability period term of the loan, whichever is longer.

The City loan will be secured by a lien on the property. The lien position will be no less than a second, except upon approval of the appropriate City Department Director, subordinate only to a private financial institution's superior lien for a loan in a greater amount. The City may also require additional security for its loan, including, but not limited to, a first lien position on other investment property of the owner, as well as personal and/or corporate guarantees if it is necessary to secure the loan.

The terms of payment will continue throughout the entire term of the note, provided the Borrower complies with each and every term and condition of the loan documents. If the Borrower does not comply, or if the borrower at any time defaults under the terms of the note, interest on the unpaid principal will thereafter:

- accrue at a rate that is 500 basis points over the Note interest rate, and
- be immediately payable in addition to the entire outstanding principal amount

Financial Structuring

GAP Financing

The City deferred debt (deferred forgivable or surplus cash) only be used for and based upon the financing gap on affordable units. The City loan cannot exceed the financing gap.

Balloon Mortgages

Ballooning senior debt mortgages may require additional mitigating factors depending on overall project sources and uses, projected loan-to-value, and other risk factors. Under no circumstances will the City participate in a transaction where a senior balloon term is less than 15 years.

Surplus Cash Mortgages

The City's surplus cash loans funding will be structured with note provisions requiring that at least 50% of Eligible Cash in excess of \$50,000 be paid annually to subordinate lenders (including funding partners and related parties) on a prorated basis.

Eligible Cash shall be defined as:

- Surplus cash available for partnership distribution, less
- Any outstanding:
- Credit adjusters
- Asset management fees
- Operating reserve account replenishment
- Approved limited partner loans
- Deferred developer fees
- Approved supplemental replacement reserve deposits

Projects shall submit, on an annual basis, either HUD Form 93489 (HUD Computation of Surplus Cash), or the City's form, with the project audit. The City will invoice the project, allowing for repayment to occur up to the end of the current calendar year when HUD financing is involved and general HUD distribution guidelines. Otherwise, the surplus cash payment will be due within 45 days of the invoice postmark. Late payments will be assessed a 5% late charge. The loan will be in default if payments are more than 75 days late. The default interest rate shall be 500 basis points (5%) over the note interest rate.

Appraisal Requirements

Projects Receiving City First Mortgage Acquisition Financing

Prior to funding commitment, the borrower must provide a completed Appraisal Request Form for City-Ordered Appraisals by the date specified in the City's notice of funding award, unless the development is exempt from the appraisal requirement as described below. The establishment of the date will take into account the applicable funding source commitment deadline and the Borrower's project timeline.

Developments exempt from the prior to commitment appraisal requirement:

- Acquisition price under \$100,000
- Land only where there is no identity of interest. Identity of interest is used broadly to include non-arm's length transactions, related-party transactions, etc.
- Single family homes (1-4 family structures) that are aggregated under one loan
- The Borrower has provided a Market Study
- The Project is HUD 202 or HUD 811 with a funding reservation

Note: Whenever a project is exempt under one of the above provisions, the City will use assessed value unless the borrower requests an appraisal for determining acquisition cost as defined in these Underwriting Standards.

The cost of appraisals must be borne by the Borrower. All costs incurred for the appraisal, and any revisions, will be the responsibility of the applicant. The City will collect the appraisal costs from its loan proceeds at closing.

Appraisals ordered by the Borrower will not be accepted. All appraisals must be ordered by the City, HUD or a designated HUD MAP lender, Fannie Mae or a designated Fannie Mae Delegated Underwriter Services (DUS) lender or a regulated financial institution.

An Agency ordered appraisal will be used to support the acquisition costs identified at the time of application. The appraised value will be used by the City and its funding partners in underwriting the acquisition cost.

An As-Is Appraisal:

Land Only for New Construction: Fee simple value of the land. The market value appraisal will consider the real property's zoning as of the effective date of the appraiser's opinion of value. If the real property consists of more than one parcel, the parcels will be combined in one appraisal with one value conclusion.

Acquisition/Rehab:

Fee simple "as-is" value of the existing multi-family property assuming market rate rents. Fee simple, in "as-is" condition, with existing restricted rate rents.

Adaptive Re-Use:

Fee simple market value of the property to be adapted for an alternate use. The valuation will assume the highest and best use permitted by law and economically feasible in the current market.

Prior to Closing – Scheduled Payment Loans:

For scheduled payment loans, an as-completed appraisal is required to establish loan to value. An "as-completed and stabilized" appraisal is required for all amortizing loans.

Two hypothetical values are required:

- As completed and stabilized, subject to restricted rents
- As completed and stabilized, assuming market rate rents

The lesser of the two values will be used to determine loan to value for the City's underwriting. The City will finance no more than 87% of appraised value (85% for loans with \$15,000 per unit or less in rehabilitation). Plans and specifications must be sufficiently complete for the appraiser

to establish the “as completed” value. The appraisal must be conducted no more than six months prior to closing or end loan commitment (or the borrower will be required to pay for an appraisal update).

Prior to Closing- Deferred Loans:

For non-amortizing loans, the City requires an appraisal prior to closing similar to that required for amortizing loans (above). Borrowers may use another lender’s appraisal. Non- Amortizing developments exempt from the prior to closing appraisal requirement include:

- Single family homes (1-4 family) that are aggregated under one loan (the City will use assessed value unless the Borrower requests an appraisal for determining acquisition cost as defined in the Borrower’s Underwriting Standards.)

Loan Conditions

As a condition of the City Loan, the Developer must agree:

- To rent these properties in accordance with Affirmative marking standards and the current HUD Section 8 rental income guidelines for the Period of Affordability and the federal equal housing opportunity requirements in the Fair Housing Act.
- Not discriminate on basis or race, religion or national origin.
- Not discriminate against lower income prospective tenants, solely on the basis of their receipt of Section 8 Housing assistance support.
- Not convert the property to condominiums for the duration of the public note.
- To maintain the property in a safe, sanitary and decent condition, in compliance with the City of Dallas Building Codes throughout the term of the public sector note.
- To provide evidence of having paid annual property taxes and secured fire and extended insurance coverage for the property.
- Comply with Annual Re-certification of tenant’s annual income, which means each year the property owner must document the income of the tenant by reviewing documents such as W-2’s, pay stubs, etc. in order to ensure that their income meets the low-income requirements.
- To a property inspection one (1) year after the rehabilitation and every two (2) years thereafter during the period of affordability. The owner must agree to cooperate with and assist in this inspection effort, and to resolve all deficiencies cited within the designated correction period allotted.
- To pay real property taxes and maintain adequate fire and extended coverage insurance with City named as co-insured on the subject property for the full term of the loan. The City will require owner to provide documentation of tax payment and insurance coverage on an annual basis.
- To adhere to Lead-Based Paint Abatement guidelines for all properties built 1978 and before.

The City will examine the sources and uses for each project and determine whether the costs are eligible and reasonable, the return to the developer is appropriate (not excessive); and the other sources of funds needed for the project are firm commitments. “Reasonableness” of development costs should be based on the following factors:

- Costs of comparable projects in the same geographical area;
- Qualifications of the cost estimators for the various budget line items; and
- Comparable costs published by recognized industry cost index services

Failure to comply with any of the conditions outlined above will constitute a default of the public sector loan, requiring the balance to become immediately due and payable.

During the term of the public sector loan, if the property is sold, or ownership transferred through any means, then the balance of the note then owing, including the remaining deferred forgivable portion is immediately due and payable in full.

For HOME projects, a determination of fixed or floating HOME units must be made at the time of Loan commitment. Fixed units must remain the same throughout the period of affordability. Floating units may change in order to maintain conformity so that the total number of units meet the required number of bedrooms to the originally designated HOME-assisted unit.

Loan Closing

The property owner will be required to provide the following items for loan closing:

- For substantial rehabilitation projects, the after-rehabilitation appraisal of the property showing the appropriate value relative to the proposed loan.
- Acceptable Commitment for Title Insurance Policy showing the City's interest in the total amount of the City's Deferred Payment Loan.
- Credit Reports on all Borrowers with a 15% or greater ownership interest.
- List of all real property assets and their value.
- An acceptable bid from an approved contractor. The approved contractor must be licensed, and provide proof of appropriate insurance coverage, covering the total cost of the
- rehabilitation work and including, but not limited to worker's compensation, general liability, and personal liability.
- Copy of the insurance policy for fire and extended coverage for 80% of the value of the property with City named as co-insured.

Permitted Rehabilitation Program Costs

CDBG or HOME funds will be used to support only the following eligible costs:

- Actual rehabilitation costs necessary to correct substandard conditions to comply with the City of Dallas building Codes, federal environmental conditions standards, and federal lead-based paint abatement requirements.
- Essential improvements including energy conservation-related repairs, and improvements to permit use of the rehabilitated units by persons with disabilities.
- Repairs to major building system in danger of failure.
- Costs, generated by the public sector, for processing and closing the financing for the project, such as: credit reports, fees for title evidence, fees for recordation and filing of legal documents, attorney's fees, permits, and appraisal fees.
- Cost for the relocation of tenants currently residing in the property at the date of initial application, who must be temporarily or permanently displaced as a direct result of the rehabilitation activity.

Involuntary Displacement

The City prohibits involuntary displacement of residents from developments receiving funding. If a development receives federal funds, the Uniform Relocation Act provisions will apply.

Eligible Costs

The following costs may be reimbursed with HOME funds:

Hard Costs	Soft Costs
Land and Structure Acquisition	Financing Fees & credit reports
Site preparation, including Demolition	Affirmative marketing, initial leasing & marketing costs
Construction Materials and Labor	Title binders and insurance
	Performance bonds and surety fees
	Recording fees
	Legal & accounting fees
	Appraisals
	Eligible Soft Costs
	Environmental reviews

CDBG funds may not be used for new building construction, in accordance with HUD regulations. However, CDBG funds may be used for all other reasonable and eligible costs in the above table.

Monitoring

The City is required by HUD to obtain information on rents and occupancy of HOME – assisted units to demonstrate compliance with the affordability rent requirements on an annual basis.

Additional Requirements for ALL Rental Housing Projects

Tenant Selection/Eligibility:

An owner of rental housing assisted with HOME or CDBG funds must adopt written tenant selection policies and criteria that:

- are consistent with the City's goal of providing housing for very low-income and low-income families;
- are reasonably related to program eligibility and the applicant's ability to perform the obligations of the lease;
- provide for the selection of tenants from a written waiting list in the chronological order of their application, insofar as is practicable; and
- give prompt written notification to any rejected applicant stating the grounds for the rejection

Income Eligibility and Re-certification:

Tenant incomes must be re-certified annually and verified with source documents every six years. If the income of a household in an assisted unit rises above 80% of Area Median Income, the household may continue to rent the unit and the household must pay monthly rent equal to the lesser of:

- The rent permitted by state law; or
- 30% of the family's adjusted monthly income at annual re-certification.
- If the project was financed with Low Income Housing Tax Credits, the tax credit rent prevails.

Acceptable Rents for HOME Projects Only

The HOME program has established rules in relation to acceptable rents. There are two rent standards: High HOME Rent and Low HOME rent. For properties with five (5) or more HOME assisted units, at least 20% of the units must have rents that meet the "Low HOME" criteria.

High HOME Rent: lesser of the Section 8 Fair Market Rents for existing housing OR thirty (30) percent of the adjusted income of a family whose annual income equals 65% of the area median income.

Low HOME Rent: Thirty percent of the tenant's monthly adjusted income OR thirty percent of the annual income of a family whose income equals 50% of the area median income.

OVERVIEW OF EXISTING FUNDING SOURCES

Federal Funding Sources

The City receives financial support from the U.S. Department of Housing and Urban Development (HUD) to assist low and moderate income families in obtaining affordable housing. The City receives several Entitlement (HUD) grants, which it can use to support its housing initiatives. HUD outlines certain regulations that apply when using grant funds. This policy document uses the HUD regulations as a basis and incorporates the City's own policies as adopted by City Council.

Community Development Block Grant (CDBG)

The Community Development Block Grant has been in existence since 1974. The primary objective of the CDBG program is to improve communities by providing decent housing, providing a suitable living environment, and expanding economic opportunities. The primary beneficiary of CDBG funds must benefit low to moderate-income persons; aid in the prevention or elimination of slums or blight; or meet an urgent need.

HOME Investment Partnership Program (HOME)

The HOME Investment Partnership Program has been in existence since 1990. The goals of the HOME program are to provide decent affordable housing to lower-income households, expand the capacity of nonprofit housing providers, strengthen the ability of state and local governments to provide housing, and leverage private sector participation. HOME funds may be utilized for rental activities, homebuyer activities, and homeowner rehabilitation activities. All HOME funds must benefit persons of low and moderate income.

HOME Match Requirement

All housing development projects must meet a twenty-five (25%) HOME matching requirement of contributions made from non-federal resources and may be in the form of one or more of the following:

- Cash contributions from nonfederal sources
- Forbearance of fees
- Donated real property
- Cost, not paid with federal resources, of on-site and off-site infrastructure that the participating jurisdiction documents are directly required for HOME-assisted projects
- Proceeds from multifamily affordable housing project bond financing
- Reasonable value of donated site-preparation and construction materials, not acquired with federal resources
- Reasonable rental value of the donated use of site preparation or construction equipment
- Value of donated or voluntary labor or professional services in connection with the provision of affordable housing

Neighborhood Stabilization Program (NSP)

The Neighborhood Stabilization Program was authorized under Division B, Title III of the Housing and Economic Recovery Act of 2008 (HERA) to help communities recover from the effects of foreclosures, abandoned properties, and declining property values. The City collects program income from this source and appropriates it on an annual basis.

State and Local Funding Sources

General Obligation Bonds

General Obligation Bonds were authorized under the 2017 bond package to help with infrastructure, economic development and housing, and related expenses as authorized by law. Economic Development and Housing have been allocated approximately \$55 million for the next five (5) years.

Tax Exempt Bond Financing (City of Dallas Housing Finance Corporation)

The City of Dallas Housing Finance Corporation (DHFC) was organized in 1984 in accordance with Chapter 394 of the Texas Local Government Code (Code). Under the Code, the purpose of the DHFC is to assist persons of low and moderate income to acquire and own decent, safe, sanitary, and affordable housing. To fulfill this purpose, the DHFC can be an issuer of tax exempt bonds. The DHFC may issue bonds to finance, in whole or in part, the development costs of a residential development or redevelopment; the costs of purchasing or funding the making of home mortgages; and any other costs associated with the provision of decent, safe, and sanitary housing and non-housing facilities that are an integral part of or are functionally related to an affordable housing development.

- **Affordable Housing Partnerships:** The DHFC can also partner with affordable housing developers for the production of multifamily housing. The DHFC can acquire an ownership stake in the development by becoming the General Partner (GP) of an ownership entity, right of refusal to purchase the improvements, and owning and controlling the land. DHFC is the sole member of the GP. Fifty-one percent of the units must be set aside for affordable housing. If all of the aforementioned criteria are met; then the development can benefit from a tax exemption. Additionally, the DHFC can be the General Contractor to allow for sales tax exemption on construction materials.

Strategies, Tools and Programs that Will Require Additional Action

Housing Trust Fund

Establish a Dallas Housing Trust Fund (DHTF) that allows monies to be used to make loans to support the production goals of the Housing Policy. At a future date, staff will seek Council approval to authorize a one-time transfer of a minimum of \$7 million in unencumbered fund balances from high-performing Tax Increment Financing Districts (TIFs), as well as \$7 million from Dallas Water Utility funding set aside to support developments. Staff will further research potential dedicated revenue sources for the DHTF, including unencumbered fund balances from high-performing TIFs, property tax revenues from developments that have been built on previously City-owned land, proceeds from the sale of properties acquired by the City following non-tax lien foreclosures, among other sources.

Tax Increment Financing

Creation of a non-contiguous Tax Increment Finance District for areas not already located in an existing TIF District will leverage TIF on projects that propose to meet the unit production goals with affordability requirements.

Voluntary Inclusionary Zoning

In addition to development subsidies, the City may also incentivize the production of rental units via voluntary inclusionary zoning. Voluntary inclusionary zoning is a strategy by which the City can provide development bonuses to encourage the construction of mixed-income housing in multi-family and mixed-use zoning districts. At a future date, staff will seek council approval to amend the Development Code to allow for by-right development bonuses, including increases in maximum height and lot coverage, for developments that provide mixed-income housing in MF-1, MF-2, MU-1 and MU-2 districts. While these development bonuses would be available regardless of whether the MF-1, MF-2, MU-1 or MU-2 district is in a Reinvestment area, the City could layer in development subsidies for projects in Redevelopment and Stabilization areas to encourage more income stratification or a higher-percentage of affordable units. Furthermore, this strategy, as it has already been briefed to the Dallas Zoning Ordinance Advisory Committee (ZOAC), will encourage such mixed-income housing developments to adopt design principles that encourage walkability, reduce the need for parking, and require the provision of more open space.

Neighborhood Empowerment Zones

At a future date, staff will seek council approval to designate Neighborhood Empowerment Zones (NEZ) in certain Reinvestment Areas. Once a NEZ is established, staff will implement the following programs and strategies to preserve affordability and deconcentrate RECAP:

- a property tax freeze for up to ten (10) years for homeowners if they are making improvements to their property resulting in more than 25% increase in value,
- development fee rebates (permits, planning, zoning, parkland dedication, landscape & tree mitigation),
- encourage Incentive Zoning/Density Bonuses to support the creation of mixed income communities,
- allow Accessory Dwelling Units,
- designate Homestead Preservation District overlay where applicable, and

Sublease Program

Furthermore, staff will pursue council approval to create a Sublease Program which incentivizes a landlord/developer to facilitate the rental of units to voucher holders. This program is administered through the Dallas Housing Finance Corporation.

Resolutions of Support or No Objection

The City of Dallas (the City) has developed a policy for developers requiring Resolutions of Support or No Objection for multi-family rental housing development projects seeking Housing Tax Credits (HTC) through the Texas Department of Housing and Community Affairs (TDHCA). Each year, the TDHCA is required to develop the Qualified Allocation Plan (QAP) to establish the procedures and requirements relating to the allocation of Housing Tax Credits. Once the QAP is submitted and approved by the Office of Governor, which occurs in December of each year, the adopted QAP will be published in the Texas Register.

In the administration of its HTC Program, the TDHCA awards application points for a resolution from a Governing Body of a local municipality on the following basis:

Within a municipality, the application will receive:

- seventeen (17) points for a resolution from the Governing Body of that municipality expressly setting forth that the municipality supports the application or development; or
- fourteen (14) points for a resolution from the Governing Body of that municipality expressly setting forth that the municipality has no objection to the application or development.

Within the extraterritorial jurisdiction of a municipality, the Application may receive:

- eight and one-half (8.5) points for a resolution from the Governing Body of that municipality expressly setting forth that the municipality supports the Application or Development; or
- seven (7) points for a resolution from the Governing Body of that municipality expressly setting forth that the municipality has no objection to the Application or Development

The City will issue a Request for Applications for Resolutions of Support or No Objection in December of each year and bring forth recommendations to the Economic Development and Housing Subcommittee and City Council in February of each year. This schedule is in line with the TDHCA program calendar.

Evaluation Criteria

The City has developed a self-scoring application in order to conduct a comprehensive, fair and impartial evaluation of all applications received in response to the Request for Applications process. Each application is analyzed to determine overall responsiveness and qualifications under this policy. Evaluation Criteria are outlined below:

- 1. General Partner and Property Management Experience** – Up to 20 total points (as determined utilizing the below general partner and property manager point tables)

General Partner – up to 10 of the 20 total experience points. To receive experience points under this category, the proposed general partner(s), or a key individual(s) (officer, managing member or principal) within the proposed general partner organization (the “general partner”), must meet one of the following tests for each counted project.

To obtain points for a current project owned by the proposed general partner, the applicant must certify that the development has:

- been in service and continuously operated for three or more years;

- yielded positive operating cash flow from typical residential income alone (e.g. rents, rental subsidies, late fees, forfeited deposits, etc.); and
- held reserves as required by the partnership agreement and any/all applicable loan agreements.

To obtain points for projects previously owned by the proposed general partner, the applicant must certify that:

- the ending date of ownership or participation was no more than 10 years before the deadline associated with the subject application;
- the previously owned development was yielding positive operating cash flow from typical residential income alone (e.g. rents, rental subsidies, late fees, forfeited deposits, etc.) at the time of disposition; and
- the project was holding reserves as required by the partnership agreement and any/all applicable loan agreements at the time of disposition.

Experience of the General Partner – Up to 10 points	Points
1-2 Multi-family rental housing projects in service more than 3 years	1
1-2 Sec. 42/142/HOME projects in service more than 3 years	3
3-6 Multi-family rental housing projects in service more than 3 years	4
3-6 Sec. 42/142/HOME projects in service more than 3 years	6
7 or more Multi-family rental housing projects in service more than 3 yrs.	7
7 or more Sec. 42/142/HOME projects in service more than 3 years	10

“Sec.42/142/HOME” means Internal Revenue Code §42 “Low-income housing credit”, §142 “Exempt facility bond – qualified residential rental project”, and/or 24 CFR Part 92 - HOME Investment Partnerships Program (“HOME”)

“Multi-family housing” means any multi-family rental housing project of 20 units or more that is not subject to IRC §42, IRC §142, or 24 CFR Part 92 requirements.

2. Property Manager – Up to 10 of the 20 total experience points.

To receive experience points under this category, the proposed property management entity must meet one of the following tests for each counted project.

To obtain points for a current project managed by the proposed property management entity, the applicant must certify that the property has:

- been in service and continuously managed by the proposed property management entity for three or more years;
- yielded positive operating cash flow from typical residential income alone (e.g. rents, rental subsidies, late fees, forfeited deposits, etc.); and
- held reserves as required by any/all applicable partnership agreement and loan agreements.

To obtain points for projects previously managed by the proposed property manager, the applicant must certify that:

- the ending date of management agreement was no more than 10 years before the deadline associated with the subject application;
- the previously managed development was yielding positive operating cash flow from typical residential income alone (e.g. rents, rental subsidies, late fees, forfeited deposits, etc.) at the time of termination of the management agreement; and
- the project was holding reserves as required by the partnership agreement and any/all applicable loan agreements at the time of termination of the management agreement.

