

Illegal immigration into the U.S.: More than economics

The last four years set a world record for sheer numbers of unvetted illegal immigrants crossing into the U.S. Many were from prisons and mental institutions, or known members of terrorists' groups. The reality of the last administration's open borders policy is that children were trafficked, women were assaulted, drug cartels grew power at the border and, in 2021 alone, over 500 people died in the desert attempting to cross into the U.S.