Experience of Property Manager – Up to 10 points	Points
1-2 Multi-family rental housing projects managed more than 3 years	0
1-2 Sec. 42/142/HOME projects in service more than 3 years	3
3 or more Multi-family rental housing projects in service more than 3 yrs.	4
3-6 Sec. 42/142/HOME projects in service more than 3 years	6
7 or more Multi-family rental housing projects in service more than 3 yrs.	7
7 or more Sec. 42/142/HOME projects in service more than 3 years	10

“Sec. 42/142/HOME” means Internal Revenue Code §42 “Low-income housing credit”, §142 “Exempt facility bond – qualified residential rental project”, and/or 24 CFR Part 92 - HOME Investment Partnerships Program (“HOME”)

“Multi-family housing” means any multi-family rental housing project of 20 units or more that is not subject to §42, §142, or 24 CFR Part 92 requirements.

3. Nonprofit Organization Participation – 10 points

To receive these points, the nonprofit organization must have controlling interest (e.g., greater than 50 percent ownership in the General Partner) in the project. If ownership is a limited partnership, the Qualified Nonprofit Organization must be the Managing General Partner. If ownership is a limited liability company, the nonprofit organization must be the controlling Managing Member. Additionally, the nonprofit entity or its affiliate or subsidiary must be the developer or a co-developer of the project.

The nonprofit organization is not required to elect to apply under the State’s Nonprofit Set-aside in order to receive these points.

4. Redevelopment Areas – 20 points

Project must be located in one of the four Redevelopment Areas – 1) Midtown, 2) High Speed Rail, 3) Wynnewood, and 4) Red Bird areas.

5. Stabilization Target Areas – 20 points

To receive these points, the Project must be located in one of the eight Stabilization Target Areas – 1) LBJ Skillman 2) Vickery Meadow, 3) Casa View, 4) Forest Heights / Cornerstone Heights, 5) East Downtown 6) The Bottom, 7) West Dallas, and 8) Red Bird North.

6. Emerging Market Area – Up to 10 points.

To receive these points, the Project must be located in one of the three Emerging Target Areas – 1) Southern Gateway 2) Pleasant Grove, and 3) University Hills.

7. Determination of Project Feasibility – Up to 20 points (5 points each, no more than 20 points can be awarded in this category)

- Proposed rent schedule consistent with TDHCA rent limits on rent-restricted units.
- Appropriate vacancy and collection loss assumptions in the project pro forma are consistent with TDHCA HTC requirements.
- Reserves in the pro forma are consistent with TDHCA HTC requirements.
- Completed Market Feasibility Report with conclusions supporting the applicable project pro forma assumptions completed or underway.

8. Project Site Characteristics – Up to 10 points (5 points each)

Project meets land use density and City of Dallas zoning requirements at time of application.

9. Transit Amenities – Up to 28 points (zero to four points each, no more than 28 points can be awarded in this category)

The following transit amenity matrix shall be used in scoring the project:

Amenity	Points		
	1/4 mile or less	>1/4 mile and <1/2 mile	<1/2 mile and up to 1 mile
Bus Station or Stop	5	3	1
Public Park	5	3	1
Full Scale Grocery Store	5	3	1
Community or Senior Center	5	3	1
Aging & Disability Resource Center	5	3	1
Amenity	1/2 mile or less	>1/2 mile and <1 mile	<1 mile and up to 2 miles
Qualifying Medical Clinic or Hospital	5	2	1
Amenity	20 minutes or less	>20 min. and <40 min.	<More than 40 min.
Transit time to Major Employment Center	5	2	0

10. Project Readiness – Up to 10 Points *(5 points each, no more than 10 points can be awarded in this category)*

- Applicant has secured site control per TDHCA HTC definition of site control.
- Environmental Report (s) has/have been completed.

11. Resident Services – Up to 15 points *(5 points each; no more than 15 points can be awarded in this category)*

- The equivalent of one (1) FTE resident service coordinator for every 600 project bedrooms.
- Project provides or has agreements with third party service providers to provide on-site educational, wellness and/or skill building classes
- Project provides on-site, licensed child care or after school program that operates at least 20 hours per week.

140 total points are provided under the above scoring preferences.

To receive a staff recommendation for a **Resolution of Support**, the applicant must score 85 points. Any applicant receiving less than 85 points, shall be eligible to receive a staff recommendation for a Resolution of No Objection, provided the application receives at least 6 experience points under the *I. General Partner and Property Manager Experience* of the above scoring methodology.

Community Housing Development Organizations (CHDOs)

A CHDO is defined under 24 Code of Federal Regulations (CFR) Part 92.2 as a nonprofit organization (501©3 or 4) organized under state law; has no part of its net earnings inuring to the benefit of any member, founder, contributor, or individual; is neither controlled by nor under the direction of individuals seeking to derive profit or gain from the organization. While a CHDO may be sponsored or created by a for-profit entity whose primary purpose is **not** the development or management of housing, such as a builder, developer or real estate management firm, the for-profit entity may not have the right to appoint more than one-third of the membership of the organization's governing body and the board members appointed by the for-profit entity may not appoint the remaining board members. A CHDO does not include a public body although a locally chartered organization may qualify under certain conditions.

The CHDO must be free to contract for goods and services from vendors of its own choosing. The CHDO must comply with certain financial accountability standards as described in the 24 CFR 84.21 Standards for Financial Management Systems. Among the primary purposes of the CHDO's organization, as outlined in their organizational charter, articles of incorporation, resolutions or bylaws must be the provision of decent housing that is affordable to low-to-moderate income persons. A CHDO must remain accountable to the low-income community residents by: **1)** maintaining at least one-third of its governing board's membership for residents of low-income neighborhoods, other low-income community residents, or elected representative of a low-income neighborhood organization; **2)** providing a formal process for low-income program beneficiaries to advise the organization in its decisions regarding the design, site selection, development and management of affordable housing.

A service area in urban areas such as Dallas, "community" may be defined as a neighborhood, or neighborhoods, city, county or metropolitan area. Additionally, CHDOs are subject to the affirmatively furthering fair housing rules which state that housing should not be located in areas of minority concentration or with high poverty rates. Historically, Dallas CHDOs have elected to work in areas where disinvestment has occurred, and where high concentrations of poverty exist. CHDOs should grow and develop the capacity to partner with for-profit developers to produce market rate housing in areas of disinvestment. Furthermore, CHDOs should work in areas with low poverty rates, have access to a quality education, transportation, and jobs. These high opportunity areas lack quality affordable housing options.

A CHDO must demonstrate the capacity to carry out the activities assisted with HOME Investment Partnership Program (HOME) funds within **12 months** of the project commitment. CHDO's may satisfy the HOME requirement by hiring experienced key staff members who have successfully completed similar projects or a consultant with the same type of qualified experience and a plan to train appropriate key staff member of the organizations. CHDO's must demonstrate a minimum of one-year experience in serving the community in which the assisted housing will be located before funds can be reserved for the organization. This requirement can be satisfied by a parent organization in some cases if a CHDO is formed by a group of local churches or local service organizations. CHDOs must be certified by the City of Dallas to be awarded CHDO set-aside funds for the development of housing and operating assistance.

Set Aside

HUD requires that 15% of the HOME allocation each year be made available to Community Housing Development Organizations (CHDOs) for the development of affordable homebuyer or rental housing.

Operating

In addition, the City can allocate up to 5% of the HOME allocation each year operating expenses for CHDOs. These funds provide operating funds to Community Housing Development Organizations based on financial need and the expectation that the organization is utilizing or will utilize the City's HOME CHDO set aside funding within 24 months of the award.

HOME funding provided for CHDO operating expenses may not exceed \$50,000 or 50% of the organization's total annual operating expenses for that fiscal year, whichever is greater. CHDO operating expense funds may not supplant CHDO set-aside funds for project costs.

Certification

To be eligible to receive HOME CHDO set-aside funding and Operating Assistance Grants, a CHDO must be certified by the City of Dallas. CHDO certification must be done prior to the commitment of funds for a set-aside development, and there cannot be a general CHDO certification. The City can work in advance to determine if a CHDO will likely meet the requirements for certification prior to funding considerations. A CHDO must continue to be certified throughout the development of a project and during the affordability period. theCity has developed the "Community Housing Development Organization (CHDO) Policy, Procedure, and Standards" document to outline the process and requirements for CHDO certification. This can be found in Appendix 5.

APPENDICES

APPENDIX 1

Single Family Development Underwriting

A. Eligible Developer Applicants

The City of Dallas will fund developers of affordable single-family homebuyer units, including for-profit developers, non-profit developers, and City of Dallas-designated CHDOs, with City of Dallas HOME single-family development program funds. Developers must demonstrate the capacity and previous experience developing projects of the type presented in their proposals. Prior to committing funds, the City of Dallas will review the status of any organization seeking funds from the CHDO set-aside to ensure that it meets all HOME requirements and that it has sufficient staff and financial capacity to carry out the project.

Project Location

Projects must be located within the city limits of Dallas.

Project Types

Funds will be provided for new construction projects. In general, the City of Dallas will require that all homes constructed have a minimum square footage of 1,200 sq ft, at least 3 bedrooms, and at least 1.5 bathrooms. RFPs issued by the City of Dallas may further specify or provide priority for eligible project types.

Parameters of HOME Investment

Applications must include an investment of \$1,000 in HOME funds per HOME unit. In no case will the City of Dallas investment exceed the maximum HOME investment allowed under 24 CFR 92.250.

Additionally, for projects involving both City of Dallas other HOME funds, the combined HOME funding investment shall not exceed the total maximum HOME investment allowed under 24 CFR 92.250.

Typically, the City of Dallas will also establish a maximum cap on its investment in a single home. Such a limit will be based on the availability of funding and other City of Dallas priorities and will be addressed in any NOFA issued by the City of Dallas.

B. Eligible Costs

Costs funded with the City of Dallas HOME funds must be eligible according to HOME Final Rule 24 CFR 92.206. The following additional limitations also apply:

- HOME funds shall not be used for luxury improvements according to 24 CFR 92.205.
- Acquisition costs shall be supported by an independent appraisal of the property. Acquisition costs exceeding the appraised value of the property will be ineligible for HOME funding reimbursement.
- HOME funds shall not be used for non-residential accessory structures such as free-standing garages, carports, or storage structures. Applicants must delineate project costs in a manner that allows free-standing structures to be clearly paid for using other project funds.

City of Dallas Eligible Project Soft Costs

The HOME program allows the City of Dallas to include, as project costs, its internal soft costs specifically attributable to a HOME project. These may include consulting, legal, inspection, and staff costs associated with reviewing, processing, and overseeing the award of funds to the project. Projects must provide budget allowances for “City of Dallas-Lender Due Diligence & Legal Costs” in the project’s sources and uses.

Cost Reasonableness

Per the requirements of 92.250(b) and 2 CFR 200 Subpart E (formerly known as OMB Circular A-87), all project costs must be reasonable, whether paid directly with HOME funds or not. The City of Dallas will review project costs, including hard and soft costs, to evaluate their reasonableness and may, at its option, require applicants to obtain additional quotes, bids, or estimates of costs.

Identity of Interest

Developers must disclose any identity of interest situations that may occur when contracting with related companies during either the development or ongoing operation of the project. City of Dallas staff must be allowed the opportunity to conduct a cost analysis to determine costs reasonableness. Applications may be determined ineligible if access is not granted or costs are determined to be unreasonable.

C. Property Standards

To meet both HOME regulations and City of Dallas goals, all HOME-funded projects must meet certain physical standards intended to provide quality affordable housing that is durable and energy efficient.

Construction must meet all local codes. City of Dallas has adopted and enforces the following codes with amendments:

- 2012 International Building Code
- 2012 International Mechanical Code
- 2009 International Energy Conservation Code
- 2012 International Existing Building Code
- 2011 National Electric Code
- Chapter 11 of the 2009 International Residential Code

All HOME projects must meet applicable Section 504/UFAS requirements. Pursuant to 24 CFR 8.29, single-family housing developed with Federal funds must be made accessible upon the request of the prospective buyer if the nature of the prospective occupant’s disability so requires. Developers must ensure that projects are designed in a way that can accommodate such a request. Should a prospective buyer request a modification to make a unit accessible, Developer must work with the homebuyer to provide the specific features that meet the need(s) of the prospective homebuyer or occupant. If the design features that are needed for the buyer are design features that are covered in UFAS, those features must comply with the UFAS standard. Developers shall be permitted to depart from the standard in order to have the homebuyer/occupant’s needs met.

Site shall be served by public sewer, public water, and public road. Sites should have ready access to recreational opportunities such as parks, playgrounds, etc., nearby shopping and

services including transportation, grocery, banking, and medical facilities, and otherwise be located in neighborhoods that provide amenities that support residential development. The City of Dallas also generally prefers that sites have safe, walkable connections—including sidewalks—to the surrounding neighborhood.

Site shall be in a designated Fire District or served by a Fire Department;

Units must be equipped with the following appliances: Refrigerator, range/oven, dishwasher, and garbage disposal. Developers may also propose to include in-unit clothes washers and dryers, microwave/vent fan combination units, as appropriate. If the Energy Star program rates the type of appliances being installed, the developer must furnish the units with Energy Star rated appliances. Note however that not all appliances are rated by the Energy Star program.

D. Sales Price

Housing developed with HOME funds must be modest, and the sales/purchase prices for homes developed under this program cannot exceed the HOME Homeownership Value Limits published by HUD in effect at the time of project commitment. The City of Dallas will identify the applicable limits in any NOFA issued.

Units produced under the City of Dallas' single-family development program must be sold at the fair market value as determined by an "as-completed" or "subject to completion" appraisal completed by an independent state licensed appraiser. Developers shall submit such an appraisal prior to project commitment, and the City of Dallas may require an updated appraisal prior to construction completion if the appraisal is more than 9 months old at that point. Any reductions in list or sales price below the City of Dallas-approved appraised value must be approved in writing by the City of Dallas and will generally require updated market information.

E. Eligible Homebuyers

Homebuyers for units produced under the City of Dallas single-family development program must meet the eligibility criteria set forth in the City of Dallas Homebuyer Assistance Program (DHAP) guidelines.

F. Environmental Review Requirements

Federally-assisted projects are subject to a variety of environmental requirements. Developers should be familiar with these requirements and are strongly encouraged to discuss any questions they have with City of Dallas staff prior to entering into a purchase agreement or submitting an application.

All projects shall be implemented in accordance with environmental review regulations as defined 24 CFR Part 58.

The City of Dallas shall be responsible for conducting the environmental review and completing all necessary public notifications, and the request for release of funds (RROF) from HUD. The applicant is responsible for cooperating with the City of Dallas in the environmental review process and providing information necessary for the City of Dallas to fulfill its responsibilities under Part 58 and other applicable regulations.

Submitting an application for HOME funds triggers environmental review requirements under 24 CFR 58, including the National Environmental Policy Act (NEPA). Once an application for federal funds is submitted, a development proposal is now subject to the environmental review

requirements and requires an environmental clearance and issuance of a Release of Funds (ROF) by the US Department of Housing and Urban Development.

Developers are prohibited from undertaking or committing or expending any funds to (including non-federal funds) any physical or choice-limiting actions on the site prior to an environmental clearance as required by Part 58. Physical and choice limiting actions include, but are not limited to, property acquisition, demolition, movement, rehabilitation, conversion, repair or construction. This prohibition applies regardless of whether federal or non-federal funds are used, and taking a choice limiting action prior to completion of the required environmental clearance process will result in the denial of any HOME funds from the City of Dallas.

G. Other Federal Requirements

Nondiscrimination and Equal Opportunity

The following federal nondiscrimination and equal opportunity guidelines apply to all projects and affect both development and sales of assisted housing:

- The Fair Housing Act (42 U.S.C. 3601-19) and implementing regulations at 24 CFR part 100 et seq.;
- Executive Order 11063, as amended by Executive Order 12259 (3 CFR, 1959-1963 Comp., p. 652 and 3 CFR, 1980 Comp., p. 307) (Equal Opportunity in Housing Programs) and implementing regulations at 24 CFR part 107;
- Title VI of the Civil Rights Act of 1964 (42 U.S.C. 2000d- 2000d-4) (Nondiscrimination in Federally Assisted Programs) and implementing regulations at 24 CFR part 1;
- The Age Discrimination Act of 1975 (42 U.S.C. 6101-6107) and implementing regulations at 24 CFR part 146;
- Section 504 of the Rehabilitation Act of 1973 (29 U.S.C. 794) and implementing regulations at part 8 of this title;
- Title II of the Americans with Disabilities Act, 42 U.S.C. 12101 et seq.; 24 CFR part 8; Section 3 of the Housing and Urban Development Act of 1968 (12 U.S.C. 1701u) and implementing regulations at 24 CFR part 135;
- Executive Order 11246, as amended by Executive Orders 11375, [[Page 41]] 11478, 12086, and 12107 (3 CFR, 1964-1965 Comp., p. 339; 3 CFR, 1966- 1970 Comp., p. 684; 3 CFR, 1966-1970 Comp., p. 803; 3 CFR, 1978 Comp., p. 230; and 3 CFR, 1978 Comp., p. 264, respectively) (Equal Employment Opportunity Programs) and implementing regulations at 41 CFR chapter 60;
- Executive Order 11625, as amended by Executive Order 12007 (3 CFR, 1971- 1975 Comp., p. 616 and 3 CFR, 1977 Comp., p. 139) (Minority Business Enterprises); Executive Order 12432 (3 CFR, 1983 Comp., p. 198) (Minority Business Enterprise Development); and
- Executive Order 12138, as amended by Executive Order 12608 (3 CFR, 1977 Comp., p. 393 and 3 CFR, 1987 Comp., p. 245) (Women's Business Enterprise). The nondiscrimination provisions of Section 282 of the National Affordable Housing Act of 1982.

Uniform Relocation Act (URA)

All projects fall under requirements of the URA. Any project resulting in permanent relocation/displacement of households will not be funded by the City of Dallas. Applicants must further document that any purchase of property meets the requirements of URA, including

provision of notices to the seller identifying the transaction as a voluntary sale not under the threat of eminent domain. To ensure compliance with URA, applicants should consult the City of Dallas to understand the requirements of URA and reference the URA forms included in the RFP prior to submitting an application involving an occupied property.

Davis Bacon

Davis Bacon federal prevailing wage requirements shall apply to all projects with 12 or more units assisted with HOME funds.

Excluded Parties

The City of Dallas will not fund projects owned, developed, or otherwise sponsored by any individual, corporation, or other entity that is suspended, debarred, or otherwise precluded from receiving federal awards. Nor may the developer contract with any other entity (including but not limited to builders/general contractors, property management companies, or other members of the development team) that are suspended, debarred, or otherwise so precluded. Similarly, the general contractor will be required to determine that subcontractors are not so precluded.

H. Ongoing Project Requirements

Deadlines

Construction Start- If construction is not started within 12 months of the date the City of Dallas commits funds to a project, the commitment will be subject to cancellation. If the project is cancelled as a result of failure to meet this deadline, the Developer must repay to the City of Dallas any HOME funds disbursed for the project.

Completion Deadline- Project completion occurs when construction is complete, all HOME funds have been disbursed by the City of Dallas and drawn from the US Treasury, title to the property has transferred to an eligible buyer, and required completion data has been entered in HUD's IDIS system. Project completion must occur within 2 years of the date of commitment of funds to the project. If the Developer fails to meet this 2-year deadline, it must repay to the City of Dallas any HOME funds disbursed for the project.

Sales Deadline- Pursuant to 24 CFR 92.254(a)(3), Developers must have a ratified sales contract with an eligible buyer for each HOME-funded unit within nine (9) months of completion of construction or the unsold units must be converted to rental housing or the project will be deemed ineligible and all HOME funds drawn must be repaid to HUD.

If a unit is unsold after six (6) months, the Developer must present an updated sales and marketing plan to the City of Dallas outlining steps being taken to identify buyers. At the City of Dallas option, the Developer may be required to i) take further steps--such as listing the home with a licensed realtor, adjusting the sales price, etc.—as the City of Dallas may require to facilitate the sale of the home or ii) to transfer title to the City of Dallas or to another entity selected by the City of Dallas that can otherwise identify buyers prior to the regulatory deadline.

At the City of Dallas option, if a unit remains unsold after nine (9) months, the developer shall be required i) to repay the entire HOME investment, including any City of Dallas project soft costs; ii) to convert the project to rental housing in accordance with 24 CFR 92.252; or iii) to transfer title to the City of Dallas or to another entity selected by the City of Dallas for conversion to rental housing.

Units converted to rental housing must be rented to eligible tenants in accordance with 24 CFR 92.252, which includes tenant income eligibility and rent limit requirements. Further, any units converted to rental properties shall be operated in compliance with the City of Dallas Rental Housing Program guidelines.

Reporting and Record Keeping

To allow effective oversight of funded projects and document compliance with applicable HOME requirements, all projects must submit periodic reports to the City of Dallas. While this section outlines standard reporting requirements, the City of Dallas reserves the right to require additional reporting or to alter the reporting format or frequency based on future changes to HOME requirements or City of Dallas policy. Additionally the City of Dallas reserves the right to require additional or more frequent reporting for projects with compliance deficiencies.

- Developers are required to report monthly during the development phase and sales phase. During the construction phase, developers must provide monthly reports detailing construction progress and barriers to progress, copies of invoices being paid, and evidence of appropriate lien waivers.
 - During the sales phase, developers are required to provide monthly reports detailing the number of additional sales, total sales, and marketing activity. These reports are required until all units are sold.
 - The City of Dallas may require more frequent reporting due to findings identified during the development and sales phases.
 - At the City of Dallas option, Developers may be required to obtain and submit an audit of project costs (i.e. cost certification) prepared by an independent Certified Public Accountant.
 - Developers shall allow City of Dallas, HUD, State of Texas, the Comptroller General of the United States (aka the GAO), and all other pertinent Federal or State agencies or their designated representative the right to inspect records and property.
- Conflict of Interest

To comply with HOME requirements and to maintain a high standard of accountability to the public, conflicts of interest and perceived conflicts of interest must be avoided. Developers shall maintain compliance with all HUD conflict of interest provisions as stated in 92.356(f).

Developers with officers, employees, family members, consultants, or agents that are otherwise eligible to purchase HOME funded-units must receive waiver/approval from City of Dallas staff before entering into a sales agreement with HOME eligible employees. 92.356(f) provisions apply to all HOME projects.

I. Structure of Transaction

Loan Types and Terms

The City of Dallas will provide HOME funds in the form of a loan to the entity that owns the property. No grants will be awarded, and funding commitments are not transferable without prior written City of Dallas approval.

The City of Dallas HOME Loan may be used for acquisition and construction financing. Proceeds of the HOME loan will only be released following satisfaction of all requirements outlined below.

In all cases, the HOME loan will:

Have a maximum term of 2 years;

- Be repayable in full upon sale, refinancing, or transfer of the property or upon maturity, except that repayment will be limited to the net proceeds of a City of Dallas-approved sale to a low-income buyer. Net sales proceeds will exclude any portion of the sale proceeds used to repay senior construction debt, return of City of Dallas-recognized developer equity, approved sales costs, and any HOME-assistance transferred to the buyer(s) at closing as direct homebuyer assistance.; and
- Secured with a promissory note, mortgage, and appropriate UCC liens. Mortgages will be recorded with the Dallas County Recorder of Deeds and generally may be subordinate only to an approved amortizing first mortgage.

Guarantees

Unless otherwise determined by the City of Dallas, all underlying individuals, corporate entities, partnerships, or limited liability companies with an interest in the project will be required to provide a completion guarantee including provisions guaranteeing construction completion of the project. For nonprofit organizations, including community housing development organizations (CHDOs), a guarantee shall not be required, but in all cases the City of Dallas may require a performance bond or irrevocable letter of credit acceptable to the City of Dallas to ensure project completion.

HOME Agreement

In addition to any financing documents, developers of HOME-financed projects must sign a HOME agreement with the City of Dallas. The HOME agreement will identify requirements for compliance with the HOME regulations and the City of Dallas Single-Family Development Program requirements and will remain in effect in the event of any prepayment of the HOME loan.

J. Underwriting & Subsidy Layering Reviews

Market Demand

Developers must, as part of their application, provide evidence of sufficient demand for the proposed units. Developers shall provide information from the multiple listing service pertaining to recent sales in the neighborhood, average time on the market for recent sales, availability of other product and average “months of supply” currently available, and any known or planned projects.

Additionally, Developers must complete the HOME Sales and Marketing Plan, identifying among other items the profile of typical buyers, relationships with homeownership counseling agencies or other sources of buyer referrals, and plans for marketing the homes.

In some cases, the City of Dallas may only commit to a specific project (or may limit the number of projects under construction by a given developer) upon demonstration that a home has been pre-sold to an identified low-income buyer who has, at least, executed a reservation or initial purchase agreement with the Developer.

Project Underwriting

All HOME applications must include financial statements from all underlying owners and guarantors. Developers must have a net worth equal to 10% of the total development cost with net liquid assets equal to 3% of the total development cost.

Applicant must provide the amounts and terms for any other financing being provided to the project.

Proforma Requirements

The proforma must explicitly show:

- An itemized breakdown of development hard and soft costs by unit including any allowances for soft costs such as architectural fees, carrying costs, etc;
- The hard costs of any stand-alone accessory buildings, including free-standing garages, carports, or storage structures should be specifically itemized in the Development Sources and Uses so that the City of Dallas can complete preliminary HOME cost allocation calculations. (Stand-alone accessory structures like a detached garage may be included in the project but are not HOME-eligible and must be paid for with another funding source.)
- Costs and fees to be paid to the City of Dallas as permitted by the HOME program. The HOME program allows the City of Dallas to include, as project costs, its internal soft costs specifically attributable to the project. These may include consulting, legal, inspection, and staff costs associated with reviewing, processing, and monitoring award of funds to a project. The City of Dallas will notify Developers of the amounts to include in their Development Sources and Uses for “City of Dallas-Lender Due Diligence & Legal Costs.”
- Estimates of the sales transaction to an eligible homebuyer, including a calculation of the proposed buyer’s ability to qualify for a mortgage meeting City of Dallas requirements, the anticipated need to provide direct HOME assistance (e.g. downpayment and closing cost assistance) to the buyer, projected sales costs (e.g. realtor’s commissions), and the distribution of sales proceeds (including toward repayment of private construction financing)

Cost Limitations

All project costs must be reasonable and customary. The City of Dallas reserves the right to review any line-item cost to ensure that total project costs are not excessive. Additionally, HOME projects will be subject to the following specific cost limitations:

- The maximum allowable developer fee is 15% of total development costs less the developer fee itself and seller’s closing costs.
- Acquisition costs are limited to fair market value as determined by a third-party appraisal.
- Unless prior approval has been obtained from the City of Dallas, all project hard costs and all project professional fees should be the result of a competitive bidding process. While developers are not subject to federal procurement rules and may use less formal bid processes, the City of Dallas generally expects developers to seek multiple bids and identify the most advantageous bidder based on cost, track record, and other pertinent factors.

Other Public Funding Sources

Developers must disclose all other public and private sources or applications for funding with their initial HOME Single-Family Development application to the City of Dallas at the time of application and upon receiving any additional commitments of public source funding. The City of Dallas will conduct a subsidy layering review as part of the underwriting process for all projects. Using its underwriting criteria, the City of Dallas will assess the project and may require changes to the transaction to ensure that return to the owner/developer are not excessive. Changes may include a reduction in HOME funds awarded.

The City of Dallas will consider adjusting its underwriting in consultation with other public funders, if applicable, to the project. The City of Dallas retains, at its sole discretion, the power to decide whether to accept alternative standards.

K. Construction Process

City of Dallas Construction Inspections

The City of Dallas must be provided with copies of all contractor invoices and provided reasonable notice of monthly draw inspections during the construction period. City of Dallas staff will participate in all draw reviews whether or not the specific draw is being funded with HOME or other project funds and conduct inspections to ensure that the project is progressing and that work completed is consistent with all applicable HOME requirements.

Davis Bacon

When Davis Bacon applies to a project, the City of Dallas must be provided with compliance documentation throughout the construction period. Prior to commencing construction, the City of Dallas must approve current wage determinations applicable to the project. The contractor will be required to provide weekly payroll forms to the City of Dallas and allow access to the site and workers for the purpose of completing worker interviews.

Drawing City of Dallas HOME Funds

Proceeds of the HOME loan will only be released as reimbursement for eligible project costs following:

- Review and acceptance of appropriate source documentation by the City of Dallas including evidence of appropriate lien waivers and/or title endorsements.
- A determination by the City of Dallas that all HOME requirements pertaining to the development of the Project have been met, including but not limited to monitoring of Davis Bacon compliance.

For nonprofit developers, including CHDOs, the City of Dallas may release payment based upon outstanding invoices for costs incurred and work completed. In such cases, the City of Dallas reserves the right to disburse through a title company, directly to the vendor, or with two-party checks.

Project Closeout

Developers are required to submit homebuyer eligibility packets to the City for approval of the homebuyers. Data shall include elderly status, race, gender, female head of household, number of household members, and income.

The City of Dallas requires a copy of the final project sources and uses statement and, at the City of Dallas option, may require the submission of the project cost certification prepared by an independent Certified Public Accountant following completion of construction and payment of all development costs.

APPENDIX 2

Rental Development Underwriting

In reviewing applications for HOME assistance, as required by §92.250(b) and prudent business practices, the City's underwriting framework includes evaluations of:

- **Regulatory requirements applicable to the project**, including compliance (or ability to become compliant) with HOME's affordability restrictions, property standards, and cross-cutting federal requirements;
- **Market risk**, including whether or not sufficient demand exists for the project, the anticipated lease-up period, and whether general economic conditions and other competition supports ongoing viability;
- **Developer risk**, focusing on whether the owner/developer (including but not limited to the underlying owners of special purpose entities) have the technical capacity to develop and operate the property and the financial capacity to safeguard public funds and backstop the project if the event of poor financial performance; and
- **Project risk (or "financial underwriting")**, testing the economic and financial projections for the transaction including both sources and uses as well as ongoing operating assumptions. This includes confirmation that all sources of project financing are available, commercially reasonable, and have been appropriately maximized prior to awarding HOME funds.

Market Assessment

All HOME project applications must include a third-party market study prepared in a manner consistent with TDHCA's market analysis requirements. Unless otherwise approved by the City, market studies shall be prepared by providers included on the list of TDHCA Approved Market Analysts. Owner's may generally submit the market study used in conjunction with the Owner's LIHTC application, if applicable. Market studies must be less than one year old at the time of commitment of HOME funds. For market studies that are more than one year old, the City will typically require an update from the original analyst or a new market study from another analyst. Proposed rent levels must be supported by the applicant's market study and be within HOME regulatory limits.

Additionally, the market study should demonstrate the following:

- All units, including any "market rate" units as well as any units with income/rent restriction imposed by other programs such as LIHTC, must demonstrate viability within the primary market area taking into account any known rent concessions being offered by competing properties;
- Income and rent restricted units must have "discounts" of at least 15% relative to comparable un-restricted units;
- Achievable occupancy rates, based on a comparison of comparable properties in the primary market area, must be at or above 95% (physical occupancy);
- Capture rate for the development as a whole is no more than 10%, and no capture rate for specific unit sizes (e.g. 3-bedroom units) exceeds 25%; and
- Absorption can be expected to result in underwritten occupancy levels within six (6) months of units being ready for occupancy.

For projects not meeting these standards the City, in its sole discretion, may also consider the following:

- For project targeting special needs populations (e.g. homeless households, domestic violence victims, veterans, or other specific subpopulations), the City may accept higher capture rates if data from the local Continuum of Care and/or service providers specializing in the targeted populations (e.g. VA service centers) suggest an adequate pipeline of eligible renters exists and will be consistently referred to the development.
- For existing projects being rehabilitated, the City will consider the recent operating history of the project in terms of actual rents charged/received, eligibility of in-place tenants, and the like for evidence that the development's projections are supported by actual performance.

The City may also consider offsetting the risk of relatively “weaker” market study findings by offering HOME assistance as permanent debt only, to be disbursed following actual lease-up of the development at proforma levels and achievement of stabilized occupancy.

Developer and Development Team

In most cases, projects considered by the City will be owned by single-purpose, single-asset entities created to hold title the development. For various purposes, including structuring necessary to comply with industry norms and take advantage of other funding sources such as LIHTC, the “owner” and “developer” of a project are often legally distinct entities, even if ultimately owned and controlled by the same underlying parties.

Developer Technical/Professional Capacity

In evaluating the capacity of the “developer” the City will use the term more loosely to refer collectively to the underlying corporate entities and individuals that will own and control the single-purpose entity (excluding the investor member/limited partner). Additionally, the City requires various guarantees and indemnities from all of the underlying corporate and individual owners of the various limited partnership or limited liability corporation entities involved in the ownership and development of the project.

Developers should demonstrate:

- Recent, ongoing, and successful experience with the development of similar regulated affordable housing; and
- The presence of adequate staff, with specific experience appropriate to their role in the project, to successfully implement and oversee the project. This includes the assembly and oversight of the development team.

The City requires applicants to provide lists of real estate owned (including partnership/membership interests) by the developer as well as all projects underway. The City will review the performance of those projects, including financial factors like net occupancy, actual DCR, cash flow received, outstanding loan balances, and net equity of individual projects and the developer's overall portfolio.

Applicants are also required to provide descriptions of the role played by specific staff members relative to the proposed project along with resumes or other similar information demonstrating experience appropriate to the assigned staff member's role.

Financial Capacity

Developers must also demonstrate the financial capacity to support the proposed project both during construction and lease-up as well during ongoing operations. This includes not just that the applicant has sufficient financial resources but that it has adequate financial systems in place to appropriately manage project funding, accurately account for all project costs, and provide reliable reporting to the City and other project funders.

At minimum, the City will review audited financial statements, interim financial statements, and individual personal financial statements to ensure that:

- The “primary” development entity’s most recent audit must demonstrate compliance with Generally Accepted Accounting Principals (GAAP) and must not express material weaknesses in the entity’s system of internal controls or financial management systems;
- The developer’s net worth (including the un-duplicated net worth of other guarantors) is equal to at least 10% of the total development cost of all projects underway (i.e. those that have received funding commitments from HOME or LIHTC but have not yet been completed and converted to permanent financing); and
- The developer has net liquid assets (current assets less current liabilities) equal to at least 3% of the total development cost of all projects underway.

Development Team

The City will also review the capacity of the development team including but not limited to the general contractor, architect, engineer, market analyst, management company, accountant, attorney, and any other specialized professionals or consultants.

As a whole, the development team should have the skills and expertise necessary to successfully complete and operate the development. Inasmuch as possible, on balance the development teams should have worked successfully on other projects in the past. That is, while a developer may identify new development team members from project to project, an “entirely new” team may present added risk.

Additionally, when using development team members from outside of the region, the City will consider whether assigned team members have recent local experience or have been supplemented with local professionals. This may be particularly important for design professionals and legal counsel.

In no case, may any owner/developer/applicant or any member of the development team be a suspended, debarred, or otherwise excluded party.

Identify of Interest Relationships & Costs

Applicants must disclose all identity of interest relationships/contracts and/or costs involved in a transaction, including during the development period and following completion of the project. The City reserves the right to review any such costs further to ensure they are reasonable and consistent with the costs expected from arms-length relationships.

An “Identity of Interest” (whether or not such term is capitalized) is any relationship based on family ties or financial interests between or among two or more entities involved in a project-related transaction which reasonably could give rise to a presumption that the entities may not operate at arms-length. The City will take a broad approach to defining identities of interest and expects all applicants to err on the side of disclosure. That is, if there is any question about

whether an identity of interest may exist, the relationship should be disclosed and explained to the City.

Beyond this general definition, an identity of interest relationship will be deemed to exist if:

- An entity, or any owner of any direct or indirect ownership interest in such entity, or any family member of any such owner is also an owner, through a direct or indirect ownership interest, or an officer, director, stockholder, partner, trustee, manager, or member of the counterparty; or
- Any officer, director, stockholder, partner, trustee, manager, member, principal staff, contract employee or consultant of an entity, or any family member of thereof, is an owner, through any direct or indirect ownership interest, or an officer, director, stockholder, partner, trustee, manager or member of the counterparty.

For purposes of this definition, “family member” means the spouse, parents or stepparents, children or stepchildren, grandparents or step-grandparents, grandchildren or step-grandchildren, aunts, uncles, parents-in-law, and siblings-in-law (or their children or stepchildren). It also includes any other similar relationship established by operation of law, including but limited to guardianship, adoption, foster parents, and the like.

Financial Analysis

As noted in the introduction, the City views underwriting as more than just the financial review of a project. However, a revive of the underlying financial assumptions is still a critical and core part of underwriting. In reviewing projects, as a public funder the City must to balance two somewhat competing perspectives.

Projects must be viable, that is they must have sufficient allowances for all costs to maximize the chances the project can meet or exceed its financial projections and thereby succeed in the marketplace. In other words, the project must represent a “safe” investment. However, taken to an extreme, “safe” or overly conservative projections can also result in a project that is over-subsidized and risks providing excessive returns to the owner/developer.

As a steward of very limited public funding for affordable housing, the City also needs to ensure that costs are reasonable, that they represent a “good deal” to the public, and that returns to the owner/developer are fair but not excessive. In seeking to balance these perspectives, the City has established the following review factors and principals.

Development Costs

In general, the City will review the entire project budget to all costs are reasonable yet that the budget is sufficient to complete and sustain the project. All line items, whether or not paid directly with HOME funds, must be necessary and reasonable.

The City will consider the cost of both specific line items as well as the total development cost on a per unit and per square foot basis, comparing costs to other projects from the City’s portfolio, similar projects in the region (such as those funded by TDHCA), City-data from the Building Department, and/or third-party indices such as RS Means.

Selected Development Cost Items

Acquisition – Acquisition costs must be supported by an independent third-party appraisal prepared by a state-licensed appraiser. The purchase price must be at or below the as-is market value of the property. In the event an applicant has previously purchased land prior to applying to the City, the project budget may only reflect the lesser of the actual purchase price or the current market value. Standard closing costs from the acquisition may be included.

Applicants who purchased property prior to applying to the City, or following environmental releases under NEPA but prior to closing, may not charge or include financing costs associated with interim financing, whether from third-party or related lenders.

Architectural Fees – Architectural fees cannot exceed the following:

Design services: 6% of total construction costs

Supervision/Administration: 2% of total construction costs

City Soft Costs – The development budget for each project must include an allowance for the City's internal project-related soft costs as specified in periodic RFPs issued by the City. Similar to lender due diligence or lender legal costs, the inclusion of soft costs allows the City to recoup its direct costs of underwriting, processing, closing, and monitoring the project prior to project completion. These costs will be included in the HOME loan but may be drawn directly from HUD by the City rather than via payment requests from the project owner.

Construction Interest – Any budgeted line item for construction interest must be supported by developer period cash flow projections, modeling the actual expenditure of development costs and the anticipated pay-in of equity, HOME funds, and other construction period sources. For presentation purposes, only interest from the date of initial closing through the end of the month in which the building(s) are placed in service (i.e. approved for occupancy) may be included as construction interest. Additional interest following that date and prior to the conversion to (or closing on) permanent debt must be separately itemized and modeled. In most cases, this should be included in the "lease up reserve" noted below.

Contingencies – Applicants should include a contingency (inclusive of hard and soft costs) within the minimum and maximum amounts noted below. The contingency will be measured as a percentage of hard costs (including the construction contract plus any separate contracts for off-site work but excluding contractor fees).

- New construction projects should include a contingency of least 3% and no more than 7% of hard costs;
- Acquisition/rehabilitation projects, including adaptive reuse projects, should include a contingency of at least 5% and no more than 10% of hard costs.
- The City may consider higher contingencies based on identified risk factors such as the known need for environmental remediation or poor subsurface soils.

Contractor Fees – Contractor fees are limited as a percentage of net construction costs as further identified below. Net construction costs exclude the contractor fees, any budgeted contingency, and (even if otherwise included in the construction contract) permits and builder's risk insurance.

- Contractor Profit: 6% of net construction costs
- General Requirements/General Conditions: 6% of net construction costs. General requirements include on-site supervision, temporary or construction signs, field office

expenses, temporary sheds and toilets, temporary utilities, equipment rental, clean-up costs, rubbish removal, watchmen's wages, material inspection and tests, all of the builder's insurance (except builder's risk), temporary walkways, temporary fences, and other similar expenses.

- Contractor Overhead: 2% of net construction costs.

With prior approval of the City, contractor fees may vary from the limits above provided the gross contractor fees do not exceed 14% of net construction costs.

Developer Fees – Developer fees are intended to compensate a developer for the time and effort of assembling a project, overseeing the development team, and carrying a project to fruition. Developer fees are also intended to compensate for the risk inherent in the development process, including that not every potential project proves viable and that developers must necessarily advance funds for their own operating costs and various third-party predevelopment costs prior to closing (or in some cases for projects that never proceed). The City, therefore, allows the inclusion of developer fees as follows:

- Developer Fee: 15% of total development costs less a) the developer fee itself; b) organizational expenses and/or syndication fees/cost (including investor due diligence fees); and c) reserves, escrows, and capitalized start-up/operating expenses (such as working capital, marketing, etc.).
- Maximum Limit: Regardless of percentage, the maximum developer fee shall be \$1.5M.
- Combined Contractor & Developer Fees: When an identity of interest exists between the owner/developer and the general contractor, the combined total of contractor fees and developer fees cannot exceed 20% of total development cost less a) the developer fee and b) other cost elements excluded from the calculation of the developer fee itself (see above).

In some cases, developers may delegate some of its responsibilities to third-party professionals or consultants. This may include contracting specific tasks – such as construction oversight of the builder or specialized consulting related to applying for or structuring various financial incentives like LIHTC. The costs of engaging such professionals, whether they are third parties or identity of interest relationships, must be paid from (and if separately itemized will be counted against) the allowable developer fee.

Reserves – Capitalized reserves to facilitate the initial start-up and to protect the ongoing viability of the project will include the following:

- Deficit Reserve: The City anticipates that in most cases, developments with predicted deficits during the affordability period would not be funded. However, in the event a development's long-term operating proforma projects actual cash deficits during the affordability period, an operating deficit reserve must be included in the development budget in an amount sufficient, taking into account any interest on reserve balances, to fully fund all predicted deficits through the affordability period.
- Lease-Up Reserve: A lease-up reserve intended to cover initial operating deficits following the completion of construction but prior to breakeven operations may be included. Any such reserve must be based on lease-up projections/cash-flow modeling and the lease-up (or absorption) period identified in the project's market study. In evaluating the appropriateness of any lease-up reserve, the City will consider whether the development budget includes specific line items for other start-up expenses that otherwise are typically

part of the ongoing operating budget for a development. This may include budgets for marketing, working capital, etc.

- Operating Reserve: An operating reserve equal to three (3) months of underwritten operating expenses, reserve deposits, and amortizing debt service must be included in the development budget. The operating reserve is intended as an “unexpected rainy day” fund and will only be accessible after a project has achieved stabilized occupancy.
- Replacement Reserve: For acquisition-rehabilitation projects, a capitalized replacement reserve must be included in the development budget. The capitalized replacement reserve should be funded at the greater of i) \$1,000 per unit; or ii) the amount determined by a capital needs assessment approved by the City.
- Other: The City may consider other specialized reserves as appropriate based on unique features of the project and/or requirements of other funding sources. These may include special security reserves, supportive service reserves, or transition reserves for projects with expiring project-based rental assistance contracts, etc.

Operating Revenues

The City will review an applicant’s projection of operating revenues to ensure they are reasonable and achievable both initially and through the affordability period. In evaluating operating revenues, the City will take into account the i) project-specific market study; ii) actual operating performance from other comparable projects including those from the applicant’s existing portfolio of real-estate owned; iii) data available from comparable projects in the City’s portfolio; and/or iv) information available from actual performance within TDHCA’s portfolio.

For purposes of the long-term operating proforma, operating revenue projections cannot be increased by more than 2% per year. The City reserves the right to “stress” proposals for underwriting purposes to assess the impact of lower inflationary increases, such as modeling the impact of only 1% rent increases for the first three to five years of a project’s affordability period.

Rents

All rents should be supported by the market study. Including the utility allowance, the gross rent for any income/rent restricted unit should demonstrate at least a 15% “discount” compared to comparable “market rate” units.

Additionally, to hedge against flat or declining rents to the owner in the event that income limits (and therefore rents) do not increase in a given year (particularly between commitment and lease-up), gross rents should demonstrate at least a 2.5% discount from the regulatory limit imposed on any income/rent restricted units by HOME, LIHTC, or other similar sources. As an alternative to setting rents below the applicable regulatory limit, the City will consider increasing the allowance for vacancy by 2.5%.

Non-Rental Revenue

Non-rental revenue must be fully explained and conservatively estimates. In general, no more than \$60-\$240 per-unit, per-year may be budgeted in “other revenue” including that from tenants fees (such as fees for late payment of rent, nonsufficient funds, garage/carport upgrades, pet fees, etc. or interest on operating account balances). Exceptions may be considered by the City based on the operating history of an acquisition/rehabilitation project or normalized operations are other comparable properties in the same market area.

Vacancy

Total economic vacancy includes physical vacancy (a unit is unrented), bed debt (a unit is occupied but the tenant is not paying rent), concessions (a unit has been leased for less than the

budgeted rent), and “loss to lease” (an pre-existing lease is less than the most recently approved annual rent but will be adjusted upward at renewal).

In all cases, based on the market study or other data available to the City, the City reserves the right to require higher vacancy projections. This may include higher vacancy rates for small developments (e.g. less than 20 unit) where standard percentage assumptions about vacancy may not be appropriate. Minimum allowances for vacancy must include:

- 5% for projects where all units are supported by a project-based rental assistance contract with a term equal to or in excess of the affordability period (e.g. project based Section 8); or
- 7% for all other projects.

As noted above, the minimum vacancy rate will be increased by 2.5% if budgeted gross rents are at the applicable regulatory maximums.

Operating Costs

The City will review an applicant’s projection of operating expenses to ensure they are reasonable and adequate to sustain ongoing operations of the project through the affordability period. In evaluating a proposed operating budget, the City will compare projects costs to i) actual operating expenses of comparable projects in the applicant’s existing portfolio of real-estate owned (insomuch as possible, comparable projects will be in the same vicinity and operated by the same management company); ii) actual operating expenses of other comparable projects in the City’s portfolio; iii) data available on the operating costs of affordable housing in the TDHCA portfolio; and/or iv) minimum per-unit, per-year allowances established by the City through periodic RFPs for rental housing.

For purposes of the long-term operating proforma, operating expenses, including reserve deposits, will be inflated at no less than 3% per year. The City reserves the right to “stress” proposals for underwriting purposes to assess the impact of higher operating cost factors, such as modeling the impact of higher inflation rates in general or for specific items of cost (for example, assessing the impact of high rates of increase for insurance or development paid utility costs).

Selected Items of Operating Cost

City HOME Monitoring Fee – Pursuant to 24 CFR 92.214(b)(1)(i), the City assesses an annual HOME monitoring fee. The operating budget for each project must include an allowance for the City’s annual HOME Monitoring Fee as specified in periodic RFPs issued by the City.

Property Management Fees – An allowance of 5% of effective gross income (i.e. gross rent potential plus other revenues minus actual vacancy, bad debt, concessions, etc.) should be included. In the event a lower management fee is proposed, the City will consider using a fee as low as 3% provided the proposed management company is acceptable to the City and has agreed in writing to the lower fee.

Property Taxes – Applicants must provide detailed explanations of property tax projections and, as applicable, provide documentation that any anticipated partial or full exemptions or payments in lieu of taxes (PILOT) have been approved by the appropriate tax assessor. In the absence of a tax exemption or PILOT, the operating budget must provide for a tax rate equal to 1.25% of the

market value of the property or the City, at its option, may require confirmation from the tax assessor of the applicant's projection.

Replacement Reserve Deposits – The operating budget must include minimum replacement reserve deposits of:

- New Construction Family: \$300 per-unit, per-year
- New Construction Senior: \$250 per-unit, per-year
- Rehabilitation: The greater of i) \$300 per-unit, per-year; or ii) a higher amount established by a CNA approved by the City.

Note: The City will reserve the right within a project's transactional documents to require periodic CNAs for all projects and to adjust ongoing replacement reserve deposits base on the results of the CNA to ensure that the replacement reserve is sufficient to address all anticipated needs for the project's affordability period of the term of the City's loan, whichever is longer.

Items Payable only from Surplus Cash

Certain costs, sometimes identified by project owners as "operating costs" cannot be included in the operating budget and will only be payable from surplus cash (aka cash flow). These include:

- Incentive Management Fees payable in addition to the allowable management fees noted above, whether paid to related party or independent third-party management fees.
- Asset Management Fees payable to any investor, general or limited partner, or member of the ownership entity.
- Deferred Developer Fees
- Operating Deficit Loan Payments made to any related party including any investor, general or limited partner, or members of the ownership entity.
- Other payments to investors, general or limited partners, or members of the ownership entity, however characterized, including but not limited to negative adjustors, yield maintenance fees, etc.

Ongoing Economic Viability

The City will review the ongoing economic viability of all projects, taking into account long-term projections of revenue and expenses. Projects must demonstrate they can be expected to remain viable for at least the affordability period, taking into account trending assumptions noted above, as well as other any other changes in operating revenues or expenses that can reasonably be anticipated based on other information available to the City or other project funders. In particular, the City will review the debt coverage ratio and operating margin as outlined below.

Debt Coverage Ratio

Projects must demonstrate a minimum debt coverage ratio (DCR) of 1.25 (Net Operating Income divided by amortizing debt service) throughout the affordability period. In some cases, for projects with relatively small levels of mortgage debt, this may require a higher initial DCR to ensure that the DCR in later years remains at or above the appropriate level.

Operating Margin

In addition to considering the DCR, the City will review the operating margin (surplus cash divided by total operating expenses and amortizing debt service). The operating margin must remain at or above 5% for the period of affordability.

Other Funding Sources

Prior to committing funds, all other funding sources necessary for a project must be identified, committed in writing, and consistent with both the City's underwriting requirements and the affordability restrictions of the HOME program. In general, developers must make all reasonable efforts to maximize the availability of other funding sources, including conventional mortgage debt and tax credit equity (as applicable), within commercially available and reasonable terms.

Additionally, restrictions or limitations imposed by other funding sources cannot conflict with any applicable HOME requirements and cannot, in the discretion of the City, create undue risk to the City.

Senior Mortgage Debt

Any amortizing mortgage debt that will be senior to the City's HOME loan must:

- Provide fixed-rate financing;
- Have a term equal to or in excess of the HOME affordability period. The affordability period will generally be 15 years beyond the date of "project completion" as defined in 24 CFR 92.2 for acquisition/rehabilitation projects and 20 years for new construction projects. In practice, the date of "project completion" will not be the same as "placed in service" date for tax purposes but for most projects will occur prior to permanent loan conversion following property stabilization. Inasmuch as possible, the first mortgage should have the longest amortization period available but cannot balloon prior to the expiration of the affordability period; and
- Allow the City's HOME covenant running with the land (i.e. the deed restrictions imposing the HOME affordability requirements) to be recorded senior to all other financing documents such that the HOME covenant is not extinguished in the case of foreclosure by a senior lender. Note the City HOME loan itself will be junior to conventional amortizing loans; only the deed restrictions must be senior.

Tax Credit Equity

Projections of tax credit equity must be documented by letters of intent or other similar offers to participate in the transaction by the proposed tax credit investor. Prior to committing funds, the applicant must provide evidence it has received a tax credit reservation from TDHCA and provide the proposed limited partnership agreement or operating agreement, as applicable, documenting the terms of the equity investment.

The City will review proposed equity pricing against information from other projects in the region to assess whether the pricing and terms are reasonable.

Deferred Developer Fee

It is common for projects to include deferred developer fees as a financing source. The City will generally require:

- That projections of surplus cash available (after any cash-flow contingent payment due the City) be sufficient to repay the deferred fee within 15 years (notwithstanding other "waterfall" provisions in the partnership or operating agreement, the City will assume that all surplus cash distributions will be credited against the developer fee);
- That following the initial application to the City, the level of deferred developer fee will remain fixed (in nominal dollar terms) in the event City underwriting identifies cost reductions, increases in other funding sources, or other changes that result in a net reduction of the "gap" to be filled with HOME funds; and

- That any net savings (or increased funding sources including but not limited to upward adjusters for tax credit equity) at project completion and cost certification will be used in equal parts to reduce the deferred developer fee and the City's permanent HOME loan. In the event savings are sufficient to eliminate the deferred fee in this manner, any remaining net savings will be used to further reduce the City's HOME loan, or in the sole discretion of the City, to increase the operating reserve.

Exceptions and Interpretation

The City has developed these guidelines for several reasons. Not only are they required by HUD as part of the City's role as a HOME PJ, but more generally they are intended to provide clarity to applicants on what the City expects and transparency about the "rules of the road." However, the City recognizes that it cannot pre-emptively identify every possible special circumstance that may warrant an exception to its general requirements, nor can it identify every possible "loophole" whereby a creative presentation of costs or other projections might subvert the general need to balancing of viability and reasonable returns, risk to the City and public benefit.

Consequently, the City reserves the right to waive specific underwriting criteria for specific projects when, in its judgement, the purposes of the program can be better achieved without taking on undue risk. When waiving any given requirement, the City may impose additional special conditions or business terms that are not otherwise typically applied to all projects.

For administrative ease, the City may also align its underwriting standards with those required by other public funders involved in a given transaction, particularly if those standards are more restrictive or conservative than the City's. However, the City retains the right, in its sole discretion, to decide whether to accept alternative standards.

The City also reserves the right to reject any element of a transaction that, despite not being specifically prohibited, was not anticipated by these guidelines of such an element or business term otherwise creates unacceptable risks, excessive returns to the owner/developer, or otherwise undermines the public purposes of the City's program.

Insomuch as is reasonable, the City will update and clarify these guidelines over time to account for exceptions, waivers, or additional restrictions it imposes.

APPENDIX 3

UNIVERSAL DESIGN GUIDELINES

This portion of the manual outlines the City's policy on Universal Design and the minimum design criteria for new affordable housing projects.

In order to ensure the sustainability of the projects supported by CDBG and HOME funds, the City has established guidelines in relation to Universal Design. In addition, the City wants to ensure that newly constructed units are compatible with existing neighborhoods.

Universal Design

This comprehensive housing policy creates a Universal Design construction requirements for all new single-family homes, duplexes, and triplexes using financial assistance from the City.

The goal of "Universal Design" is to ensure that housing can accommodate the needs of people with a wide range of abilities, including children, aging populations and persons with disabilities. Consequently, all new construction housing projects using City of Dallas CDBG and/or HOME funds will meet all the following criteria:

- At least one entrance shall have 36-inch door and be on an accessible route.
- All interior doors shall be no less than 32-inches wide; except for a door that provides access to a closet of fewer than 15 square feet in area. Each hallway shall have a width of at least 36-inches wide and shall be level and ramped or beveled changes at each door threshold.
- All bathrooms shall have the walls reinforced around the toilet, bathtub and shower; for future installation of grab bars.
- Each electrical panel, light switch or thermostat shall be mounted no higher than 48 inches above the floor. Each electrical plug or other receptacle shall be at least 15 inches from the finished floor.
- An electrical panel located outside the dwelling unit must be between 18 inches and 42 inches above the ground and served by an accessible route.
- All hardware installed to open/close doors and operate plumbing fixtures shall be lever handles.

Universal Design Waiver or Exterior Accessibility Requirements

The Director of Sustainable Development or his designee may only grant modifications or an exemption to the requirements of the Ordinance regarding full compliance with the exterior path of travel on an individual case-by-case basis. The criteria for granting a modification or exemption are as follows:

- The lots rise or falls so steeply from the street that a maximum 1:12 slope cannot be achieved without extensive grading; and
- No vehicular access to the back of the house will be available by means of an alley.
- Appeals of orders, decisions of determination made by the Director of Sustainable Development may be made to the Board of Adjustments.

Universal Design Implementation

- Clearly stamp or print "Universal Design" on plans submitted
- Clearly Identify design elements outlined in Ordinance.
- Certify that the plans comply with the requirements of the Ordinance.
- Plan checking, construction inspections and enforcement shall be accomplished by the Development Services Department in accordance with existing procedures.

Design Guidelines

All builders and developers of infill housing are strongly encouraged to incorporate the defining features of a neighborhood into newly constructed infill houses. Those defining features of older inner city neighborhoods may include: roof pitches, porches, materials, and window types. Developers must comply with any standards established by an existing neighborhood conservation district and/or approved neighborhood plans. Additionally, All projects must advance the principles and policies contained in the City of Dallas Complete Streets Design Manual. Site plans and building designs should contribute towards safe and convenient pedestrian, bicycle, transit and automobile access to the extent possible within the project site and the adjacent public right-of-way frontage.

For infill projects supported with CDBG and/or HOME funds, developers will be required to demonstrate that the neighborhood association near the land to be developed has been consulted on the design issues. Developers should obtain input and feedback from neighborhood residents and work with them to ensure that designs are compatible with existing housing and development patterns.

In extreme cases where an agreement cannot be reached between the developer and local neighborhood groups, CDBG and/or HOME funding may be pulled from the project.

Specific design guidelines may be developed for certain City sponsored projects. Historic and neighborhood conservation district requirements must also be met for all projects.

For rehabilitation projects, builders and developers are strongly encouraged to retain the defining features of older structures. This applies to multi-family and single-family projects.

APPENDIX 4

City of Dallas Income Limits and Part 5 Requirements

Per 24 CFR Part 92.203(b)(1), the City has elected to utilize the 24 CFR Part 5 definition for determining annual income which is commonly referred to as the "Section 8 Low-Income Limit". To be eligible for HOME or CDBG funds, households must have annual (gross) incomes at or below 80% of area median income, adjusted by household size and determined annually by the U.S. Department of Housing and Urban Development (HUD).

The *Technical Guide for Determining Income and Allowances for the HOME Program* should be utilized as a resource and the standard for the following determinations:

- Whose Income to Count
- Types of Income to Count
- Treatment of Assets
- Income Inclusions and Exclusions
- Verifying Income
- Comparing Annual Income to Published Income Limits
- Determining Household Size
- Source Documentation
- Timing of Income Certifications

The annual income limits are published by HUD each year at the webpage below.
<http://www.huduser.gov/portal/datasets/il/il15/index.html>

APPENDIX 5

Community Housing Development Organization (CHDO) Policy, Procedure, and Standards

WHAT IS A COMMUNITY HOUSING DEVELOPMENT ORGANIZATION (CHDO)?

A CHDO (pronounced cho'doe) is a private nonprofit, community-based service organization that has significant capacity, and whose **primary** purpose is, to develop affordable housing for the community it serves. Certified CHDOs receive special designation from the City of Dallas (City). The HOME Investment Partnership (HOME) Program definition of a CHDO is found at 24 CFR Part 92.2.

WHAT SPECIAL BENEFITS ARE AVAILABLE TO CHDOs?

HOME regulations require that the City set aside **15%** of its annual HOME allocation exclusively for qualified, eligible CHDO projects. If an organization becomes a certified CHDO, it is eligible to take advantage of the HOME funds set-aside just for CHDOs, as well as financial support for a portion of its operating expenses (Operating Assistance Grants) associated with CHDO projects. The City's CHDOs also have first right of purchase on land bank lots and as a nonprofit they are eligible to purchase HB110 lots.

REGULATORY REQUIREMENTS FOR CHDO CERTIFICATION

The U.S. Department of Housing and Urban Development (HUD) has established standard criteria for organizations to be eligible to become a certified CHDO:

1. **Organized Under State/Local Law.** A nonprofit organization must show evidence in its Articles of Incorporation that it is organized under state or local law.
2. **Nonprofit Status.** The organization must be conditionally designated or have a tax exemption ruling from the Internal Revenue Service (IRS) under Section 501(c) of the Internal Revenue Code of 1986. A 501(c) certificate from the IRS must evidence the ruling.
3. **Purpose of Organization.** Among its primary purposes, the organization must have the provision of decent housing that is affordable to low- and moderate-income people. This must be evidenced by a statement in the organization's Articles of Incorporation and/or Bylaws.
4. **Board Structure.** The board of directors must be organized to contain no more than one-third representation from the public sector and a minimum of one-third representation from the low-income community.
5. **No For-Profit Control.** The organization may not be controlled by, nor receive directions from, individuals or entities seeking profit from or that will derive direct benefit from the organization.
6. **No Individual Benefit.** No part of a CHDO's net earnings (profits) may benefit any members, founders, contributors, or individuals. This requirement must also be evidenced in the organization's Articles of Incorporation.
7. **Clearly Defined Service Area.** The organization must have a clearly defined geographic service area outlined in its Articles of Incorporation and/or Bylaws. CHDOs may serve individual neighborhoods or large areas. However, while the organization may include an entire community in their service area (such as a city, town, village, county, or multi-county area), they may not include the entire state.
8. **Low-Income Advisory Process.** A formal process must be developed and implemented for low-income program beneficiaries and low-income residents of the organization's service area to advise the organization in all of its decisions regarding the design, location, development and management of affordable housing projects.
9. **Capacity/Experience.** The key staff and board of directors must have significant experience and capacity to carry out CHDO-eligible, HOME-assisted projects in the community where it intends to develop affordable housing (key staff and board of directors have successfully completed HOME-funded, CHDO-eligible projects in the past).
10. **Community Service.** A minimum of one year of relative experience serving the community(ies) where it intends to develop affordable housing must be demonstrated.

11. **Financial Accountability Standards.** The organization must meet and adhere to the financial accountability standards as outlined in 2 CFR 200 Subpart D, "Standards for Financial and Program Management."

CITY REQUIREMENTS FOR CHDO CERTIFICATION

In addition to the regulatory requirements, the City has established additional criteria for CHDO designation. To be eligible for CHDO designation, an organization must also:

1. Maintain a record of good standing with the Texas Secretary of State's office.
2. Maintain a staffed, physical office location in the proposed service area that is open for business and accessible by potential program applicants during generally-accepted customary business hours.
3. Have established a minimum **3-year** strategic business plan, which must include CHDO- related production and community involvement goals.
4. Maintain a history of no significant compliance findings on its City funded projects.

The City will accept applications from new CHDOs year-round; however, CHDO certifications will not be provided until a project is identified for funding and prior to execution of a written agreement. Please note that the criteria noted above is not intended to be all-inclusive and the City may require additional information prior to making a determination for CHDO designation. Meeting the above requirements does not guarantee that the organization will be granted CHDO designation. City reserves the right to deny or revoke CHDO designation based upon its evaluation of the nonprofit organization's performance. Designated CHDOs will be evaluated periodically for production and other benchmarks as established by City.

ORGANIZATIONAL STRUCTURE REQUIREMENTS FOR CHDO CERTIFICATION

The HOME Program establishes requirements for the organizational structure of a CHDO to ensure that the governing body of the organization is **controlled by the community it serves**. These requirements are designed to ensure that the CHDO is capable of decisions and actions that address the community's needs without undue influence from external agendas.

There are four specific requirements related to the organization's board, which must be evidenced in the organization's Articles of Incorporation and/or Bylaws. These are:

1. **Low Income Representation.** At least one-third of the organization's board must be representatives of the low-income community served by the CHDO. There are three ways a board member can meet the definition of a low-income representative:

- The person lives in a low-income neighborhood where **51%** or more of the residents are low-income. This person need not necessarily be low-income.

or

- The person is a low-income (below **80%** area median income) resident of the community.

or

- The person was elected by a low-income neighborhood organization to serve on the CHDO board. The organization must be composed primarily of residents of the low-income neighborhood and its primary purpose must be to serve the interests of the neighborhood residents. Such organizations might include block groups, neighborhood associations, and neighborhood watch groups.

The CHDO is required to certify the status of low-income representatives.

2. **Public Sector Limitations.** No more than one-third of the organization's board may be representatives of the public sector, including elected public officials, appointees of a public official, any employees of a local government or public school system, or employees of City or

the State of Texas. If a person qualifies as a low-income representative **and** a public-sector representative, their role as a public-sector representative supersedes their residency or income status. Therefore, this person counts toward the one-third public sector limitation.

3. **Low-Income Advisory Process.** Input from the low-income community is not met solely by having low-income representation on the board. The CHDO must provide a formal process for low-income program beneficiaries to advise the CHDO on design, location of sites, development and management of affordable housing. The process must be described in writing in the Articles of Incorporation and/or Bylaws. Each project undertaken by the CHDO should allow potential program beneficiaries to be involved and provide input on the entire project from project concept, design and site location to property management. One way to accomplish this requirement is to develop a project advisory committee for each project or community where a HOME assisted project will be developed. Proof of input from the low-income community will be required at the CHDO's annual recertification.
4. **For-Profit Limitations.** If a CHDO is sponsored by a for-profit entity, the for-profit may not appoint more than one-third of the board. The board members appointed by the for-profit may not appoint the remaining two-third of the board members.

EXPERIENCE, CAPACITY AND ROLES (24 C.F.R. 92.300-92.303)

To be certified as a CHDO, the HOME Program requires organizations to demonstrate sufficient experience, capacity, and financial accountability.

Experience & Capacity: A CHDO must certify to City that it has the capacity, demonstrated by having paid staff with demonstrated capacity to perform the specific role for which is it being funded. CHDO staff can be full-time or part-time and can be contract employees. The CHDO cannot count the experience of board members, donated staff, parent organization staff, or volunteers to meet the capacity requirement. The CHDO can only count capacity brought to the table by a consultant in the first year of participation. Afterward, the CHDO must demonstrate capacity based upon paid staff.

The CHDO must demonstrate experience and capacity relevant to the project and its role as owner, developer, or sponsor. If the CHDO is the owner, its staff must have the capacity to act as the owner (this may mean the ability to oversee development.) If the CHDO is the developer or sponsor, its staff must have development experience on projects of similar scope or complexity.

CHDOs must demonstrate a history of serving the community where the housing to be assisted with HOME funds will be located. HUD requires that organizations show a history of serving the community by providing:

- A statement that documents at least one year of experience serving the community.
- For newly created organizations, provide a statement that the parent organization (if applicable) has at least 1-year experience serving the community.

CHDOs must provide resumes and/or statements of key staff members that describe their experience of successfully completed projects similar to those proposed.

CHDO SERVICE AREA

While the City does not limit the number of counties is a CHDO's service area, the very definition of a CHDO is that it be community-based. Therefore, an organization proposing a large or regional service area must demonstrate that it is taking the appropriate steps to achieve the community-based component. Some of the ways this can be achieved is by having an active community (nonpublic) representative from each of the counties on the CHDO's board of directors; establishing local advisory councils to advise the CHDO board on topics relative to the organization's activities; hosting "town hall" meetings in the proposed project areas, etc. the City will consider other methods suggested by the CHDO. CHDOs will be required to provide updates on how it is ensuring that it is active and visible in the communities included in its

service area.

The City reserves the right to limit CHDOs going into a service area where an existing CHDO is already providing service. Unless a CHDO is already approved to serve a particular territory, the City will not approve CHDOs to serve overlapping territory.

CHDO RECERTIFICATION

To ensure compliance with the HOME regulations, the recertification process will apply to CHDOs with active development projects including those under development and within the affordability period. Each CHDO will be required to submit specific information to City on an annual basis in conjunction with annual monitoring and compliance audits, including, but not limited to:

- The response to questions, numbered exhibits, and attachments listed in the City's CHDO certification application
- An updated **3-year** business plan and a description of how the low-income advisory process was implemented. If no HOME funds were used within the reporting period, a detailed description of all other affordable housing initiatives undertaken will be requested.

Recertification will be required **ANNUALLY WHEN THE CITY MONITORS THE CHDO FOR COMPLIANCE**. The CHDO must recertify as to its continued qualifications as a CHDO and its capacity to own, sponsor, or develop housing.

CHDOs that have not been allocated project funds from the HOME CHDO set-aside for **3** consecutive years will be deemed inactive. At its discretion, the City may revoke the designation of inactive CHDOs based upon a review of other non-CHDO housing activities the organization has undertaken (if any), as well as other factors deemed appropriate by City.

CHDO SET-ASIDE

The HOME requirements at 24 CFR Part 92.300 require City to set aside at least **15%** of its annual HOME allocation for projects owned, developed or sponsored by CHDOs. A certified CHDO must serve as the owner, developer or sponsor of a HOME-eligible project when using funds from the **15%** percent CHDO set-aside. A CHDO may serve in one of these roles or it may undertake projects in which it combines roles, such as being both an owner and developer. The CHDO must be certified for each type of activity it plans to undertake.

FINANCIAL ACCOUNTABILITY

CHDOs must have financial accountability standards that conform to the requirements detailed in 2 CFR 200 – Subpart D, “Standards for Financial and Program Management.” This can be evidenced by:

- A notarized statement by the president or chief financial officer of the organization.
- Certification from a certified public accountant.
- Audit completed by CPA.
- City reserves the right to request additional audited financial statements at any time.

ELIGIBLE AND INELIGIBLE USES OF HOME CHDO SET-ASIDE FUNDS

ELIGIBLE ACTIVITIES - OWNERS, SPONSORS, DEVELOPERS

Using the **15%** set-aside, a CHDO acting as an owner, sponsor, or developer may undertake any of the following activities:

- Acquisition and/or rehabilitation of rental property;
- New construction of rental housing;

- Acquisition, rehabilitation and resale of existing, vacant homebuyer property;
- New construction of homebuyer property;
- Direct financial assistance to purchasers of HOME-assisted housing developed by a CHDO with HOME CHDO set-aside funds.

Please note that to be considered a CHDO-eligible project, CHDO set-aside HOME funds must be used during the construction or rehabilitation of the project.

INELIGIBLE CHDO ACTIVITIES

Using the **15%** set-aside, a CHDO may not undertake any of the following activities:

- Rehabilitation of existing homeowners' properties;
- Tenant-based rental assistance (TBRA); or
- Down payment and/or closing cost assistance to purchasers of housing not developed with HOME CHDO set-aside funds.

ELIGIBLE ACTIVITIES – SUBRECIPIENTS

CHDOs may also act as subrecipients with non-set-aside funds by undertaking other HOME-eligible activities such as:

- Tenant-Based Rental Assistance (TBRA);
- Owner-occupied rehabilitation of single-family dwellings; and
- Down payment or closing cost assistance in the acquisition of single-family units.

OPTIONAL OPERATING EXPENSES

From time to time, funds may be available to provide general operating assistance to CHDOs receiving CHDO set-aside funds for activities. When funds are available, certified CHDOs that are administering an eligible project funded from the CHDO set-aside may be eligible to receive funds to be used for operating expenses. The regulations allow the City to allocate no more than **5%** of its HOME allocation for CHDO operating expenses (Operating Assistance Grants). However, the City reserves the right to further restrict the amount of funds an entity may receive for CHDO operating funds. This allocation does not count toward the required **15%** CHDO set-aside funds that are to be used by CHDOs for projects.

The amount of the optional Operating Assistance Grants awarded will be based on, but not limited to, the following factors:

1. The total amount of HOME funds City has available to allocate for reimbursable CHDO operating expenses;
2. The anticipated completion date and size of your current CHDO set-aside project(s); and
3. The CHDO's past performance as a CHDO developer.
4. The CHDO's capacity to complete the project in a timely manner.
5. The ability of the CHDO to retain CHDO proceeds.

The City will allocate Operating Assistance Grants on annually. Operating Assistance Grants will be provided on a fiscal year basis (October 1 – September 30) provided funds are available and the CHDO has demonstrated acceptable performance.

Although the disbursement of CHDO operating funds is not tied directly to the drawdown of the CHDO project funds, the City reserves the right to delay disbursement of operating funds if it is evident that the CHDO project is experiencing excessive delays.

City reserves the right to reduce the amount of, or not award, operating funds based upon its evaluation of the CHDO's production and overall performance.

Eligible operating expenses for which CHDOs may use operating funds include:

- Salaries, wages, benefits, and other employee compensation
- Employee education, training and travel
- Rent and utilities
- Communication costs
- Taxes and insurance
- Equipment, materials and supplies

Because the purpose of providing CHDO operating support is to nurture successful CHDOs and ensure their continued growth and success, the City will periodically evaluate the performance of any CHDO wishing to receive CHDO operating funds.

CHDO PROCUREMENT

As noted in HUD CPD Notice 97-11, CHDO organizations are not subject to the requirements of 2 CFR, Part 200 in regard to the procurement of goods and services. However, the City strongly encourages organizations to ensure that costs are reasonable and equitable. This exemption is only applicable to procurement associated with CHDO-eligible projects; CHDOs must still follow appropriate procurement procedures compliant with Part 200 for its non-CHDO projects. City may request a copy of the CHDO's procurement policy for any non-CHDO project funding proposals.

EFFECTIVE PERIOD OF CHDO CERTIFICATION

To maintain its CHDO certification, the CHDO must submit at least **30** days prior to its annual compliance and monitoring audit a copy of the most recent audit financial statements along with all required attachments listed in the City's CHDO Certification Application, which is attached to this manual as **Exhibit "A" – City CHDO Application**. If the CHDO fails to submit the recertification packet, the CHDO may no longer qualify as a CHDO. Prior to awarding any City CHDO funds, the CHDO must recertify that no changes have occurred within the agency that would disqualify the entity as a CHDO for the specific type of activity being undertaken.

HOW TO APPLY FOR CHDO CERTIFICATION

Complete the City's CHDO Certification Application including all requested attachments, documentation, and forms. The applicant has **30** days to respond to any request for additional information. If information is not received within **30** days, the CHDO certification application will be denied.

Exhibit “A” – City CHDO Application

A Community Housing Development Organization (CHDO) is a private, nonprofit, community-based service organization that has obtained staff with the capacity to develop affordable housing in the community it serves.

The following application details the requirements that nonprofit corporations must satisfy to be certified as a CHDO by the City of Dallas Housing and Neighborhood Revitalization Department (HNR). Please refer to the CHDO Manual which provides details and additional requirements HNR will use in reviewing your application submission. The CHDO Manual can be found on the City of Dallas (City) website at www.dallascityhall.com/departments/housing-neighborhood-revitalization.

Please fully complete the application and supply all requested documentation. An incomplete application package will significantly delay the consideration of your application.

We are here to help if you have any questions in completing the application. Please do not hesitate to contact Cynthia Rogers-Ellickson (214) 670-3601 for assistance.

We look forward to receiving your application!

Submit Original Certification Application Package to:

Cynthia Rogers-Ellickson
Housing Development Manager
Housing and Neighborhood
Revitalization

I. LEGAL STATUS

1. **ORGANIZED:** To receive certification, your organization must be organized under state or local laws and must provide evidence of your legal status. Organization must Maintain a record of good standing with the Texas Secretary of State's office. Which of the following have you supplied?
- ☐ Charter
 - ☐ Articles of Incorporation along with confirmation from the Secretary of State; and
 - ☐ Certificate of Good Standing or comparable document from the Secretary of State.
- Provided in Exhibit # _____(please specify Exhibit #)**
2. **PURPOSE OF ORGANIZATION:** An organization must have among its purposes the provision of decent housing that is affordable to low and moderate-income persons'. Which of the following have you included that demonstrate compliance with this requirement?
- ☐ Charter
 - ☐ By-laws signed by the board Secretary
 - ☐ Articles of Incorporation
- Provided in Exhibit # _____(please specify Exhibit #)**
3. **NO INDIVIDUAL BENEFIT:** No part of your organization's net earnings can inure to the benefit of any member, founder, contributor or individual. Which of the following have you included that demonstrate compliance with this requirement?
- ☐ Charter
 - ☐ By-laws signed by the board Secretary
 - ☐ Articles of Incorporation
- Provided in Exhibit # _____(please specify Exhibit #)**
4. **SERVICE AREA:** To receive certification an organization must have a clearly defined geographic service area. The service area can be an area larger than a single neighborhood but must be an area smaller than an entire state. CHDO must maintain a staffed, physical office location in the proposed service area that is open for business and accessible by potential program applicants during generally-accepted customary business hours. If you will be serving a special population the geographic boundaries and your service area must also be defined. Which of the following have you included to demonstrate that your organization has a clearly defined geographic service area?
- ☐ Charter
 - ☐ By-laws signed by the board Secretary
 - ☐ Articles of Incorporation
- Provided in Exhibit # _____(please specify Exhibit #)**
5. **TAX EXEMPT RULING:** Your organization must have a tax-exempt ruling from the Internal Revenue Service (IRS), under section 501 (c) (3), 501 (c) (4) or a Section 905 of the Internal Revenue Code of 1986. Which of the following have you provided to indicate receipt of such a ruling?
- ☐ A 501 (c) (3) Certificate Letter from the IRS
 - ☐ A 501 (c) (4) Certificate Letter from the IRS
 - ☐ A group exemption letter, that is dated 1986 or later, from the IRS that includes the agency seeking certification as a CHDO (acceptable for Section 905 organizations only)
- Provided in Exhibit # _____(please specify Exhibit #)**

II. ORGANIZATIONAL STRUCTURE

6. **BOARD COMPOSITION:** To be certified a CHDO, an organization must structure the board of directors to consist of **at least** one-third representatives of the low-income community and no more than one-third representatives of the public sector. These provisions and examples are as follows:
- a) An applicant organization must ensure that at all times **at least** one-third of its governing board consists of representatives of the low-income community. There are three ways to meet this requirement: 1) Individuals can be residents of a low-income neighborhood in the organization's service area (but do not necessarily have to earn a low income themselves), 2) they can be low-income residents of the community, or 3) they can be appointed representatives to the board from a low-income neighborhood association. Which of the following documents have you provided that demonstrate that the one-third requirement will be maintained?
- ☐ Charter
 - ☐ By-laws signed by the board Secretary
 - ☐ Articles of Incorporation

Provided in Exhibit # _____ (please specify Exhibit #)

- b) An organization's board of directors may consist of no more than one-third representatives of the public sector. Representatives of the public sector include: 1) **elected officials** such as council members, 2) **appointed public officials** such as planning or zoning commission, regulatory or advisory boards, 3) **public employees** which include employees of public agencies or departments of the City such as fire and police, and 4) any individual who is not necessarily a public official, but has been **appointed by a public official** to serve on the organization's Board of Directors. Which of the following have you provided that demonstrate that the one-third cap on public representation will be met?
- ☐ Charter
 - ☐ By-laws signed by the board Secretary
 - ☐ Articles of Incorporation

(Under the HOME Program, "community" is defined as one or several neighborhoods or the city at large)

In order to verify that your **current board** meets both the low-income requirement and the limits on public- sector representation above, please complete the worksheet included as **Attachment B** to this application. In order to complete the worksheet, you will need to know whether the board member resides in a 'low-income' neighborhood or whether the board member qualifies as a low-income resident. An individual residing in a household earning **80%** of the area median family income or less meets the "low-income" designation. **Attachment E** provides the dollar amount of that income can by family size. If you are uncertain as to whether the neighborhood your board

7. **LOW-INCOME INPUT:** To be certified a CHDO, an organization must provide a specific formal process for low-income program beneficiaries to advise the organization in all of its decisions regarding the design, location of sites, development and management of affordable housing projects. Specifically, a detailed plan for ensuring that input from low-income program beneficiaries will be solicited and integrated into the decision-making and project development processes of the organization. Which of the following has your organization provided, that detail the systems you will use to gather community involvement/input from those affected by your projects?
- ☐ By-laws signed by the board Secretary
 - ☐ A Board Resolution, (written statement of operating procedures approved by the governing body).

Provided in Exhibit # _____ (please specify Exhibit #)

III. RELATIONSHIP WITH OTHER ENTITIES

RELIGIOUS ORGANIZATION SPONSORSHIP:

8. Is your nonprofit organization sponsored or created by a religious organization?

☐ Yes, (please continue with the following)

☐ No, (if no, skip to # 9)

A religious organization cannot qualify as a CHDO, but they may sponsor the creation of a wholly secular nonprofit. The developed housing must be used exclusively for secular purposes. It must also be ensured that housing will be made available to all persons, regardless of religious affiliation or belief. The religious organization can appoint an unlimited number of board members to the housing organization's board, but the religious organization cannot control the housing organization. Which of the following has been provided to demonstrate that all of these provisions will be met in the operation of the organization?

☐ By-laws

☐ Charter

☐ Articles of Incorporation

Provided in Exhibit # _____ (please specify Exhibit #) PUBLIC ENTITY SPONSORSHIP:

9. Was your organization chartered by a state or local government?

☐ Yes, (please continue with the following)

☐ No, (If no, skip to # 10)

The state or local government may not appoint more than one-third of the organization's governing body, and the board members appointed by the state or local government may not, in turn, appoint the remaining two-thirds of the board members. Which of the following has been provided that demonstrate compliance with these requirements?

☐ By-laws signed by the board Secretary

☐ Charter

☐ Articles of Incorporation

Provided in Exhibit # _____ (please specify Exhibit #) FOR-PROFIT RELATIONSHIPS:

10. Is the nonprofit organization being sponsored by or was it created by a for-profit entity?

☐ Yes, (please continue with the following, # 11-14)

☐ No, (If no, skip to # 15)

11. A CHDO cannot be controlled by, nor receive direction from individuals or entities seeking profit from the organization. Which of the following has been provided to address compliance with this requirement?

☐ By-laws signed by the board Secretary

☐ A Memorandum of Understanding (MOU)

Provided in Exhibit # _____ (please specify Exhibit #)

III. RELATIONSHIP WITH OTHER ENTITIES, Continued...

12. An organization may be sponsored or created by a for-profit entity, however; the for-profit entity's primary purpose may not include the development or management of housing. Please provide the following to evidence compliance:

☐ The By-laws of the for-profit entity

Provided in Exhibit #_____ (please specify Exhibit #)

13. The nonprofit organization is free to contract for goods and services from vendor(s) of its own choosing. Which of the following items has been provided to demonstrate that the nonprofit is free to do this?

☐ By-laws signed by the board Secretary

☐ Charter

☐ Articles of Incorporation

Provided in Exhibit #_____ (please specify Exhibit #)

14. If the nonprofit is sponsored by a for-profit entity, the for-profit entity may not appoint more than one-third of the organization's governing body, and the board members appointed by the for-profit entity may not, in turn, appoint the remaining two-thirds of the board members. Which of the following items has been provided to demonstrate that the nonprofit is free to do this?

☐ By-laws signed by the board Secretary

☐ Charter

☐ Articles of Incorporation

Provided in Exhibit #_____ (please specify Exhibit #)

IV. EXPERIENCE and CAPACITY

15. **FINANCIAL ACCOUNTABILITY:** The organization must have financial accountability standards that conform to 2 CFR 200 Subpart D, "Standards for Financial and Program Management", which is included as **Attachment A** to this application. These standards are a variation on OMB Circular A-133 but are an updated version to that circular. The organization must certify that its financial management and internal controls comply with this specific standard. Which of the following have you provided to evidence compliance with this federal requirement?

- ☐ A notarized statement by the Treasurer or Chief Financial Officer of the organization
- ☐ Certification from a Certified Public Accountant
- ☐ HUD approved audit summary

Provided in Exhibit # _____ (please specify Exhibit #)

16. **AUDIT REQUIREMENT:** The City of Dallas requires that your organization submit audited financial statements for the organization's most recent program year. The audits financials should include all components conducted, including any A-133 analysis of compliance with federal grants, analysis of internal controls, letter to the Board of Directors or management letters. If your organization does not have audited financial statements because it has been operating for less than one year, you must submit the audited financial statements of the parent or sponsor organization, along with your organization's current unaudited financial statements.

Provided in Exhibit # _____ (please specify Exhibit #)

NOTE: No nonprofit organization shall be certified as a CHDO if the organization's most recent audit reflects an outstanding finding, material weakness or other unresolved matter, which would prevent the City of Dallas from certifying the capacity of that organization to successfully develop a CHDO project.

17. **EXPERIENCE:** To become a certified CHDO, the organization must demonstrate a capacity for carrying out housing projects assisted with HOME funds. A designated organization undertaking development activities as a developer or sponsor must satisfy this requirement by having paid employees with housing development experience who will work on projects assisted with HOME funds or by contract with a consultant who has housing development experience to train appropriate key staff of the organization. The organization must have **at least** one year of experience serving the community where the housing to be assisted with HOME funds is to be located. The year of service does **not** have to be directly related to housing. Newly created organizations wishing to become CHDOs can meet the requirement if the parent (or sponsoring) organization is a nonprofit and has provided services to the community for at least one year. These are the two forms in which capacity may be documented and accepted. Which of the two have you provided to demonstrate compliance with this requirement?

- ☐ A statement signed by the Executive Director that documents at least **1** year of experience serving the community prior to seeking CHDO certification plus details the type of service provided; and have paid employees or a consultant with housing development experience working on projects assisted with HOME funds **OR**,
- ☐ A statement signed by the Executive Director that documents that its parent or sponsoring organization has at least **1** year of experience serving the community prior to seeking CHDO certification plus details the type of service provided; and have paid employees or a consultant with housing development experience working on projects assisted with HOME funds

Provided in Exhibit # _____ (please specify Exhibit #)

- 17a. **3-Year Business Plan:** To be eligible for CHDO designation, an organization must also have established a minimum 3-year strategic business plan, which must include CHDO- related production and community involvement goals.

Provided in Exhibit # _____ (please specify Exhibit #)

18. **PROJECT DETAIL:** As a next step toward assessing your organization's capacity, please provide the following information about the type of project(s) your organization is currently developing or expects to develop in the next 6 months:

NUMBER OF UNITS IN FIRST PROJECT:__

BUILDING TYPE:	EXPECTED USE:	CONCENTRATION:	CONSTRUCTION ACTIVITY
<input type="checkbox"/> Single Family buildings	<input type="checkbox"/> Rental <input type="checkbox"/> Homeownershi	<input type="checkbox"/> Single Site <input type="checkbox"/> Scattered Site	<input type="checkbox"/> Acquisition <input type="checkbox"/> New Construction
FOR RENTAL ONLY:		FOR HOMEOWNERSHIP ONLY:	
<input type="checkbox"/> CHDO will do Property Management		<input type="checkbox"/> CHDO will do Homeownership Counseling	
<input type="checkbox"/> CHDO will contract out for Property Management		<input type="checkbox"/> CHDO will work with established Homeownership Counseling or replace	

Additional comments about the project?

19. **STAFF AND CAPACITY:** To be certified as a CHDO, the organization must have paid staff *. HUD defines CHDO staff as paid employees who are responsible for the day-to-day operations of the CHDO; this does not include volunteers, board members or consultants. Additionally, the organization must demonstrate the capacity of its key staff to carry out the activities it is planning to undertake. Specifically, the key staff who will be responsible for the project must have successfully completed projects **similar to those the organization expects to undertake**. Please submit the following to evidence staff capacity:

- ☐ Resumes of key staff members who have successfully completed projects similar to that being proposed, (include project descriptions of relevant completed projects)

Provided in Exhibit #_____ (please specify Exhibit #)

** HUD's Definition of a paid employee is a person whose salary, payroll taxes, and unemployment insurance are paid by the organization and from whom the organization withholds payroll and income taxes. Receipt of a W-2 is sufficient evidence that an individual is a 'paid employee'. The employee must be paid by the CHDO and, therefore cannot be contracted through, shared with, or cost-allocated through another entity. Employees of a for-profit organization that created a CHDO cannot also be employees of that CHDO.*

Please submit a roster of the organizations current board composition and their positions on the board.

Please describe the organization's current staffing by completing Attachment C

PLEASE REVIEW THE FOLLOWING CHECKLIST TO BE SURE YOUR APPLICATION

SUBMISSION INCLUDES ALL OF THE ITEMS LISTED BELOW:

- ☐ All questions have been answered, exhibit numbers indicated, and the Executive Director has signed the certification statement on page one.
- ☐ Attachment B, Board information has been completed for every board member and is enclosed.
- ☐ Attachment C, Staff information has been completed for every staff person and is enclosed.
- ☐ All exhibits referenced in the application are numbered and enclosed.

Thanks very much for applying for CHDO Certification with the City of Dallas's Housing and Neighborhood Revitalization Department. We will work diligently to provide you with a quick response to your application.

ATTACHMENT A TO CHDO CERTIFICATION APPLICATION
HUD—Required Standards for Financial Management and Internal Controls

Code of Federal Regulations, Title 2, Volume 200, Parts 302 and 303

Revised as of December 19, 2014

From the U.S. Government Printing Office via GPO Access

[CITE: 2CFR200.302, 2CFR200.303], Page 107-108

TITLE 2-- GRANTS AND AGREEMENTS

Subpart D--Post Federal Award Requirements

Sec. 200.302-- **Financial management.**

- (a) Each state must expend and account for the Federal award in accordance with state laws and procedures for expending and accounting for the state's own funds. In addition, the state's and the other non-Federal entity's financial management systems, including records documenting compliance with Federal statutes, regulations, and the terms and conditions of the Federal award, must be sufficient to permit the preparation of reports required by general and program specific terms and conditions; and the tracing of funds to a level of expenditures adequate to establish that such funds have been used according to the Federal statutes, regulations, and the terms and conditions of the Federal award. See also §200.450 Lobbying.
- (b) The financial management system of each non-Federal entity must provide for the following (see also §§ 200.333 Retention requirements for records, 200.334 Requests for transfer of records, 200.335 Methods for collection, transmission and storage of information, 200.336 Access to records, and 200.337 Restrictions on public access to records):
 - (1) Identification, in its accounts, of all Federal awards received and expended and the Federal programs under which they were received. Federal program and Federal award identification must include, as applicable, the CFDA title and number, Federal award identification number and year, name of the Federal agency, and name of the pass-through entity, if any.
 - (2) Accurate, current, and complete disclosure of the financial results of each Federal award or program in accordance with the reporting requirements set forth in §200.327 Financial reporting and 200.328 Monitoring and reporting program performance. If a Federal awarding agency requires reporting on an accrual basis from a recipient that maintains its records on other than an accrual basis, the recipient must not be required to establish an accrual accounting system. This recipient may develop accrual data for its reports on the basis of an analysis of the documentation on hand. Similarly, a pass-through entity must not require a subrecipient to establish an accrual accounting system and must allow the subrecipient to develop accrual data for its reports on the basis of an analysis of the documentation on hand.
 - (3) Records that identify adequately the source and application of funds for federally-funded activities. These records must contain information pertaining to Federal awards, authorizations, obligations, unobligated balances, assets, expenditures, income and interest and be supported by source documentation.
 - (4) Effective control over, and accountability for, all funds, property, and other assets. The non-Federal entity must adequately safeguard all assets and assure that they are used solely for authorized purposes. See §200.303 Internal controls.
 - (5) Comparison of expenditures with budget amounts for each Federal award.
- (6) Written procedures to implement the requirements of §200.305 Payment.
- (7) Written procedures for determining the allowability of costs in accordance with Subpart E—Cost Principles of this part and the terms and conditions of the Federal award.

[CITE: 2CFR200.302, 2CFR200.303], Page 107-108

TITLE 2-- GRANTS AND AGREEMENTS

Subpart D--Post Federal Award Requirements

Sec. 200.303-- **Internal controls.**

The non-Federal entity must:

- (a) Establish and maintain effective internal control over the Federal award that provides reasonable assurance that the non-Federal entity is managing the Federal award in compliance with Federal statutes, regulations, and the terms and conditions of the Federal award. These internal controls should be in compliance with guidance in "Standards for Internal Control in the Federal Government" issued by the Comptroller General of the United States or the "Internal Control Integrated Framework", issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO).
- (b) Comply with Federal statutes, regulations, and the terms and conditions of the Federal awards.
- (c) Evaluate and monitor the non-Federal entity's compliance with statutes, regulations and the terms and conditions of Federal awards.
- (d) Take prompt action when instances of noncompliance are identified including noncompliance identified in audit findings.
- (e) Take reasonable measures to safeguard protected personally identifiable information and other information the Federal awarding agency or pass-through entity designates as sensitive or the non-Federal entity considers sensitive consistent with applicable Federal, state, local, and tribal laws regarding privacy and obligations of confidentiality.

ATTACHMENT D TO CHDO CERTIFICATION APPLICATION

City of Dallas
Community Housing Development Organization
CERTIFICATION REQUIREMENTS

To be certified as a Community Housing Development Organization (CHDO), an organization must meet the minimum certification criteria as required by the U.S. Department of Housing and Urban Development. Additionally, the organization must comply with the following policies in order to receive CHDO certification from the Housing and Neighborhood Revitalization Department (HNR).

NO DISTRIBUTIONS

An applicant organization's charter or the articles of incorporation must specify that no net earnings of the corporation can inure to the benefit of any member, founder, contributor or individual. All net income must be reinvested in the projects developed by the organization or in subsequent affordable housing projects.

BOARD COMPENSATION

Board members may receive a reasonable fixed sum and expenses for each board meeting he/she attends. However, board members cannot receive a salary for their service as a board member. For HNR staff to verify the reasonableness of compensation, CHDO applicants are required to submit all financial statements and, upon request, any other documents necessary for HNR to verify the amount of compensation provided to board members and the services for which the sum was paid.

SPONSORSHIP OR CREATION BY A RELIGIOUS ORGANIZATION

A religious organization cannot become a CHDO but can create a wholly secular nonprofit housing organization. The sponsoring organization can appoint an unlimited number of board members to the board of the housing organization. Beyond that, however, the housing organization cannot be controlled by the religiously-based sponsor organization. That is, the housing organization must be free to select its projects, to procure its goods, services and financing, and to otherwise operate the organization without influence or intervention by the religiously based sponsor. Additionally, the housing developed by the housing organization must be made available to all persons, regardless of religious belief or affiliation. The by-laws of the housing organization must include language that ensures compliance with all of the above requirements.

REPRESENTATIONS AND WARRANTIES

Any applicant who submits fabricated information, documentation or signatures as part of or along with its CHDO application, or any applicant who misrepresents any aspect of the board, staff or organizational accomplishments, experience or expertise shall be disqualified from the CHDO certification process for a period of 1 year. The 1-year disqualification period will begin at the time the misrepresentation is made by the HNR Department and is reported in writing by HNR staff to the applicant organization. If an applicant believes the HNR determination of misrepresentation is in error, the applicant organization may appeal the decision in writing to the Director of the Housing and Neighborhood Revitalization.

AUDIT

The Housing and Neighborhood Revitalization Department requires that your organization submit audited financial statements for the organization's most recent program year. If your organization does not have audited financial statements because it has been operating for less than one year, you must submit the audited financial statements of the parent or sponsor organization, along with your organization's current unaudited financial statements. No nonprofit organization shall be certified as a CHDO if the organization's most recent audit has an outstanding finding, material weakness or other unresolved matter which would prevent the Housing and Neighborhood Revitalization from certifying the capacity of that organization to successfully develop a CHDO project. The audit will also be used in assessing the organization's financial capacity for executing the affordable housing activities it intends to pursue.

VERIFICATION OF COMPLIANCE WITH BYLAWS

As part of the certification process, the Housing and Neighborhood Revitalization may do all necessary due diligence to verify that the operations of an applicant organization are being conducted in keeping with the by-laws submitted in the CHDO Certification application.

APPENDIX 6

Recapture/Resale Requirements for Homebuyer Activities

To ensure that HOME investments yield affordable housing over the long term, HOME regulations impose occupancy requirements over the length of an affordability period. If a house purchased with HOME funds is sold during the affordability period, recapture or resale provisions as per 24 CFR 92.254 shall apply to ensure the continued provision of affordable homeownership.

Definitions

Affordability Period: Occupancy restrictions for varying lengths of time for those homeowners assisted with HUD HOME funds. The affordability period affects the terms of the resale/recapture of the property if sold during the affordability period.

HOME Affordability Periods	
HOME subsidy/unit	Minimum Period of Affordability in Years
Under \$15,000	5
\$15,000 to \$40,000	10
Over \$40,000	15

Direct Homebuyer Subsidy: A direct subsidy consists of any financial assistance that reduces the purchase price from fair market value to an affordable price, or otherwise directly subsidized the purchase (e.g., down payment or closing cost assistance, subordinate financing, etc.).

Development subsidy: A development subsidy is the difference between the cost to develop housing and the market price. For example, the PJ might provide a \$50,000 construction loan to a developer. The appraised value after construction will be \$45,000 because of neighborhood and the market conditions. The \$5,000 difference between the \$45,000 sale price and \$50,000 construction loan is not repaid to the PJ and represents a development subsidy provided to the developer. While the subsidy does not go directly to the homebuyer, it helps make development of an affordable home feasible.

Summary of Provisions for the City of Dallas by Subsidy Type:		
Direct Homebuyer Subsidy (DHS)	DHS + Development Subsidy	Development Subsidy
Recapture provisions shall apply	Recapture provisions shall apply	Resale provisions shall apply

Net Proceeds: The sales price minus loan repayment (other than HOME funds) and closing costs.

Recapture Requirements

Pursuant to HOME regulations at 24 CFR 92.254(a)(5) each HOME-funded homebuyer unit must be subject to either resale or recapture requirements during the affordability period. The City of Dallas exclusively uses the recapture provisions as defined herein and does not intend to use resale restrictions.

The City of Dallas provides HOME-funded direct buyer assistance to income eligible buyers based on need as dictated by the City of Dallas Homebuyer Assistance Program Underwriting Guidelines.

The level of HOME assistance provided to a buyer is based on an evaluation of the buyer's individual need taking into account their specific income, debts, etc. according to the City's underwriting policies for homebuyer assistance. Depending on the level of homebuyer assistance provided, the affordability period may be five (5) years (less than \$15,000 in direct assistance), ten (10) years (\$15,000 or more but less than \$40,000 in direct assistance), or fifteen (15) years (\$40,000 or more in direct assistance). Based on the City's program design, most projects trigger a 5- or 10-year affordability period.

All buyers sign a HOME written agreement with the City outlining the affordability period and recapture provisions. HOME assistance is provided in the form of a deferred loan secured by a second-position deed of trust which is due and payable upon sale or transfer of title. In the event buyers remain in the unit beyond the end of the affordability period, the HOME loan remains outstanding until sale or transfer of title while the term of the HOME written agreement expires.

Any sale or transfer of title during the affordability period results in recapture by the City of the lesser of the:

- a) Entire amount of direct HOME assistance originally provided to the buyer (less any voluntary prepayments previously made); or
- b) Net proceeds of sale (sales price minus senior secured debt minus reasonable seller's closing costs).

When the net proceeds are inadequate to fully repay the City's HOME loan, the City accepts the net proceed as full and final payoff of the note. The City reserves the right to determine that the sales price reflects an arms-length transaction at fair market value. Receipts received as a result of a sale within the affordability period are recorded as "recaptured funds." When net sales proceeds exceed the HOME assistance, buyers retain all remaining net proceeds after repaying the HOME loan balance.

After the expiration of the affordability period, any sale or transfer requires the HOME loan balance be repaid, and the City similarly limits the payoff to the net proceeds of sale. Receipts collected after the affordability period has expired are recorded as "program income." Net proceeds in excess of the City's HOME loan balance are retained by the original homebuyer.

Resale Requirements

The City of Dallas shall require that Resale provisions be used in the event that only a Development Subsidy is used to make the home affordable (i.e. funding construction to the developer). In a project where both Development and Direct subsidies are provided, recapture provisions apply.

Resale provisions require the homeowner to sell to another low-income homebuyer. The resale requirement must ensure that the price at resale provides the original HOME-assisted owner a fair return on investment and ensure that the housing will remain affordable to a reasonable range of low-income homebuyers as defined below:

Affordable to range of low-income homebuyers (As it relates to the Resale Provision only): That which is affordable to a family earning 80% AMI and below and that who not pay any more than 30% their gross income for PITI (Principle, Interest, Tax, and Insurance).

Fair Return on Investment (As it relates to the Resale Provision only): A Homeowner can sell the home during the affordability period according to the following chart:

Fair Return on Investment (as it relates to Resale Provision only)		
Years	Lower Range	Max Limit
Year 1-5 of Affordability Period	A Homeowner can sell the home during the affordability period for no more than 15% over DCAD's most recent appraisal value	Current (as of date of sale) Affordable Home Price asset forth in the City of Dallas Housing Policy
Year 6-15 of Affordability Period	No Cap on appreciation rate	Current (as of date of sale) Affordable Home Price asset forth in the City of Dallas Housing Policy

Homeownership projects undertaken using the resale provision shall use deed restrictions, covenants running with land, or other similar mechanisms per 92.254(a)(5)(i)(A) to ensure the resale requirements. The period of affordability specified in the mortgage will be the minimum period for the project as specified above. The period of affordability is based on the total amount of HOME funds invested in the housing.

Either recapture or resale provisions must be detailed and outlined in accordance with 24 CFR in marketing brochures, written agreements and all legal documents with homebuyer. Either recapture or resale may be used within a project, not both. Combining provisions to create "hybrids" is not allowed.

APPENDIX 7

City of Dallas Affirmative Fair Housing Marketing Policy

The Affirmative Fair Housing Marketing (AFHM) Plan is a marketing strategy or approach designed to attract renters and buyers that would be least likely to apply to assisted multi-family or single-family developments. The City of Dallas requires that all recipients and sub-recipients of HOME, CDBG or NSP funds, for all projects resulting in five (5) or more assisted housing units, implement affirmative marketing approaches as part of the overall marketing strategy. To market affirmatively means that a good faith effort is made to attract to a project those minority or majority groups who are least likely to apply or are underrepresented in a neighborhood or community. Good faith efforts are recorded activities and documented outreach to those individuals identified as least likely to apply. Affirmative marketing requirements apply to all housing programs, including, but not limited to Tenant-Based Rental Assistance and Down Payment Assistance Programs.

The City of Dallas is committed to affirmatively market to such groups and requires that recipients of HOME/CDBG funds to submit an AFHM Plan using HUD Form 935.2B for single-family developments and HUD Form 935.2A for multi-family developments, prior to expending any funds on a project.

In developing an Affirmative Marketing Plan, the recipient/managing agent shall abide by the following:

I. Regulations

HOME: The recipient/managing agent shall adopt the affirmative marketing procedures and requirements as specified in the HOME Final Rule 92.351 for all projects resulting in five (5) or more HOME-assisted housing units.

CDBG: The Housing and Community Development Act of 1974, as amended, requires from each federal grantee, through the Consolidated Plan certify the following:

- (1) Examine and attempt to alleviate housing discrimination with their jurisdiction;
- (2) Promote fair housing choice for all persons;
- (3) Provide opportunities for all persons to reside in any given housing development, regardless of race, color, religion, sex, disability, familial status, or national origin;
- (4) Promote housing that is accessible to and usable by persons with disabilities;
- (5) And comply with non-discrimination requirements of the Fair Housing Act.

II. Policy on Nondiscrimination and Accessibility

The recipient/managing agent shall not discriminate against any individual or family because of race, color, national origin, religion, gender, disability, familial status, sexual orientation, gender identity or expression or source of income (disability, child support, spousal support or veteran's income or voucher). Reasonable accommodations will be offered to all disabled persons who request accommodations due to disability at any time during the application, resident selection and rent up process.

III. Training

1. The recipient/managing agent shall provide property management staff with all relevant regulations and Fair Housing provisions. All property management staff shall be required to follow the procedures and policies adopted by the recipient/managing agent. In the event that

property management staff requires fair housing technical assistance, staff is to call the **City of Dallas Office of Fair Housing and Human Rights 214-670-FAIR (3247)**.

2. Regular training programs shall including marketing, outreach, data collection, reporting, and record keeping. Property management staff shall annually receive instruction regarding fair housing laws and the recipient/managing agent's Affirmative Marketing Plan.

IV. Marketing and Outreach

1. All advertising shall display the Equal Housing Opportunity logo or the phrase "Equal Housing Opportunity" and the accessibility logo when appropriate, as shown below:

2. Consistent with resident population the development is designed to serve, the marketing of the project will ensure equal access to appropriate size units for all persons in any category protected by federal, state, and local laws governing discrimination. There will be no local residency requirements nor will preference be given to local residents for the project. Special marketing outreach consideration shall be given to the following traditionally underserved populations:
 - a. African-Americans
 - b. Native Americans
 - c. Hispanics
 - d. Asians and Pacific Islanders
 - e. Disabled Persons
3. Marketing shall include the use of newspapers of general circulation in Dallas. The recipient/managing agent will place notices in newspapers, specialized publications, and newsletters to reach potential residents. Applications, notices and all publications will include a Fair Housing and Equal Opportunity Logo, and the Accessibility Logo.
4. The recipients/managing agent will contact local civic and community organizations representative of the ethnic and cultural diversity of the area in order to disseminate information about the development. Groups representing disabled and elderly individuals will be contacted. Where necessary, recipient/managing agent will publish its marketing materials in multiple languages and alternate formats as requested in order to better reach potential recipients and sub-recipients in the area with language limitations.

V. Race and Ethnic Data Collection and Reporting

An applicant shall be given an application package containing the following: Application, Income Requirements and form HUD-27061-H "Race and Ethnic Data Reporting Form." The recipient/managing agent is required to offer each household member the opportunity to complete the form. Parents or guardians are to complete the form for children under the age of 18. Completed documents for the entire household shall be stapled together and placed in the household's file.

VI. Compliance Assessment

1. The recipient/managing agent will review the Affirmative Marketing Plan every year and update as needed to ensure compliance. The advertising sources will be included in the review to determine if past sources should be changed or expanded.
2. The recipient/managing agent will annually assess the success of affirmative marketing actions for the project. If the demographic data of the residents vary significantly from the jurisdiction's population data, advertising efforts and outreach will be targeted to underrepresented groups in an attempt to balance the residents with the demographics of the jurisdiction. The recipient/managing agent shall submit any changes to the plan to the Fair Housing Office.

VII. Record Keeping

1. The assigned recipient/managing agent shall establish and maintain an Affirmative Marketing file to hold advertisements, flyers, and other public information documents to demonstrate that the appropriate logo and language have been used. Additionally, staff shall keep records of its activities in implementing the affirmative marketing plan, including other community outreach efforts and its annual analysis.

2. Recipient/managing shall keep up-to-date records based on census data, applications, and surveys about community residents, recipients and sub-recipients, residents of the project, and records about tenant selection or rejection.
3. The recipient/managing agent shall provide City staff provide City staff access to any pertinent books, documents, papers or other records of their properties, as necessary, for determining compliance with civil rights and nondiscrimination requirements.

APPENDIX 8

Residential Anti-Displacement and Relocation Assistance Plan (RARAP)

This Residential Anti-Displacement and Relocation Assistance Plan (RARAP) is prepared by the City of Dallas Housing & Neighborhood Revitalization Department (City) in accordance with the Housing and Community Development Act of 1974, Section 104(d) as amended and HUD regulations at 24 CFR 42.325 and is applicable to CDBG, CDBG-R, Section 108 Loan Guarantee Program, NSP and/or HOME-assisted projects.

Plan to Minimize Displacement of Low/Mod-Income Families as a Result of Any HUD Assisted Activities

Consistent with the goals and objectives of activities assisted under the Act, the City will take the following steps to minimize the direct and indirect displacement of persons from their homes:

- Coordinate code enforcement with rehabilitation and housing assistance programs.
- Support the Redevelopment and Stabilization Target Areas through this policy
- Ensure the staging of rehabilitation of apartment units to allow tenants to remain in the building/complex during and after the rehabilitation, working with empty units first.
- Ensure for the arrangement of facilities to house persons who must be relocated temporarily during rehabilitation.
- Identify and mitigate displacement resulting from intensive public investment in neighborhoods.
- Provide reasonable protections for tenants faced with conversion to a condominium or cooperative.
- Where feasible, give priority to rehabilitation of housing, as opposed to demolition, to avoid displacement.
- If feasible, allow for demolition or conversion of only dwelling units that are not occupied or vacant occupied dwelling units (especially those units which are "lower-income dwelling units" (as defined in 24 CFR 42.305).
- Target only those properties deemed essential to the need or success of the project.

Relocation Assistance to Displaced Persons

The City will ensure relocation assistance for lower-income tenants who, in connection with an activity assisted under the above-mentioned Programs, move permanently or move personal property from real property as a direct result of the demolition of any dwelling unit or the conversion of lower-income dwelling unit in accordance with the requirements of 24 CFR 42.350.

A displaced person who is not a lower-income tenant, shall be provided relocation assistance in accordance with the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970m Section 104(d) as amended, and implementing regulations at 49 CFR Part 24.

One-for-One Replacement of Lower-Income Dwelling Units

The City will ensure replacement of all occupied and vacant occupied lower-income dwelling units demolished or converted to use other than lower-income housing in connection with a project assisted with funds provided under the above-mentioned programs in accordance with 24 CFR 42.375.

Before entering into a contract committing the City to provide funds for a project that will directly result in demolition or conversion of lower-income dwelling units, the City will ensure publication of such project in a newspaper of general circulation and submit to HUD the following information in writing:

1. A description of the proposed assisted project;
2. The address, number of bedrooms, and location on a map of lower-income dwelling units that will be demolished or converted to a use other than as lower-income dwelling units as a result of assisted project;
3. A time schedule for the commencement and completion of the demolition or conversions;
4. To the extent known, the address, number of lower-income dwelling units by size (number of bedrooms) and location on a map of the replacement lower-income housing that has been or will be provided.
NOTE: See also 24 CFR 420.75(d).
5. The source of funding and a time schedule for the provision of the replacement dwelling units;
6. The basis for concluding that each replacement dwelling unit will remain a lower-income dwelling unit for at least 10 years from the date of initial occupancy; and
7. Information demonstrating that any proposed replacement of lower-income dwelling units with smaller dwelling units (e.g., a 2-bedroom unit with two 1-bedroom units), or any proposed replacement of efficiency or single-room occupancy (SRO) units with units of a different size, is appropriate and consistent with the housing needs and priorities identified in the HUD-approved Consolidated Plan and 24 CFR 42.375(b).

To the extent that the specified location of the replacement dwelling units and other data in items 4 through 7 are not available at the time of the general submission, the general location of such dwelling units will be identified on a map and the City will ensure that the disclosure and submission requirements are completed as soon as the specific data is available.

Replacement not required Based on Unit Available

Under 24 CFR 42.375(d), the City may submit a request to HUD for a determination that the one-for-one replacement requirement does not apply based on objective data that there is an adequate supply of vacant lower-income dwelling units in standard condition available on a non-discriminatory basis within the area.

Responsible Entity

The City is responsible for tracking the replacement of lower income dwelling units and ensuring that they are provided within the required period. This City will also ensure that relocation payments and other relocation assistance are provided to any lower-income person displaced by the demolition of any dwelling unit or the conversion of lower-income dwelling units to another use.

APPENDIX 9
Other Federal Requirements

Other Federal Requirements	Apply to Owner Occupied Rehabilitation?	Apply to Homebuyer Programs?	Applies to Rental Housing Programs?
Non-Discrimination and Equal Access Rules			
Fair Housing and Equal Opportunity	Yes. Must affirmatively further Fair Housing	Yes	Yes.
Affirmative Marketing	Yes.	Yes, for all projects of five or more HOME-assisted units.	Yes; for projects containing five or more Home-assisted units.
Accessibility for Disabled Persons	Accessibility features must be part of rehabilitation, if needed by owner/occupant and the overall unit is brought up to the PJ's property standard. (Note: Accessibility improvements are eligible costs.)	Yes.	Yes.
Employment and Contracting Rules			
Equal Opportunity Employment	Yes.	Yes.	Yes.
Section 3 Economic Opportunity		Yes, if amount of assistance exceeds \$200,000 or contract or subcontract exceeds \$100,000.	Yes, if amount of assistance exceeds \$200,000 or contract or subcontract exceeds \$100,000.
Minority/Women Business Enterprises	No.	Yes.	Yes.
Davis-Bacon & other Labor	No.	Yes, if construction contract includes 12 or more units that are HOME-assisted	Yes, if construction contract includes 12 or more units that are HOME-assisted
Conflict of interest	Yes.	Yes.	Yes.
Excluded Parties (e.g., Debarred Contractors)	Yes.	Yes	Yes.
Other Federal Requirements			
Environmental Reviews	Yes.	Yes	Yes.
Flood Insurance	Yes for PJs that are cities/counties. No for State programs.	Yes if city or county. No if state program	Yes for PJs that are cities/counties. No for State PJs.

Site and Neighborhood Standards	No.	No.	Yes; for rental new construction only
Lead-Based Paint	Yes for pre-1978 units	Yes for pre-1978 units.	Yes for rehabilitation of pre-1978 units. Applies to HOME and non-HOME assisted units. Requirements differ depending on whether rehabilitation work is performed.
Relocation	Yes.	Yes	Yes.

APPENDIX 10

Lead-Based Paint Requirements

This portion of the manual outlines the requirements in relation to Lead-Based Paint.

The U.S. Department of Housing and Urban Development recently adopted new regulations in relation to the treatment of Lead Based Paint in properties built before 1978 that are assisted with HUD funding. The requirements are outlined below based on the activity undertaken. To obtain a copy of the rules from HUD, go to the HUD website at: www.hud.gov/lead and download the regulation.

The section does not outline the City programs that are available to provide financial assistance in relation to lead abatement. Please note, however that any financial assistance provided by the City to address lead based paint will be in the form of a GRANT to the homeowner to developer.

Down-payment Assistance Programs:

The following are HUD's requirements See 24 CFR part 35 (subpart K):

- Distribute Lead Hazard Information Pamphlet and Disclosure to buyers of homes built prior to 1978.
- Perform Visual Assessment of all painted surfaces.
- If Visual Assessment reveals deteriorated paint, action must be taken to stabilize each deteriorated paint surface.
 - At this point, one will have to assume every component has lead since the Visual Assessment does not determine where lead is present. Safe work practices must be used by trained worker in this field. Paint stabilization works well on non-friction surfaces such as walls (interior/exterior). When dealing with friction points such as windows and doors, abatement procedures (removal, replacement, enclosure) are recommended.
- After paint stabilization, clearance must be performed by a certified Risk Assessor or Lead Inspector. HUD has established lead levels that meet clearance requirements.
- Notify the homebuyer within 15 days of results of clearance exam.

At the Visual Assessment Stage, the homebuyer *may opt* for a lead test. This will reveal the levels of lead present in the home. A lead inspection will not tell you the risk involved, but only where the lead is located. This is when a buyer may request a Risk Assessment to outline the necessary Lead Hazard Reduction methods needed to insure a lead safe residence.

Following are some options (NOT REQUIREMENTS) to consider in relation to your program design for down payment assistance programs:

- If the visual assessment reveals defective paint in which stabilization and clearance is required then this cost can be funded by the nonprofit or the homebuyer or seller.
- If visual assessment shows no deterioration of a painted surface, the homebuyer can sign a waiver stating that they are aware of the potential presence of lead paint and they choose not to address it.
- A qualified consultant should advise on any lead inspection, lead hazard screen or risk assessments.

For Rehabilitation Programs (Owner-Occupied, Homebuyer, and Rental Property Rehabilitation Programs and Historic Preservation Residential Programs):

See 24 CFR Part 35 (subpart J)

If you are implementing a rehabilitation program, HUD's requirements are a bit more stringent in relation to lead based paint. The following describes HUD's requirements:

For HUD funded rehabilitation activities, lead hazard evaluation and reduction activities must be carried out for all projects constructed before 1978.

In all case, notification must be made to the homeowner/buyer in the form of the HUD Lead Hazard Information Pamphlet and Disclosure or an acceptable alternative pamphlet.

The required evaluation and reduction activity is dependent upon the amount of HUD funding used for the project.

For cases where less than or equal to \$5,000 will be spent on the rehabilitation: *Testing:* Paint Testing of surfaces to be disturbed by the rehabilitation activities must occur.

Lead Hazard Reduction: Surfaces, which are disturbed during rehabilitation, must be repaired. Safe work practices must be used. After the rehabilitation activities are completed, clearance must be performed by a certified professional to ensure that units are safe.

For cases where \$5,001 to \$25,000 will be spent on the rehabilitation: *Testing:* Paint testing of surfaces to be disturbed by rehabilitation must occur. In addition, a risk assessment must be performed.

Lead Hazard Reduction: Interim controls must be used. This means that the friction and impact surfaces would be addressed. Interim controls include paint stabilization and cleaning. Safe work practices must be used. After the rehabilitation activities are completed, clearance must be performed by a certified professional to ensure that units are safe.

For cases where more than \$25,000 will be spent on the rehabilitation:

Testing: Paint testing of surfaces to be disturbed by rehabilitation must occur. In addition, a risk assessment must be performed.

Lead Hazard Reduction: abatement of hazards is the required approach. Abatement involves permanently removing lead based hazards, often through paint and component removal, replacement, encapsulation and enclosure. Interim controls and paint stabilization may be used on the home's exterior if it is not involved in the rehabilitation. Safe work practices must be used. After the lead hazard reduction activities are completed, clearance must be performed by a certified professional to ensure that units are safe.

Calculating the level of rehabilitation assistance:

When calculating how much HUD funding will be used on a rehabilitation project, the following costs are counted: soft costs, administrative costs, relocation costs, environmental reviews, acquisition of property, and lead hazard evaluation and reduction costs.

Lead-Based Paint Requirements

For HUD funded rehabilitation activities, lead hazard evaluation and reduction activities must be carried out for all projects constructed before 1978.

Less than or equal to \$5,000 spent on the rehabilitation:

Projects where the level of rehabilitation assistance is less than or equal to \$5,000 per unit must meet the following requirements. All work must be conducted using lead safe work practices and workers/contractors must be trained in lead safe work practices. It is presumed that painted surfaces being worked on contain lead-based paint. All disturbed paint must be repaired. Clearance is required by a State of Texas Certified Risk Assessor or Inspector if paint is disturbed. Safe work practices are NOT required when lead hazard reduction activities do not disturb (De Minimis Levels) painted surfaces that total more than 20 sq ft on exterior surfaces, 2 sq ft in any one interior room, or space or 10% of the total surface on an interior or exterior type of component.

In addition, the following notices must be provided to owners:

- Lead Hazard Information pamphlet
- Notice of Presumption and
- The Notice of Lead Hazard Reduction

Where \$5,001 to \$25,000 spent on the rehabilitation:

A risk assessment is required to identify lead hazards and identified hazards must be addressed by interim controls. A risk assessment must be conducted by a qualified professional prior to rehabilitation to find lead-based paint hazards in assisted units, in common areas that service those units, and on exterior surfaces. The risk assessment must include paint testing of any surfaces to be disturbed by the rehabilitation. If the risk assessment identifies lead-based paint hazards, interim controls must be implemented to address lead-based paint hazards. Interim controls must be performed by qualified professionals using safe work practices. Clearance, conducted by a State of Texas Certified Risk Assessor or Inspector, is required when lead hazard reduction activities are complete.

In addition, the following notices must be provided to owners:

- Lead Hazard Information pamphlet
- Notice of Presumption and
- The Notice of Lead Hazard Reduction

Where more than \$25,000 will be spent on the rehabilitation:

A risk assessment is required to identify hazards and any identified hazards must be abated by a qualified professional. A risk assessment must be conducted prior to rehabilitation to find lead-based paint hazards in assisted units, in common areas that service those units, and on exterior surfaces. The risk assessment must include paint testing of any surfaces to be disturbed by the rehabilitation.

To address hazards identified:

- Abatement must be conducted to reduce all identified lead-based paint hazards except those described below. Abatement must be conducted by a certified abatement contractor.

If lead-based paint hazards are detected during the risk assessment on the exterior surfaces that are not to be disturbed by rehabilitation, interim controls may be completed instead of abatement to reduce these hazards.

- Clearance is required when lead hazard reduction activities are complete.

In addition, the following notices must be provided to owners:

- Lead Hazard Information pamphlet
- Notice of Presumption and
- The Notice of Lead Hazard Reduction

	<\$5,000	\$5,000 to \$25,000	>\$25,000
Approach to Lead Hazard Evaluation and Reduction	Do no harm	Identify and control lead hazards	Identify and abate lead hazards
Notification	Yes	Yes	Yes
Lead Hazard Evaluation	Paint Testing	Paint Testing and Risk Assessment	Paint Testing and Risk Assessment
Lead Hazard Reduction	Repair surfaces disturbed during rehabilitation	Interim Controls	Abatement (Interim controls may be used on exterior surfaces not disturbed by rehabilitation)

APPENDIX 11

Environmental Review Policy, Procedures, and Standards

For every project, an Environmental Review must be completed in accordance with 24 CFR Part 58 prior to executing an agreement with a sub-recipient, developer or CHDO. The City has developed the "Environmental Review Policy, Procedures, and Standards" document to outline the process and requirements of completing an Environmental Review.

APPENDIX 12

SECTION 3

All projects receiving an award of HOME funds must comply with HUD's Section 3 requirements. The purpose of Section 3 is to ensure that employment, training, contracting, and other economic opportunities generated by financial assistance from HUD shall, to the greatest extent feasible, and consistent with existing federal, state, and local laws and regulations, be directed to low- and very low-income persons, particularly those who are recipients of government assistance for housing, and to business concerns that provide economic opportunities to low- and very low-income persons. Recipients of an award of HOME funds will be required to complete Section 3 compliance forms prior to execution of a loan agreement. Applicants requesting HOME funds must provide a written strategy demonstrating understanding of the Section 3 requirements and detailing how they will ensure that, when employment or contracting opportunities are generated because the project or activity necessitates the employment of additional persons or the award of contracts for work, preference shall be given to low- and very low-income persons or business concerns in the neighborhood. Neighborhood is defined in the HOME regulations (24 CFR Part 92, Subpart A) as "a geographic location designated in comprehensive plans, ordinances, or other local documents as a neighborhood, village, or similar geographical designation that is within the boundary but does not encompass the entire area of a unit of general local government."

Developers must obtain the City's approval of the Section 3 plan prior to the construction start of the project.

APPENDIX 13
MINORITY BUSINESS ENTERPRISE & WOMEN BUSINESS ENTERPRISE

Developers must maintain a MBE/WBE plan that demonstrates marketing and solicitation of MBE/WBE businesses and contractors for the construction of the project.

APPENDIX 14

Regulatory References

You may be interested in reading the actual regulations published by the U.S. Department of Housing and Urban Development for CDBG and HOME and the applicable federal requirements. A copy of the regulations may be obtained by contacting the Department of Housing and Neighborhood Revitalization or downloading the information from the HUD website at www.hud.gov.

The regulations for CDBG are located at 24 CFR Part 570: Part 570 – Community Development Block Grants

Requirements for Notification, Evaluation and Reduction of Lead-Based Paint Hazards in Federally Owned Residential Property and Housing Receiving Federal Assistance.

AGENCY: Office of the Secretary – Office of Lead Hazard Control, HUD.

ACTION: Final rule.

SUMMARY: The purpose of this rule is to ensure that housing receiving Federal assistance and federally owned housing that is to be sold does not pose lead-based paint hazards to young children. It implements sections 1012 and 1013 of the Residential Lead-Based Paint Hazard Reduction Act of 1992, which is Title X of the Housing and Community Development Act of 1992.

The requirements of this rule are based on the practical experience of cities, states and others who have been controlling lead-based paint hazards in low-income privately-owned housing and public housing through HUD assistance. It also reflects the results of new scientific and technological research and innovation on the sources, effects, costs, and methods of evaluating and controlling lead hazards. With today's action, HUD's lead-based paint requirements for all Federal programs are now consolidated in one part of title 24 of the Code of Federal Regulations.

DATES: Effective Dates: Section 35.140 is effective on November 15, 1999. All other provisions of the rule are effective on September 15, 2000.

FOR FURTHER INFORMATION CONTACT: For questions on this rule, call (202) 755-1785, ext. 104 (this is not a toll-free number) or e-mail your inquiry to lead_regulations@hud.gov. For lead-based paint program information, contact the Office of Lead Hazard Control, Department of Housing and Urban Development, 451 7th Street, SW, Room B-133, Washington, DC 20410- 0500. For legal questions, contact the Office of General Counsel, Room 9262, Department of Housing and Urban Development. Hearing and speech-impaired persons may access the above telephone number via TTY by calling the toll-free Federal Information Relay Service at 1-800- 877- 8339.

Subpart A – Disclosure of Known Lead-Based Paint Hazards upon Sale or Lease of Residential Property.

Subpart B – General Lead-Based Paint Requirements and Definitions for All Programs

- a.** Definitions
- b.** Exemptions
- c.** Options
- d.** Notice of Evaluation and Hazard Reduction Activities

- e. Lead Hazard Information Pamphlet
- f. Use of Paint Containing Lead
- g. Prohibited Methods of Paint Removal
- h. Compliance with Other, State, Tribal, and Local Laws
- i. Minimum Requirements
- j. Waivers
- k. Prior Evaluation or Hazard Reduction
- l. Enforcement
- m. Records

Subpart C – Disposition of Residential Property Owned by Federal Agency Other Than HUD

Subpart D – Project-Based Assistance Provided by a Federal Agency Other than HUD

Subpart E - Reserved

Subpart F – HUD-Owned Single-Family Property

Subpart G – Multifamily Mortgage Insurance

Subpart H – Project-Based Rental Assistance

Subpart I – HUD – Owned and Mortgagee-in-Possession Multifamily Property

Subpart J – Rehabilitation

Subpart K – Acquisition, Leasing, Support Services, or Operation

Subpart L - Public Housing Programs

Subpart M – Tenant-Based Assistance

Subpart N-Q – Reserved

Subpart R – Methods and Standards for Lead-Based Paint Hazard Evaluation and Reduction Activities

- a. Standards
- b. Adequacy of Dust-Lead Standards
- c. Summary Notice Formats
- d. Interim Controls
- e. Standard Treatments
- f. Clearance
- g. Occupant Protection and Worksite Preparation
- h. Safe Work Practices
- i. Ongoing Lead-Based Paint Maintenance and Reevaluation

—

C. HISTORY OF COMPANY:

1. How long has your company been under the present company name? If less than 2 years, please

list previous company name, if
any _____

2. Are you a member of any trade or professional association? Yes _____ No

If yes, please indicate name and number of years as member: _____

3. Number of Employees: Office/Admin _____ Trades _____ (Give averages if number fluctuates)

4. Contractor's and/or Homebuilder's License Number _____

Where Licensed _____

5. Have you ever had your Contractor's License revoked? Yes _____ No

If yes, provide year revoked and justification.

6. Have you ever defaulted on a contract? Yes _____ No _____

7. Are you on any debarment or suspension lists or have been declared ineligible to participate in any Federal Assistance Programs? Yes _____ No _____

8. Have any members of the firm been sued within the past 2 years by sub-contractors, suppliers, customers, or other persons? Yes _____ No _____

If yes, give details: _____

9. Do you have working capital to start a home improvement job of \$50,000.00?

Yes _____ No _____

10. How do you finance your work?

11. If this application is approved, how do you plan on financing these public projects?

12. If you intend on using interim financing from a lending institution to finance these public projects, please provide a commitment letter from your lending institution or

other financial resources.

D. CONTRACTOR'S INFORMATION AND BACKGROUND:

1. Principal Contractor's Social Security Number: _____

2. How long have you been in business? _____

3. Describe your construction background and specific trades:

If you have no construction background, who in your company does?

4. In what areas and trades are you licensed by the City of Dallas? _____

5. Who is responsible for jobsite day-to-day activities such as: scheduling, supervision, Coordination, quality control, clients concerns and complaints, etc.?

Name:

Title: _____ Years w/Company

6. Please list full-time employees and the trades they cover? List names, trades and licenses, if any, and years with the company.

7. What kind of warranty do you provide your customers upon completion of the construction work and how long is the warranty period?

8. How long does it take you to build a new 1,900 square foot home?

9. How long does it take you to complete a FULL rehab of a 1,900 square foot home on pier and beam? _____

E. CONSTRUCTION WORK PREFERENCE:

1. What type of construction work program do you want to participate in?

☐ Reconstruction (New construction) Yes_____ No_____

☐ Single family units Yes_____ No_____

☐ Multi-family developments Yes_____

No_____

☐ Rehabilitation (Existing homes) Yes_____ No_____

☐ Single family units Yes_____ No_____

○ Multi-family developments
No_____

Yes_____

E. EXPERIENCE WITH PUBLIC AGENCIES:

1. Have you participated or worked with similar federally-funded housing construction programs with other entities, i.e., Dallas Housing Authority (DHA), other housing non-profit organizations, etc.? Yes _____ No _____

If yes, please complete the following information:

(a) Agency Name _____ Phone No. _____

Address _____ City, State, and Zip _____

Type of Work _____

Contract Amount \$ _____ Units Completed _____ Date: _____

(b) Agency Name _____ Phone No. _____

Address _____ City, State, and Zip _____

Type of Work _____

Contract Amount \$ _____ Units Completed _____ Date: _____

(c) Agency Name _____ Phone No. _____

Address _____ City, State, and Zip _____

Type of Work _____

Contract Amount \$ _____ Units Completed _____ Date: _____

(d) Agency Name _____ Phone No. _____

Address _____ City, State, and Zip _____

Type of Work _____

Contract Amount \$ _____ Units Completed _____ Date: _____

G. **CURRENT CONTRACT AGREEMENTS:**

Presently, do you have any contracts under construction? Yes _____ No _____

If yes, provide the following information:

Project Address	Contract Amount	Client's Name	Client's Phone No.	Construction Start and Expected Completion
1				
2				
3				
4				

H. **INSURANCE REQUIREMENTS (See Attachment A):** If your application is approved, you will be required to provide proof of insurance as outlined in Attachment A.

I. **EXPERIENCE: REHABILITATION AND/OR RECONSTRUCTION WORK DURING THE PAST YEAR:**

1. Name _____ Phone No. _____

Address _____ City, State, Zip _____

Type of Work _____

Contract Amount \$ _____ Completed _____

2. Name _____ Phone No. _____

4. Name _____ Phone No. _____

Address _____ City, State, Zip _____

Type of Work _____

Contract Amount \$ _____ Completed _____

Contract Amount \$ _____ Completed _____

J. REQUIRED DOCUMENTS:

1. The following documents must accompany this General Contractor / Homebuilder Application before this application is accepted and processed.

- ☐ Copy of Current Picture I.D. (Texas Driver's License) of Owners
- ☐ Copy of Current General Contractor's License
- ☐ Copy of Current Homebuilder's License
- ☐ Copy of commitment letter from financial resource if applicable
- ☐ Copy of Current Certificate of Liability Insurance to include General Liability & Workers compensation and employers' Liability

- ❑ 2007/2008 Tax Returns for Business or Owners

K. **PENALTY FOR FALSE OR FRAUDULENT STATEMENT:**

USC Title 18, Sec. 1001, states: "Whomever, in any matter within the jurisdiction of any department or agency of the United States knowingly and willfully falsifies, conceals or covers up by any trick, scheme, or device a material fact, or makes any false, fictitious or fraudulent statement or representations, or makes or uses any false writing or document knowing the same to contain any false, fictitious or fraudulent statement or entry, shall be fined not more than \$10,000 or imprisoned not more than five years, or both."

The undersigned certifies that all information provided in this CONTRACTOR INFORMATION APPLICATION, and all information in support of said form, is true and complete to the best of the undersigned's knowledge and belief. Further, the undersigned hereby authorizes and requests any person, firm or corporation to furnish any information requested by the City of Dallas, Housing & Neighborhood Revitalization Department, in verification of the recitals comprising this statement of contractor's qualifications.

EXHIBIT “A”

INSURANCE REQUIREMENTS

Prior to the commencement of the Project or any other work under this Agreement, BORROWER shall furnish an original completed Certificate(s) of Insurance or the City’s Standard Certificate of Insurance form to the City’s Housing & Neighborhood Revitalization Department and City’s Risk Management Division, and shall be clearly labeled with Agreement name, which shall be completed by an agent authorized to bind the named underwriter(s) and their company to the coverage, limits, and termination provisions shown thereon. The original certificate(s) of form must have the agent’s original signature, including the signer’s company affiliation, title and phone number, and be mailed directly from the agent to the City. The City shall have no duty to pay or perform under this Agreement or under any of the other Loan Documents until such certificate(s) shall have been delivered to the City’s Housing & Neighborhood Revitalization Department and the City’s Risk Management Office, and no officer or employee, other than the City’s Risk Manager, shall have authority to waive this requirement.

The City reserves the right to review the insurance requirements of this section during the effective period of this Agreement and of the other Loan Documents, including the term of the Note, and any extension of renewal thereof and to modify insurance coverage and their limits when deemed necessary and prudent by the City’s Risk Manager based upon changes in statutory law, court decisions, or circumstances surrounding the Project, this Agreement or any of the other Loan Documents, but in no instance will the City allow modification whereupon the City may incur increased risk.

A BORROWER’s financial integrity is of interest to the City; therefore, subject to BORROWER’s right to maintain reasonable deductibles in such amounts as are first approved in writing by the City, BORROWER shall obtain and maintain in full force and effect for the duration of this Agreement and the other Loan Documents, and any extension thereof, at BORROWER’s sole expense, insurance coverage written on an occurrence basis, by companies authorized and admitted to do business in the State of Texas and rated A- or better by A.M. Best Company and/or otherwise acceptable to the City, in the following types and amounts:

<u>TYPE</u>	<u>AMOUNTS</u>
-------------	----------------

1. Workers' Compensation ** Employers' Liability **	Statutory \$1,000,000/\$1,000,000/\$1,000,000
2. Commercial General (public) Liability Insurance to include coverage for the following: a. Premises operations *b. Independent contractors c. Products/completed operations d. Personal Injury e. Contractual Liability *f. Explosion, collapse, underground g. Broad form property damage, to include fire legal liability	<u>For Bodily Injury and Property Damage</u> of \$1,000,000 per occurrence; \$2,000,000 General Aggregate, or its equivalent in Umbrella or Excess Liability Coverage
3. Business Automobile Liability a. Owned/leased vehicles b. Non-owned vehicles c. Hired Vehicles	<u>Combined Single Limit</u> for <u>Bodily Injury</u> and <u>Property Damage</u> of \$1,000,000 per occurrence
4. Professional Liability (Claims Made Form)	\$1,000,000 per claim to pay on behalf of the insured all sums which the insured shall become legally obligated to pay as damages by reason of any act, malpractice, error or omission in professional services.
*5. Payment/Performance Bond	\$125,000.00
*6. Builder's Risk	\$125,000.00
*7. Pollution of Fuel Storage Tank	\$125,000.00
*8. Environmental	\$125,000.00
*9. Commercial Crime/Fidelity Bond, etc.	\$125,000.00
*10. Liquor Legal Liability	\$125,000.00
* If Applicable	
** Alternate Plans Must Be Approved by Risk Management	

11. BORROWER must provide to City proof of continuous and renewed professional liability insurance having been obtained by all professional persons performing work or services in connection with the Project, such insurance policy having an extended discovery period of two (2) years, with such insurance policy being maintained in the same manner as set forth herein.

12. Upon completion of construction of the Project, BORROWER must carry insurance to the extent of 80% of A.C.V., fire and extended coverage policy.

13. BORROWER must provide insurance in the manner set forth herein protecting City with a standard mortgage clause naming City as loss payee for a sum equal at least to BORROWER's indebtedness to City.

BORROWER shall contractually require all third-party contractors associated with the Project to obtain the foregoing types of insurance, in the amounts and in the manner as specified herein.

The City shall be entitled, upon request and without expense, to receive copies of the policies and all endorsements thereto as they apply to the limits required by the City, and may make a reasonable request for deletion, revision, or modification of particular policy terms, conditions, limitations or exclusions (except where policy provisions are established by law or regulation binding upon either of the parties hereto or the underwriter of any such policies). Upon such request by the City, BORROWER shall exercise reasonable efforts to accomplish such changes in policy coverage and shall pay the cost thereof.

BORROWER agrees that with respect to the above-required insurance, all insurance contracts and Certificate(s) of Insurance will contain the following required provisions:

- Name City and its officers, employees, volunteers and elected representatives as additional insureds as with respect to operations and activities of, or on behalf of, the named insured performed under contract with the City, with the exception of the workers' compensation (and professional liability, if required) policies;

- BORROWER's insurance shall be deemed primary with respect to any insurance or self insurance carried by the City for liability arising out of operations under this agreement with the City or under any of the other Loan Documents; and
- Workers' compensation and employers' liability policy will provide a waiver of subrogation in favor of City.

BORROWER shall notify the City in the event of any notice of cancellation, non-renewal or material change in coverage and shall give such notices not less than thirty (30) days prior to the change, or twenty (20) days notice for cancellation due to non-payment of premiums, which notice must be accompanied by a replacement Certificate of Insurance. All notices shall be given to the City at the following address:

City of Dallas
Housing & Neighborhood Revitalization Department
Attn: Director
1500 Marilla St.
Dallas, Texas 75201

and

City of Dallas
Risk Management Division
P.O. Box 839966
Dallas, Texas 78283-3966

If BORROWER fails to maintain the aforementioned insurance, or fails to secure and maintain the aforementioned endorsements, the City may obtain such insurance, and deduct and retain the amount of the premiums for such insurance from any sums due under any of the Loan Documents; however, procuring of said insurance by the City is an alternative to other remedies the City may have, and is not the exclusive remedy for failure of BORROWER to maintain said insurance or secure such endorsement. In addition to any other remedies the City may have upon BORROWER's failure to provide and maintain any insurance or policy endorsements to the extent and within the time herein required, the City shall have the right to (a) withdraw from the Project, (b) withhold any and all Loan monies until BORROWER

demonstrates compliance with the requirements hereof, (c) declare a default under the Note and/or (d) terminate any and all Loan Documents.

Nothing herein contained shall be construed as limiting in any way the extent to which BORROWER may be held responsible for payments of damages to persons or property resulting from BORROWER's or its subcontractors' performance of the work covered hereunder or under any of the other Loan Documents.

Comprehensive Housing Policy

**Economic Development
& Housing Council
Committee,**

May 2, 2018

**Raquel Favela,
Chief of Economic
Development and
Neighborhood Services,
City Manager's Office**

City of Dallas

Presentation Outline

- Background
 - Policy Guidance of Housing Committee
 - Market Value Analysis
 - Public Input Process
- Description of the Housing Problem
- Economic Solutions
 - Strategic Approach
 - Reinvestment Areas
- Policy Recommendation Summary
 - Policies and Procedures Draft
 - Implementation Plan

Background

- March 12, 2017 Housing Committee approves three goals to guide the comprehensive housing policy
 - Create and maintain available and affordable housing throughout Dallas
 - Promote greater fair housing choices
 - Overcome patterns of segregation and concentrations of poverty through incentives and requirements

Background cont.

- Market Value Analysis
 - Analytical tool used to classify residential real estate conditions throughout the entire city at granular level
 - Helps guide type of investments based on market conditions given limited City resources
 - Allows a way to measure impact over time

Background cont.

- Public Input Process

- 4 in-person town hall meetings with 94 total stakeholders participating
- 4 virtual telephone town hall meetings with 38,690 participants, simulcast in Spanish, aired on Spectrum Channel 95 and streamed online
 - 10,000 participating in more than 1 town hall
- Topics:
 - How Residential Real Estate Gets Financed
 - How to Reduce Development Costs
 - How to Increase Access to Capital and Reduce Cost of Capital
 - Programs, Tools and Strategies for Increasing Housing Production
- Dedicated email set up: housingpolicy@dallascityhall.com

Background cont.

- Town halls allowed for a discussion of the housing problem in Dallas from the perspective of the major stakeholders in the housing development process:
 - Consumers
 - Developers/Builders
 - City – regulatory & permitting
 - Lenders, Foundations, Sources of Gap Financing – City, Housing Finance Corporation, Community Development Financial Institutions
- This Committee held a special housing policy forum on April 5, 2018
 - 96 total stakeholders participated
 - 3 groups gave presentations
 - Committee reserved time for open microphone speakers

Dallas Housing Market Problem

- Housing shortage of approximately 20,000 units is causing a pricing increase for both rental and for-sale housing
- Causes:
 - Land and development costs
 - Labor and materials shortages
 - Regulatory effects – federal, state and local
 - Volume of single-family units that converted to rental post-housing bust (2009)
 - Many of these renters are mortgage ineligible for 3-7 years if they experienced foreclosures or bankruptcies
 - Income producing property takes longer to convert back to ownership because of buyer's perceptions of high rental concentration and because they are providing good returns to the landlord in this tight market
- 6 out of 10 families are cost burdened *regardless of income band*
 - Spend more than 30% of household income on housing and related expenses
 - Spend more than 50% of household income on housing, transportation, utilities and groceries
- Consumers move outside of city limits seeking affordable housing

Dallas Housing Market Problem

- In 2014 homes under \$249,999 decreased to less than 40%
- By 2017, 58% of homes were between \$300,000 to \$1 million
- In 2017 the volume of available homes in Dallas only grew 3.6% but Median Sales Price grew by 9.1%
- Supply of housing has not kept pace with the 2.9% population growth in the DFW metro area
- Wages have not kept pace with rising housing costs

Dallas Housing Market: Two Major Economic Problems

- Disinvestment in areas that can't support the kind of returns to a developer that the strong markets can provide
- In strong markets, displacement of “naturally” occurring affordable housing
 - Housing that is affordable because of age of the housing stock, tenure of ownership and tenure of occupancy
- Lack of affordability for consumers
 - Problem increasingly more severe the lower the income band

Economic Solutions: A Strategic Approach

- The City doesn't have enough resources to fix the housing shortage by itself
 - It must leverage its limited resources; it should only be a source of gap financing for development and consumers
 - Projects should maximize their debt capacity
 - Developers should provide some reasonable equity investment
 - Work from market areas of strength
 - Stabilize areas that are G, H, I markets that are surrounded by very strong markets and, therefore, are at risk of displacement
 - Choose emerging markets that can be ready in 3 years for residential real estate investments

10

Ten Policy Areas

1. Prioritize the development of new housing through the designation of Reinvestment Strategy Areas

A. **Redevelopment Areas**

A catalytic project scheduled to occur within the next 12 months supported through a third party, independent market analysis that includes housing production with affordability to a mix of income bands

B. **Stabilization Areas**

G, H, and I markets as identified in the MVA that are surrounded by A-E markets and, as such, are at risk of displacement based on market conditions and scheduled redevelopment projects

C. **Emerging Market Areas**

A blend of middle markets (C, D, E) with mostly G, H, I, markets that are in need of intensive environmental enhancements, public infrastructure assessments and corrective plans, code enforcement, code lien foreclosure, nuisance property abatement, establishment of a crime watch or crime reduction strategies, and neighborhood resource development.

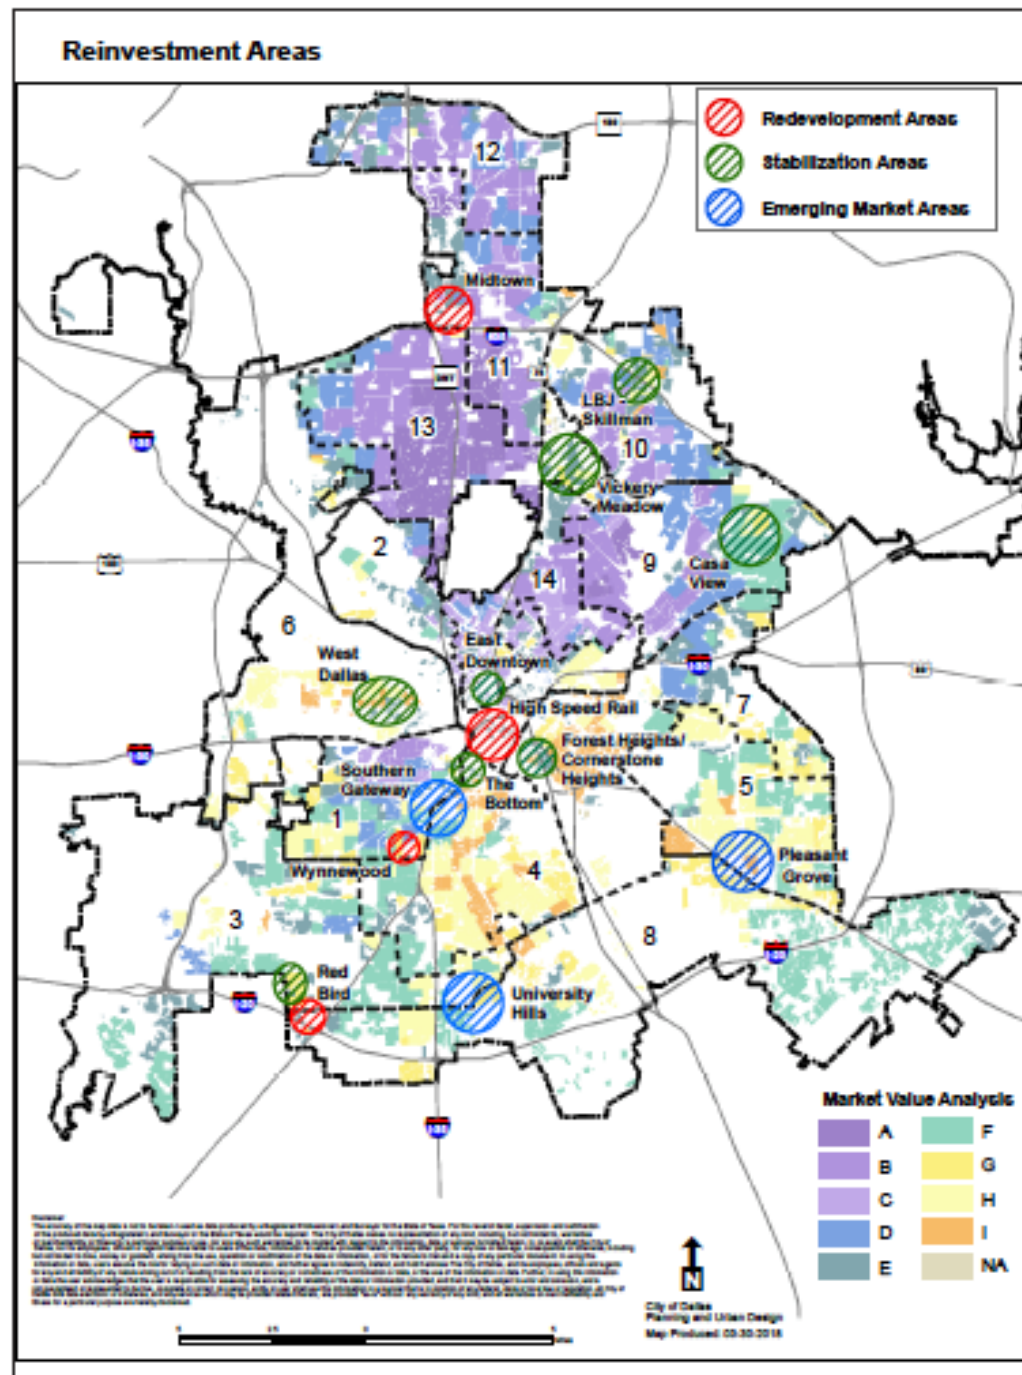

Reinvestment Strategy Areas cont.

- **Redevelopment Areas:** Midtown, High Speed Rail, Wynnewood, Red Bird
- **Stabilization Areas:** LBJ Skillman, Vickery Meadow, Casa View, Forest Heights/Cornerstone Heights, East Downtown, The Bottom, West Dallas, Red Bird North
- **Emerging Market Areas:** Southern Gateway, Pleasant Grove, University Hills

Live map available for viewing at:

<http://dallascityhall.com/departments/pnv/Pages/MarketValueAnalysis.aspx>

Select the MVA Comparison map (2nd map), and click on the “Proposed Reinvestment Areas” tab.

Ten Policy Areas, cont.

2. Set Production Goals for homeownership and rental through the use of Notices of Funding Availability (NOFA) and Requests for Applications (RFA)

These goals were set based on the historical ownership and rental rates for Dallas and the discussion led by Dr. Richard Florida with the City Council at the annual retreat

Ten Policy Areas, cont.

3. Set percentages of families at various income bands to be served in both homeownership and rental

Policy will guide City input during LIHTC competitive cycle:

- Assume that 2 projects per year will be part of the competitive 9% LIHTC where:
 - 20% of the units must be occupied by tenants with incomes below 50% of median
 - OR
 - 40% of the units must be occupied by tenants with incomes below 60 % of the median.
- Additional projects scored through NOFAs and RFAs
 - The City can provide flexibility in supporting 9% and 4% projects
 - Meet mixed income goals
 - Address RECAP & Displacement areas

Income Bands, cont.

Homeownership	% Total Units	HUD Area Median Income	%Total Units	Rental
933	55%	Market Rate	120%	587
1120			40%	587
1307	45%	Low, Very Low, Extremely Low Income	100%	587
373			80%	733
			60%	440
			50%	293
			30%	293
Total: 3733				Total: 2933

Ten Policy Areas, cont.

4. Preserve affordable housing through the addition of a Home Improvement and Preservation Program for both single and multi-family rental

Policy acknowledges that:

- Dallas has a high percentage of aging rental housing stock (Multi-Family and Single-Family)
- There should be access to gap financing tools to help landlords
 - Reposition aging portfolio to preserve affordable housing
 - Upgrade the structure to market standards and
 - Where appropriate, add market rate units so that RECAP areas are addressed

Ten Policy Areas, cont.

5. Preserve affordable housing through the expansion of the owner-occupied rehabilitation program activities to include refinancing of home equity lines of credit or first/reverse mortgages

As part of underwriting, some families would be ineligible only because they have some subprime loans causing a financial burden usually due to high interest rates

- By restructuring their debt, as long as HUD's approved ratios are met, the borrower could be helped and the unit would truly be affordable

Ten Policy Areas, cont.

6. Improve safety and perception of areas through the Targeted Homebuyer Assistance Program to attract law enforcement employees, teachers, and fire fighters into Reinvestment Strategy Areas

Ten Policy Areas, cont.

7. Preserve Affordability or Deconcentrate RECAP through the designation of Neighborhood Empowerment Zones in Stabilization Areas and provide the following:
- Authorize a property tax freeze for up to ten (10) years for homeowners if they are making improvements to their property resulting in more than 25% increase in value
 - Allow for development fee rebates
 - Encourage use of Incentive Zoning to support the creation of mixed income communities
 - Allow Accessory Dwelling Units where appropriate
 - Designate Homestead Preservation District overlay where applicable
 - Create voucher sub-lease program (Dallas Housing Finance Corporation and Dallas Housing Authority)

Ten Policy Areas, cont.

8. Create and preserve mixed income communities through the establishment of a Housing Trust Fund to originate loans and serve as credit enhancement to support the production goals
 - Authorize staff to transfer a minimum of \$7 million in unencumbered fund balances from high performing TIFs, as well as \$7 million from Dallas Water Utility funding set aside to support developments
 - Reinvest interest earnings and loan fees into the HTF
 - Launch a capital campaign through local foundations to meet the 3 year production goal

Ten Policy Areas, cont.

9. If the proposed Redevelopment and Stabilization Strategy areas are approved, a non-contiguous Tax Increment Finance District will be recommended for areas not already located in an existing TIF District in order to leverage the use of the tool to support the development of additional for-sale and rental units

Ten Policy Areas, cont.

10. Create a Housing Task Force to work on legislative issues, state and federal issues, and review the Low Income Housing Tax Credit Annual Qualified Allocation Plan
 - Add Section 8 / Choice Vouchers to Source of Income legislation to prevent discrimination
 - Expand the Homestead Preservation District legislation to help areas experiencing displacement
 - Evaluate notification options for redevelopment of multi-family properties even if they are not seeking public funding so that tenants have adequate notice and can relocate children
 - Evaluate other housing-related proposed legislation
 - Provide input on Low Income Housing Tax Credit Program annual Qualified Allocation Plan

Policy Recommendation Summary

Implement Reinvestment Strategy 3-tier approach with specific programs, tools and strategies

- **Redevelopment Areas**

- *Primary Goal:* Build up the market but still incentivize some scaling of affordability
- Identify and support twelve month catalytic project

- **Stabilization Areas**

- *Primary Goal:* Focus on affordability preservation
- Facilitate rehab programs for both home owners and rental units where landlords will commit units based on affordability scaling criteria, including voucher holders through voucher sublease program
- Return to City Council with a recommendation of Neighborhood Empowerment Zone overlays
- Identify areas to encourage use of Incentive Zoning and Accessory Dwelling Units to support additional affordable unit options
- Evaluate Community Land Trusts or similar concepts like townhome and garden home developments
- Strategically engage in land banking

24

Policy Recommendation Summary cont.

- **Emerging Market Areas**

- *Primary Goal:* Create an environment that makes the area conducive for residential and commercial development within 3 years
- Dedicate a team from Planning and Urban Design
- Assess neighborhood needs to be addressed by interdepartmental team
- Schedule 2-week intensive neighborhood sweep with physical community command center during that time to take resident concerns
- Work to develop plan and budget necessary to address negative neighborhood characteristics
- Begin code lien foreclosure process

25

Policy Recommendation Summary, cont.

	Proposed Type of Activities	Redevelopment Areas	Stabilization Areas	Emerging Markets	Citywide

22	Tenant Based Rental Assistance Program (HILI)	-	-	-	Y	
23	Express Plan Review	P	P	N	N	

P= Priority
Y=Yes
N=No

Policy Recommendation Summary cont.

- *Citywide Programs and Strategies*
 - Numerous Housing & Neighborhood Revitalization programs will be available and strategies will be employed
 - Home Improvement and Preservation Program
 - Owner-Occupied Rehabilitation and Reconstruction Program
 - Second Mortgage Assistance Program
 - Dallas Tomorrow Fund
 - Tenant-Based Rental Assistance Program
 - The City will continue to invest in neighborhoods through the use of other non-H&NR programs and strategies
 - Use bond funds to construct and replace infrastructure, build anchor institutions such as parks and libraries and provide permanent supportive housing and rapid rehousing
 - Deploy economic development programs to support existing and prospective businesses and workforce development

27

Implementation Plan

- Finalize Comprehensive Housing Policy Manual to incorporate feedback from today
 - Please note staff continues to receive input from HUD as audits and reviews are resolved and past deficiencies are addressed
- Present to City Council for consideration May 9, 2018
- Ongoing: Seek Council approval for specific tools that require authorization via resolution or an ordinance change

Implementation Plan cont.

- Certain programs, tools and strategies will require further Council authorization
- Staff will ensure that the City follows all mandated federal rules and that staff ensures ongoing compliance
- Staff will begin reviewing how programs should be administered—whether in-house or via existing or new city-affiliated entities
- Staff will begin issuing NOFAs/RFAs
- Staff will continue to engage with all stakeholders
- Reinvestment Strategy Areas will be reevaluated approximately every 18 months

29

Implementation Plan cont.
